## Hohosb A80

# Hohosb 3 in 1 Foldable Zinc Alloy Wireless Charger Stand (Model A80) User Manual

Comprehensive instructions for setup, operation, and maintenance.

## 1. INTRODUCTION

This manual provides detailed instructions for the Hohosb 3 in 1 Foldable Zinc Alloy Wireless Charger Stand, Model A80. This device is designed to efficiently charge your compatible Apple devices simultaneously, offering convenience and a compact design.

Image 1.1: The Hohosb 3 in 1 Foldable Wireless Charger Stand and its accessories.

## 2. PRODUCT FEATURES

- **3-in-1 Charging:** Simultaneously charges compatible iPhone (12 series and newer), Apple Watch (2-9, SE, Ultra, Ultra 2), and AirPods (2/3/Pro/Pro 2 with wireless charging case).
- **Foldable Design:** Allows for compact storage and portability, making it suitable for travel.
- **Magnetic Alignment:** Equipped with strong magnets for secure and automatic alignment of MagSafe-compatible iPhones.
- **Adjustable Viewing Angles:** Supports multi-angle viewing for iPhones in both landscape and portrait modes.
- **Premium Construction:** Features a zinc alloy frame, ABS panel with sun pattern technology, and a glass panel for durability and aesthetic appeal.
- **Safety Features:** Integrated smart chip with over-voltage, over-current, short-circuit protection, and temperature control.

### 3. PACKAGE CONTENTS

---

Verify that all items are present in the package:

- Hohosb 3 in 1 Foldable Magnetic Charging Station
- 18W QC3.0 Adapter
- USB-C to USB-A Charging Cable

### 4. SETUP INSTRUCTIONS

---

1. **Unfold the Charger:** Gently unfold the charging station from its compact, folded state. The hinges allow for various configurations, including a vertical stand or a flat charging pad.
2. **Connect Power:** Insert the provided USB-C end of the charging cable into the port on the charging station. Connect the USB-A end of the cable to the 18W QC3.0 adapter.
3. **Plug into Wall Outlet:** Plug the 18W QC3.0 adapter into a standard wall power outlet. A small indicator light on the charger will illuminate, confirming it is powered on.

Video 4.1: Demonstration of unfolding the charger and connecting power.

### 5. OPERATING INSTRUCTIONS

---

#### 5.1 Charging an iPhone

- Ensure your iPhone is MagSafe compatible (iPhone 12 series or newer) or uses a MagSafe-compatible case.
- Place your iPhone onto the central magnetic charging pad. The magnets will automatically align

the phone for optimal charging.

- The phone can be positioned vertically for messaging or facial recognition, or horizontally for video viewing.

Image 5.1: Magnetic attachment and charging of an iPhone.

## 5.2 Charging an Apple Watch

- Place your Apple Watch onto the dedicated charging puck located at the top of the stand.
- Ensure the watch is correctly oriented for charging. The watch should sit flat on the puck.

Image 5.2: Proper placement of an Apple Watch for charging.

## 5.3 Charging AirPods

- Place your AirPods (2/3/Pro/Pro 2 with wireless charging case) onto the flat charging pad at the base of the stand.
- Ensure the AirPods case is centered on the charging pad for effective power transfer.

# 3-in-1 Wireless Charging

## to Power Your Apple Essentials

Image 5.3: Overview of the 3-in-1 charging capabilities.

### 5.4 Flat Charging Mode

- The charging station can be fully unfolded to lay flat on a surface.
- In this mode, all three devices can be charged simultaneously on the flat surface.

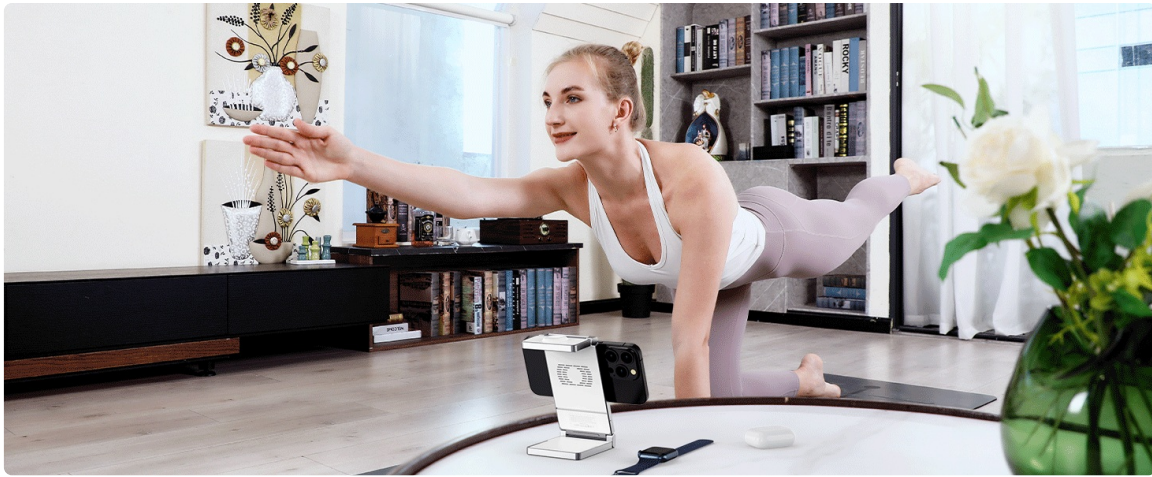

Image 5.4: Flat charging configuration.

## 6. COMPATIBILITY

---

The Hohosb 3 in 1 Foldable Wireless Charger Stand is compatible with the following devices:

- **iPhones:** iPhone 15 Series, iPhone 14 Series, iPhone 13 Series, iPhone 12 Series. (Not compatible with iPhone 11 or earlier models).
- **MagSafe Cases:** Compatible with MagSafe cases. Non-MagSafe cases may weaken the magnetic connection and affect charging.
- **AirPods:** AirPods 2/3/Pro/Pro 2. (Note: AirPods 2/3 require a wireless charging case).
- **Apple Watch:** iWatch 9/8/7/6/5/4/3/2/SE/Ultra/Ultra 2. (Note: Only for Apple Watch, not for Samsung or other smartwatches).

# Universal Compatibility

## With iPhone

iPhone 14 Series

iPhone 13 Series

iPhone 12 Series

MagSafe / MagSafe Cases

## With AirPods (Support Wireless Charging)

AirPods Pro 2 /Pro /3 /2

## With Apple Watch (38mm-49mm)

Apple Watch 8/7/6/5/4/3/2/SE/SE2

We do not recommend charging the Apple Watch Ultra due to the charging Speed

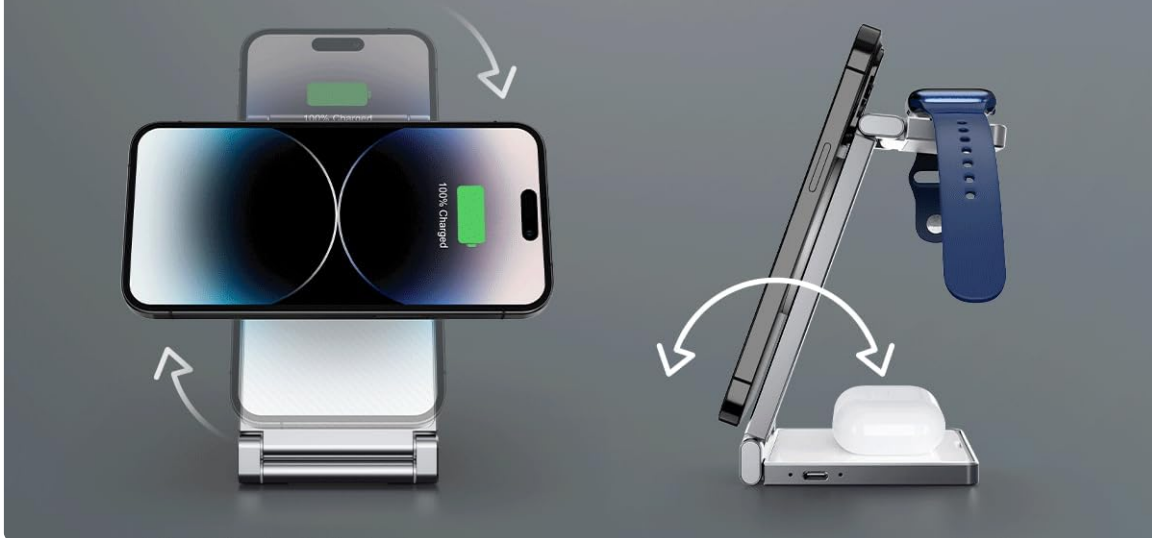

Image 6.1: Universal compatibility overview.

## 7. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the surface of the charging station. Avoid using abrasive cleaners or solvents.
- **Storage:** When not in use, fold the charger into its compact form to protect the charging surfaces and save space. Store in a cool, dry place.
- **Cable Care:** Avoid bending or crimping the charging cable excessively to prevent damage.

## 8. TROUBLESHOOTING

- **Device Not Charging:**
  - Ensure the charging station is properly connected to the 18W QC3.0 adapter and a working power outlet.
  - Verify that your device is correctly aligned on its respective charging area. For iPhones, ensure it is MagSafe compatible or using a MagSafe case.
  - Remove any metal objects, card clips, or ring clips from your phone case as these can interfere with wireless charging.
  - For AirPods 2/3, confirm they are in a wireless charging case.
- **Slow Charging:**
  - Ensure you are using the provided 18W QC3.0 adapter and cable. Using lower-wattage adapters may result in slower charging speeds.
  - Charging multiple devices simultaneously may distribute power, potentially affecting individual device charging speed.
- **Weak Magnetic Connection:**
  - Ensure your iPhone is MagSafe compatible or has a MagSafe-compatible case. Non-MagSafe cases can significantly weaken the magnetic hold.
  - Check for any debris or obstructions between the phone and the charging pad.
- **Overheating:**
  - The charger has built-in temperature control. If overheating occurs, disconnect devices and allow the charger to cool down.
  - Ensure the charger is placed in a well-ventilated area and not covered.

## 9. SPECIFICATIONS

Feature	Specification
Model Number	A80
Dimensions (Folded)	8.58 x 4.53 x 1.46 inches
Item Weight	9.3 ounces
Input Voltage	9 Volts
Amperage	2 Amps
Total USB Ports	1 (USB-C input)

Feature	Specification
Special Features	Fast Charging, Magnetic, MagSafe Compatible, Travel, Wireless Charging
Manufacturer	Hohosb

## 10. SAFETY INFORMATION

- This wireless charging station is equipped with a smart chip and professional magnetic insulation film.
- It emits no harmful radiation and is safe for use around all family members.
- Features multiple protection mechanisms: over-voltage protection, over-current protection, short-circuit protection, and temperature control.
- Do not disassemble or attempt to repair the device yourself. Contact customer support for assistance.
- Avoid exposing the device to extreme temperatures, direct sunlight, or moisture.
