## OPERATING INSTRUCTIONS

---

The OLAKIDS 4 in 1 Ride on Push Car offers multiple modes for different stages of your child's development.

### Modes of Operation:

#### **Stroller Mode**

Ideal for younger toddlers. The push handle and safety bar are attached, allowing parents to control the direction and movement while the child is securely seated.

#### **Walking Car Mode**

For toddlers learning to walk. The safety bar can be removed, and the child can use their feet to push the car forward, while the push handle can still be used by parents for guidance.

#### **Riding Car Mode**

For independent riders. Both the push handle and safety bar are removed, allowing the child to steer and propel the car themselves using their feet.

## MAINTENANCE

---

Proper maintenance will extend the life of your ride-on car and ensure continued safe operation.

- **Cleaning:** Wipe the car clean with a damp cloth and mild soap. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store the car in a cool, dry place away from direct sunlight and extreme temperatures when not in use.
- **Battery Care:** If the car will not be used for an extended period, remove the batteries to prevent leakage and corrosion.
- **Wheel Inspection:** Periodically check the wheels for wear and tear. The car features wear-resistant wheels designed for durability.
- **Fastener Check:** Regularly inspect all screws, bolts, and locking mechanisms to ensure they are tight and secure.
