CHIVALZ HY1800

CHIVALZ Genuine HY1800 Air Purifier Replacement Filter User Manual

This manual provides detailed instructions for the installation, operation, and maintenance of your CHIVALZ Genuine HY1800 Air Purifier Replacement Filter. Please read thoroughly before use.

PRODUCT OVERVIEW

The CHIVALZ Genuine HY1800 Air Purifier Replacement Filter features a 3-in-1 filtration system designed to improve air quality. It includes a Fine Preliminary Filter, a True HEPA Filter, and an Activated Carbon Filter. This filter is specifically designed for the CHIVALZ HY1800 Air Purifier.

HY1800

EASY TO INSTALL

1. Turn OFF and unplug. Twist the bottom cover counterclockwise.

2. Remove the older filter and install replacement filter.

3. Twist the bottom cover clockwise to lock back in place.

4. Plug in and power ON. Reset filters by pressing and holding button for 7 seconds. When the red power indicator flashes 3 times and turns to white, the reset is completed.

KEY FEATURES

- **Genuine HEPA Filter:** Designed for the CHIVALZ HY1800 air purifier, ensuring compatibility and optimal performance.
- **3-in-1 Filtration System:** Combines a Fine Preliminary Filter, True HEPA Filter, and Activated Carbon Filter for comprehensive air purification.
- **Fine Preliminary Filter:** Captures larger particles like fluff, fiber, and hair, extending the lifespan of subsequent filters.
- **True HEPA Filter:** Meets High-Efficiency Particulate Air (HEPA) standards, effectively filtering pet dander, dust, pollen, and other microscopic particles as small as 0.1 microns.
- **Activated Carbon Filter:** Utilizes premium granular activated carbon to absorb odors and fumes such as smoke, cooking smells, pet odors, and Volatile Organic Compounds (VOCs).

- **Designed for Pet Owners:** Specifically effective in filtering pet hair, dander, and odors, making it suitable for households with pets.

HY1800

ACTIVATED CARBON FILTER

Activated carbon in the filter is porous which allows it to effectively adsorb and trap smoke, pet odors, and harmful VOCs.

SETUP: FILTER REPLACEMENT

Replacing the Filter

To maintain optimal performance, replace the air purifier filter regularly.

1. **Turn OFF and Unplug:** Ensure the air purifier is turned off and unplugged from the power outlet.
2. **Access the Filter:** Gently twist the bottom cover of the air purifier counter-clockwise to unlock and remove it.
3. **Remove Old Filter:** Carefully lift out the used filter and dispose of it properly.
4. **Insert New Filter:** Place the new CHIVALZ Genuine HY1800 Replacement Filter into the air purifier. Ensure it sits securely.
5. **Replace Bottom Cover:** Align the bottom cover and twist it clockwise to lock it back into place.
6. **Plug In and Power ON:** Plug the air purifier back into the power outlet.
7. **Reset Filter Indicator:** Press and hold the power button for approximately 7 seconds until the red power indicator light flashes 3 times and turns white. This resets the filter life monitor.

OPERATING INSTRUCTIONS

Power and Speed Control

The air purifier is controlled by a single power button.

1. **First Press:** Powers on the unit into Sleep Mode.
2. **Second Press:** Switches to Low Speed Mode.
3. **Third Press:** Activates High Speed Mode.
4. **Fourth Press:** Powers off the unit.

Timer Function

To activate the 4-hour automatic shut-off timer, press and hold the power button for 3-4 seconds while the unit is in Low or High Speed Mode. The indicator light will flash to confirm the timer is set.

MAINTENANCE

Filter Lifespan

The filter life depends on usage and air quality. It is recommended to replace the filter every 6-8 months for optimal performance. The air purifier's indicator light will signal when a replacement is due.

Cleaning

The replacement filter is not washable. For best results, replace the filter as recommended. The exterior of the air purifier can be wiped clean with a soft, dry cloth.

TROUBLESHOOTING

Filter Reset Issue

If the red power indicator light continues to flash after replacing the filter, it means the filter life monitor needs to be reset.

1. Ensure the new filter is correctly installed and the bottom cover is securely closed.
2. Plug in the air purifier and turn it on.
3. Press and hold the power button for approximately 7 seconds until the red light flashes three times and then turns white. This confirms the reset.

SPECIFICATIONS

- **Product Dimensions:** 11.81"L x 5.11"W x 5.9"Th
- **Item Weight:** 0.76 Pounds
- **Material:** HEPA
- **MERV Rating:** 13
- **Compatible Devices:** CHIVALZ HY1800 Air Purifier
- **Number of Items:** 2 (Replacement Filters)
- **Manufacturer:** CHIVALZ
