SAFETY INFORMATION

Your safety is paramount. Please adhere to the following safety guidelines:

- This bed frame is constructed from high-quality wood (pine and MDF) and has a maximum weight capacity of **120 kg (approximately 265 lbs) per bed**. Do not exceed this weight limit.
- The upper bed is equipped with a high guardrail designed to ensure safety and prevent falls. Always ensure the guardrail is properly installed and secured.
- Regularly inspect all bolts and connections to ensure they remain tight. Retighten as necessary.
- Do not allow children under 6 years of age on the upper bunk.
- Always use the ladder for entering and exiting the upper bunk. Do not use the bed as a climbing frame.
- Ensure the mattress used on the upper bunk is of the correct size and thickness to maintain adequate guardrail height.

- Keep children away from the assembly area during setup to prevent injury.

SETUP AND ASSEMBLY

Assembly of the Moimhear Bunk Bed requires careful attention to detail. All parts and screws are marked with numbers and letters to assist with the process. It is recommended to have two adults for assembly.

1. Unpacking and Component Check

The product is delivered in two separate packages, which may arrive on different days. Please wait for both packages before starting assembly.

1. Carefully unpack all components and lay them out on a clean, soft surface (e.g., a carpet) to prevent scratches.
2. Verify all parts against the included parts list in your physical instruction manual. If any parts are missing or damaged, contact customer service immediately.
3. Before inserting screws, it is advisable to check all pre-drilled holes for wood shavings and clear them if necessary.

2. Assembly Steps

Follow the detailed step-by-step instructions provided in the physical assembly manual included with your product. The instructions are clear and parts are well-marked.

Typical assembly time is approximately 4-6 hours, depending on experience.

To use the drawers, simply pull them out from under the bed. Ensure they are pushed back completely when not in use to avoid tripping hazards.

MAINTENANCE AND CARE

Proper maintenance will extend the life of your Moimhear Bunk Bed:

- **Cleaning:** Wipe the bed frame with a damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the finish.
- **Regular Inspection:** Periodically check all screws, bolts, and connections to ensure they are tight. Retighten any loose fasteners to maintain stability and safety.
- **Ventilation:** Ensure adequate air circulation around and under the bed to prevent moisture buildup.
- **Weight Distribution:** Distribute weight evenly on both bunks. Avoid concentrating heavy loads in one area.

TROUBLESHOOTING

Here are some common issues and their solutions:

Problem	Possible Cause	Solution
Packages not delivered at the same time.	Product shipped in multiple packages.	Please wait patiently for a couple of days for all packages to arrive.
