GUESS GW0630G1

GUESS GW0630G1 Men's Analog Watch User Manual

Model: GW0630G1

1. INTRODUCTION

This manual provides essential instructions for the proper setup, operation, and maintenance of your GUESS GW0630G1 Men's Analog Watch. Please read this manual thoroughly to ensure optimal performance and longevity of your timepiece.

2. PACKAGE CONTENTS

Upon opening the package, please verify that all items listed below are present:

- GUESS GW0630G1 Analog Watch with Black Leather Strap
- Additional Blue Silicone Strap
- User Manual (this document)

Image 2.1: The GUESS GW0630G1 watch presented in its white box, alongside an interchangeable blue silicone strap.

3. SETUP

3.1 Setting the Time

1. Gently pull the crown (the small knob on the side of the watch case) outwards to the first position.
2. Rotate the crown clockwise or counter-clockwise to adjust the hour and minute hands to the correct time.
3. Once the time is set, push the crown back into its original position against the watch case. This will start the watch movement.

3.2 Changing the Watch Strap

Your GUESS GW0630G1 watch comes with an interchangeable strap system, allowing you to switch

between the black leather strap and the blue silicone strap.

1. Locate the small spring bar levers on the underside of the watch strap where it connects to the watch case.
2. Gently slide the lever inwards to release one end of the spring bar from the lug hole on the watch case.
3. Carefully remove the strap from the watch case.
4. To attach a new strap, insert one end of the spring bar into a lug hole.
5. Slide the lever inwards on the other end of the spring bar and align it with the opposite lug hole. Release the lever to secure the strap.
6. Ensure both ends of the strap are securely fastened before wearing the watch.

4. OPERATING

4.1 Wearing the Watch

Fasten the strap securely around your wrist using the strap buckle. Ensure the watch is comfortable and not too tight or too loose, allowing for proper blood circulation and preventing excessive movement on your wrist.

4.2 Water Resistance

Your GUESS GW0630G1 watch has a water resistance rating of 30 meters (3 ATM). This rating indicates that the watch is suitable for daily use and can withstand splashes, rain, or brief immersion in water. It is **not** suitable for swimming, showering, or diving. Avoid operating the crown while the watch is wet to prevent water ingress.

5. MAINTENANCE

5.1 Cleaning the Watch

- **Case and Crystal:** Wipe the watch case and crystal with a soft, dry, lint-free cloth. For stubborn dirt, a slightly damp cloth can be used, followed by immediate drying.
- **Leather Strap:** Avoid prolonged exposure to water, direct sunlight, and harsh chemicals. Clean with a dry, soft cloth. Specialized leather cleaners can be used sparingly.
- **Silicone Strap:** Can be washed with mild soap and water. Ensure it is thoroughly dried before reattaching to the watch.

5.2 Battery Replacement

The watch is powered by a quartz movement requiring a battery. When the watch stops or the second hand begins to skip, it indicates a low battery. Battery replacement should be performed by a qualified watch technician to ensure proper sealing and water resistance integrity.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Watch not running	Depleted battery	Have the battery replaced by a professional watch technician.
Time is inaccurate	Crown not fully pushed in; magnetic interference	Ensure the crown is fully pushed in. Keep the watch away from strong magnetic fields. If the issue persists, consult a technician.
Condensation under crystal	Temperature changes; water ingress	Avoid extreme temperature changes. If condensation persists or is significant, seek professional service immediately to prevent damage.

7. SPECIFICATIONS

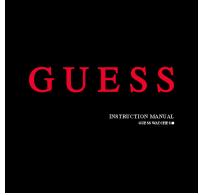

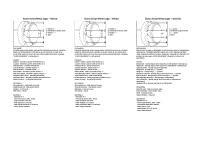

Model Number	GW0630G1
Movement Type	Quartz
Dial Color	Black
Case Material	Stainless Steel
Case Diameter	44 mm
Case Height	9.25 mm
Strap Material	Leather (Black), Silicone (Blue)
Strap Width	22 mm
Water Resistance	30 Meters (3 ATM)
Closure Type	Strap Buckle
Item Weight	250 g
