4. PRODUCT OVERVIEW

Familiarize yourself with the speaker's buttons and ports:

Image 4.1: A detailed view of the speaker's control panel, showing the buttons and the top speaker grille.

Image 4.2: A close-up of the speaker's rear panel, displaying the AUX input, MicroSD card slot, and DC/5V charging port.

4.1. Control Buttons

- **Power Button ():** Press and hold to power on/off.
- **Volume Down / Previous Track (-):** Short press for volume down, long press for previous track.
- **Play / Pause (▶):** Short press to play/pause audio. In call mode, short press to answer/end call.
- **Volume Up / Next Track (+):** Short press for volume up, long press for next track.
- **Light Mode Button (?):** Short press to cycle through RGB light modes.

4.2. Ports

- **AUX Input:** For connecting external audio devices via a 3.5mm audio cable.
- **MicroSD Card Slot:** For playing audio files directly from a TF (MicroSD) card.
- **DC/5V Charging Port:** For charging the speaker using the provided USB cable.
- **USB Port:** For playing audio files directly from a USB flash drive.

5. SETUP

5.1. Charging the Speaker

1. Connect the small end of the USB charging cable to the DC/5V port on the speaker.
2. Connect the larger end of the USB cable to a USB power adapter (5V/1A recommended) or a computer's USB port.
3. The charging indicator light will illuminate. Once fully charged (approximately 3 hours), the light may change color or turn off.

A full charge provides approximately 2.5 hours of playing time or 7.5 hours of hands-free call time.

Image 5.1: Visual representation of the speaker's battery capacity (1200mAh), playing time, hands-free call time, and charging duration.

5.2. Power On/Off

- **To Power On:** Press and hold the Power button () for a few seconds until you hear an audible prompt and the indicator light turns on.
- **To Power Off:** Press and hold the Power button () again for a few seconds until you hear an audible prompt and the indicator light turns off.

6. OPERATING INSTRUCTIONS

6.1. Bluetooth Pairing

1. Ensure the speaker is powered on and in Bluetooth pairing mode (indicated by a flashing blue LED).

2. Enable Bluetooth on your mobile device (smartphone, tablet, computer).
3. Search for available Bluetooth devices. You should see "LP-3S" in the list.
4. Select "LP-3S" to connect. Once paired, you will hear a confirmation sound, and the LED indicator will stop flashing and remain solid blue.
5. The speaker will automatically reconnect to the last paired device when powered on, if the device's Bluetooth is active and within range.

6.2. Audio Playback

- **Play/Pause:** Short press the Play/Pause button (▶).
- **Volume Control:** Short press the Volume Up (+) or Volume Down (-) buttons.
- **Next/Previous Track:** Long press the Volume Up (+) for next track or Volume Down (-) for previous track.

6.3. Hands-Free Calling

- When a call comes in, the speaker will ring. Short press the Play/Pause button (▶) to answer the call.
- To end a call, short press the Play/Pause button (▶) again.
- To reject an incoming call, long press the Play/Pause button (▶).

6.4. AUX Input Mode

1. Connect one end of a 3.5mm audio cable (not included) to the AUX port on the speaker.
2. Connect the other end of the audio cable to the audio output jack of your external device.
3. The speaker will automatically switch to AUX mode. Control playback from your connected device.

6.5. TF Card / USB Playback

1. Insert a MicroSD (TF) card or a USB flash drive containing audio files into the respective slot/port on the speaker.
2. The speaker will automatically detect the storage device and begin playing audio files.
3. Use the Play/Pause, Volume Up/Down, and Next/Previous Track buttons to control playback.

6.6. RGB Light Modes

- Short press the Light Mode button () to cycle through the six available RGB light effects.
- Continue pressing to find your preferred light mode or to turn the lights off.

7. MAINTENANCE

- Clean the speaker with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- Avoid exposing the speaker to extreme temperatures, direct sunlight, or high humidity.
- Do not immerse the speaker in water or any other liquids.
- Store the speaker in a cool, dry place when not in use for extended periods.

8. TROUBLESHOOTING

Problem	Possible Solution
---------	-------------------

Problem	Possible Solution
Speaker does not power on.	<ul style="list-style-type: none"> Ensure the battery is charged. Connect the speaker to a power source. Press and hold the Power button () for a few seconds.
No sound from the speaker.	<ul style="list-style-type: none"> Increase the volume on both the speaker and your connected device. Ensure the speaker is correctly paired via Bluetooth or the AUX cable is fully inserted. Check if the correct input mode (Bluetooth, AUX, TF, USB) is active.
Bluetooth pairing fails.	<ul style="list-style-type: none"> Ensure the speaker is in pairing mode (flashing blue LED). Disable and re-enable Bluetooth on your device. Move the speaker closer to your device. Clear the Bluetooth device list on your phone and try pairing again.
RGB lights are not working.	<ul style="list-style-type: none"> Short press the Light Mode button () to cycle through modes. Ensure the speaker has sufficient battery charge.
