## 1. INTRODUCTION

The Ulefone Armor X13 is a rugged smartphone designed for demanding environments and active lifestyles. It combines advanced features with robust protection against water, dust, and drops. This manual provides essential information to help you set up, operate, and maintain your device effectively.

## 2. WHAT'S IN THE BOX

Upon unboxing your Ulefone Armor X13, please ensure all items listed below are present:

- Ulefone Armor X13 Smartphone
- AC Power Charger
- Data Cable (USB-C)
- SIM Pick
- Lanyard
- Screen Protector (pre-applied or included)
- User Manuals

## 3. SETUP

### 3.1 Inserting SIM Card(s) and MicroSD Card

1. Locate the SIM card tray on the side of the device.
2. Use the provided SIM eject tool to open the tray.
3. Carefully place your Nano-SIM card(s) and/or MicroSD card into the designated slots.
4. Ensure the cards are correctly oriented as indicated on the tray.
5. Gently push the tray back into the device until it clicks into place.

### 3.2 Initial Power On and Setup

1. Press and hold the Power button (usually on the right side) until the Ulefone logo appears.
2. Follow the on-screen prompts to select your language, connect to a Wi-Fi network, and set up your Google account.
3. You may be prompted to transfer data from an old device or set up as a new device.
4. Complete the setup wizard to personalize your device settings.

## 4. OPERATING INSTRUCTIONS

### 4.1 Power On/Off/Restart

- **Power On:** Press and hold the Power button until the device vibrates and the logo appears.
- **Power Off:** Press and hold the Power button, then select "Power off" from the options.
- **Restart:** Press and hold the Power button, then select "Restart" from the options.

### 4.2 Basic Navigation

- **Home Screen:** Swipe left or right to access different home screens.
- **App Drawer:** Swipe up from the bottom of the screen to view all installed applications.
- **Notifications & Quick Settings:** Swipe down from the top of the screen to access notifications and quick settings

toggles.

- **Back:** Tap the back button (usually at the bottom left or swipe from the left/right edge, depending on navigation settings).
- **Recent Apps:** Tap the recent apps button (usually at the bottom right or swipe up and hold from the bottom edge) to view and switch between recently used applications.

## 4.3 Customized Key

The Armor X13 features a customizable side key. You can assign various functions to single press, double press, or long press actions via the device settings. This allows for quick access to frequently used apps or features like the flashlight or camera.

## 5. KEY FEATURES

### 5.1 Camera System

The Ulefone Armor X13 is equipped with a versatile camera system:

- **50MP Main Rear Camera:** Captures high-resolution images (8160 x 6144) with an f/1.8 aperture for stunning detail and color, even in challenging lighting.
- **24MP Night Vision Camera:** Features a stronger infrared sensor and NightElf 2.0 algorithm for clear and sharp images in low-light and night scenes, ideal for wildlife observation.
- **8MP Front Camera:** For selfies and video calls.
- **Underwater Mode:** Allows for capturing clear photos and videos underwater.

### 5.3 Display

Enjoy immersive visuals on the 6.52-inch HD+ display.

- **Size:** 6.52 inches
- **Resolution:** 720 x 1600 pixels
- **Refresh Rate:** 60Hz

### 5.4 Performance & Storage

The Armor X13 delivers smooth performance and ample storage:

- **Processor:** MediaTek Helio G36 Octa-core processor (2.2GHz main frequency).
- **RAM:** 6GB physical RAM + 6GB virtual RAM (up to 12GB total).
- **ROM:** 64GB internal storage.
- **Expandable Storage:** Supports MicroSD card up to 256GB (sold separately).

Image: Infographic illustrating the 12GB RAM (6GB physical + 6GB virtual) and 64GB ROM, expandable up to 256GB with a TF card.

## 5.5 Connectivity

- **Dual 4G VoLTE:** Supports high-quality HD calls.
- **4G Global Network Bands:** LTE-FDD: B1/2/3/4/5/7/8/12/17/19/20/28A/28B/66; LTE-TDD: B34/38/39/40/41; WCDMA: B1/2/4/5/8, GSM: B2/3/5/8. (Note: Not compatible with AT&T, Cricket, Sprint, and Boost Mobile. Please confirm band compatibility before purchasing.)
- **Wi-Fi:** Dual-band Wi-Fi for better performance and less interference.
- **NFC:** Supports Google Pay for contactless payments.
- **GPS:** True GPS, Glonass, Galileo, Beidou, and Digital Compass for accurate navigation.

## 5.6 Operating System

The Armor X13 runs on Android 13.0, offering the latest features and security updates.

Image: Screenshots showcasing various features of Android 13 on the Ulefone Armor X13, including privacy controls and interface elements.

## 5.7 Outdoor Toolbox

The device includes a suite of practical tools for outdoor enthusiasts and professionals:

- Noise Test
- Compass
- Flashlight
- Gradienter
- Height Meter
- Magnifier
- Hanging Painting
- Alarm Bell
- Plumb Bob
- Protractor

## 6. DURABILITY AND PROTECTION

The Ulefone Armor X13 is built to withstand harsh conditions:

- **IP68/IP69K Rated:** Fully protected against dust ingress and capable of submersion in water up to 1.5 meters for 30 minutes, and resistant to high-pressure, high-temperature water jets.
- **MIL-STD-810H Certified:** Meets military-grade standards for resistance to drops, impacts, extreme temperatures, and humidity.

Video: A rugged smartphone undergoing various durability tests, including being dropped into a box of tools and being used to hammer nails, demonstrating its robust construction.

## 7. MAINTENANCE

- **Cleaning:** Use a soft, damp cloth to clean the device. Avoid harsh chemicals or abrasive materials.
- **Water Exposure:** After exposure to water, ensure all ports are dry before charging or connecting accessories.
- **Temperature:** Avoid exposing the device to extreme temperatures (very hot or very cold) for prolonged periods.
- **Software Updates:** Regularly check for and install software updates to ensure optimal performance and security.

## 8. TROUBLESHOOTING

### 8.1 Common Issues and Solutions

- **Device is Slow/Unresponsive:**
  - Close unused apps running in the background.
  - Clear cache data from apps.
  - Restart the device.
  - Ensure sufficient storage space is available.

- **Wi-Fi Connectivity Issues:**
  - Toggle Wi-Fi off and on.
  - Restart your Wi-Fi router.
  - Forget the network and reconnect.
  - Ensure the device is within range of the Wi-Fi signal.

- **Battery Draining Quickly:**

- Reduce screen brightness.
- Disable unused features like GPS, Bluetooth, or Wi-Fi when not needed.
- Identify and uninstall power-intensive apps.
- Check for software updates.

- **Camera Not Working:**

- Restart the device.
- Clear the camera app's cache and data.
- Check app permissions for the camera.

## 9. SPECIFICATIONS
