

Schonbek RS8333N-51R

Schonbek Sarella RS8333N-51R 2-Light 11-inch Wall Sconce Instruction Manual

Model: RS8333N-51R

1. INTRODUCTION

This instruction manual provides detailed guidance for the safe installation, operation, and maintenance of your Schonbek Sarella RS8333N-51R 2-Light 11-inch Wall Sconce. Please read all instructions carefully before beginning installation and retain this manual for future reference.

The Schonbek Sarella wall sconce features a durable stainless steel frame, aluminum candle slips, crystal bobeche, and Clear Radiance Crystals. It is designed for indoor use only.

2. SAFETY INFORMATION

- **Electrical Safety:** Always turn off the main power supply at the circuit breaker or fuse box before installing, servicing, or cleaning the fixture. Failure to do so may result in electric shock, injury, or death.
- **Qualified Electrician:** Installation should be performed by a qualified electrician in accordance with all local electrical codes and regulations.
- **Grounding:** Ensure the fixture is properly grounded to avoid potential electrical hazards.
- **Indoor Use Only:** This fixture is rated for indoor locations (UL, cUL, CSA rated). Do not install in wet or damp environments.
- **Bulb Specifications:** Use only E12 base, G16.5 shape 120V light bulbs, 40W maximum incandescent or LED. Do not exceed the recommended wattage.
- **Handling Crystals:** Handle crystals with care to prevent damage or breakage. Wear gloves to avoid leaving fingerprints.

3. INCLUDED COMPONENTS

Verify that all components are present before beginning installation:

- Lighting Fixture (Sconce Body)
- Mounting Hardware (Crossbar, mounting screws, wire nuts)

- Instruction Sheets (This manual)
- Certificate of Authenticity
- Manufacturer Warranty Certificate

Note: Light bulbs (2 x E12 base, G16.5 shape 120V, 40W max) are sold separately.

4. SETUP AND INSTALLATION

Assembly is required for this fixture. Follow these general steps for installation. Refer to the specific instruction sheets provided in the packaging for detailed diagrams and precise mounting instructions.

4.1 Preparation

1. Turn off power at the circuit breaker.
2. Carefully unpack all components and inspect for any damage.
3. Identify the mounting location, ensuring it is a standard electrical box.

4.2 Mounting the Fixture

1. Attach the mounting crossbar to the electrical box using the provided mounting screws.
2. Connect the fixture's electrical wires to the house wiring: black to black (live), white to white (neutral), and bare copper/green to bare copper/green (ground). Secure connections with wire nuts.
3. Carefully tuck the wires into the electrical box.
4. Align the fixture base with the mounting screws on the crossbar and secure it in place.

4.3 Crystal Dressing

The Sarella sconce features a waterfall of aluminum leaves and crystal beading. Follow the specific crystal dressing instructions provided to attach the crystals to the fixture. This typically involves hanging individual crystal drops onto designated hooks or loops on the fixture frame.

4.4 Bulb Installation

1. Carefully screw two E12 base, G16.5 shape 120V light bulbs (40W max incandescent or LED) into the sockets. Do not overtighten.

5. OPERATING INSTRUCTIONS

Once installed and bulbs are in place, restore power at the circuit breaker. The sconce is operated via a standard wall switch. This fixture supports smooth and continuous dimming when used with a compatible dimmer switch (sold separately).

The control method is listed as 'Touch', which may refer to compatibility with touch-sensitive dimmer switches or integrated touch functionality if present on the specific wall switch used.

6. MAINTENANCE

6.1 Cleaning

- **Fixture Frame:** To clean the stainless steel frame, wipe with a soft, dry cloth. For stubborn marks, use a slightly damp cloth with mild soap, then dry immediately. Avoid abrasive cleaners or solvents.
- **Crystals:** Dust crystals regularly with a soft, lint-free cloth or a feather duster. For a deeper clean, carefully remove crystals (if easily detachable) and wash them in warm water with a small amount of mild dish soap. Rinse thoroughly and dry with a soft cloth or allow to air dry completely before reattaching. Do not use harsh chemicals on crystals.

6.2 Bulb Replacement

Ensure power is turned off at the circuit breaker before replacing bulbs. Allow bulbs to cool completely before handling. Unscrew old bulbs and replace with new E12 base, G16.5 shape 120V light bulbs (40W max incandescent or LED).

7. TROUBLESHOOTING

If your Schonbek Sarella wall sconce is not functioning correctly, refer to the following common issues and solutions:

- **Light does not turn on:**
 - Check if the power supply at the circuit breaker is on.
 - Ensure bulbs are securely screwed into their sockets.
 - Test bulbs in another working fixture to confirm they are not faulty.
 - Verify all electrical connections are secure (consult a qualified electrician if unsure).
- **Lights flicker:**
 - Ensure bulbs are fully tightened.
 - If using a dimmer, ensure it is compatible with the installed bulbs (especially LED bulbs).
 - Check for loose wiring connections (consult a qualified electrician).
- **Crystals appear dull:**
 - Clean crystals as per the maintenance instructions. Dust and residue can reduce brilliance.

For issues not resolved by these steps, contact Schonbek customer support or a qualified electrician.

8. SPECIFICATIONS

Feature	Detail
Brand	Schonbek
Model Name	Sarella
Part Number	RS8333N-51R

Color	Black
Style	Clear Radiance Crystals
Material	Stainless Steel
Product Dimensions	7" L x 4.5" W x 11" H
Item Weight	4 Pounds
Specific Uses	Indoor use only
Power Source	AC
Number of Light Sources	2
Light Source Type	LED compatible
Bulb Base	E12
Max Wattage	40W per bulb (80W total)
Voltage	120 Volts
Control Method	Touch (compatible with touch dimmers)
Assembly Required	Yes
Certifications	UL, cUL, CSA rated

8.1 Crystal Selections

The Sarella collection offers various crystal types. This specific model (RS8333N-51R) features Clear Radiance Crystals.

CRYSTAL SELECTIONS

RADIANCE CRYSTAL

Our finest crystal offering in cut, color, and clarity, Radiance™ by Schonbek is characterized by optical purity and prism

HERITAGE HANDCUT CRYSTAL

Heritage Handcut® Crystal is hand-cut by craftsman using centuries-old techniques

SWAROVSKI SPECTRA CRYSTAL

Though not as expensive as Swarovski Crystals, this crystal is characterized by prismatic brilliance, visual purity, sharp faceting and precise polishing

Image 3: Overview of Schonbek crystal selections, including Radiance Crystal.

- **Radiance Crystal:** Schonbek's premium Radiance Crystal is an optically pure and brilliant lead-free crystal fabricated in Europe with no flaws or imperfections and nearly double the amount of jewel-cut facets when compared with traditional bohemian crystal.
- **Heritage Handcut Crystal:** Handcrafted in Europe using authentic, centuries-old techniques.
- **Swarovski Spectra Crystal:** Characterized by prismatic brilliance, sharp faceting, and precise polishing.
