Lamicall STCD05-US-BL

Lamicall Car Phone Mount Instruction Manual (Model: STCD05-US-BL)

Brand: Lamicall

1. INTRODUCTION

This manual provides comprehensive instructions for the proper setup, operation, and maintenance of your Lamicall Car Phone Mount (Model: STCD05-US-BL). Please read this manual thoroughly before use to ensure optimal performance and safety.

Image: The Lamicall Car Phone Mount, featuring a phone securely held in the cradle, an adjustable arm, and a suction cup base, demonstrating its 360-degree rotation.

2. WHAT'S IN THE BOX

Verify that all components are present before proceeding with installation:

- 1 x Phone Holder
- 1 x Suction Cup Base
- 1 x Detailed Manual (For Correct Installation)
- 1 x Wipe (for Cleaning Dash / Windshield Surface)

UPGRADE CAR MOUNT

More sturdy and durable than other

3. SETUP AND ASSEMBLY

1. **Prepare the Suction Cup Base:** Ensure the suction cup is clean. If needed, rinse it with water and allow it to air dry.
2. **Attach Phone Holder to Arm:** Connect the phone holder cradle to the adjustable arm of the suction cup base. Secure it by tightening the screw mechanism.
3. **Choose Mounting Location:** Decide whether to mount the device on your dashboard, windshield, or air vent.

4. INSTALLATION

4.1 Dashboard/Windshield Mounting

1. **Clean Surface:** Use the provided wipe to thoroughly clean the desired mounting area on your dashboard or windshield. Allow the surface to dry completely.
2. **Apply Suction Cup:** Press the suction cup firmly onto the clean, dry surface. Ensure no air bubbles are trapped underneath.
3. **Engage Lock:** Push down the lever on the suction cup base to create a strong vacuum seal.
4. **Adjust Angle:** Loosen the adjustment knobs on the arm to position the phone holder at your preferred viewing angle. Tighten the knobs securely once adjusted.

Powerful Suction Cup

Stable Security Lock

4.2 Air Vent Mounting (Optional)

If your vehicle's dashboard surface is unsuitable for suction cup mounting (e.g., genuine leather, coated faux leather, suede, uneven, dirty, or soiled surfaces), you may use an air vent clip (not included in this specific model, but compatible with the ball joint system).

1. **Detach Suction Cup:** Unscrew the phone holder from the suction cup base.
2. **Attach Air Vent Clip:** Connect a compatible air vent clip (with a ball joint) to the phone holder.
3. **Secure to Vent:** Carefully attach the air vent clip to one of your vehicle's air conditioning vents.

5. OPERATING INSTRUCTIONS

5.1 Inserting Your Phone

1. **Open Clamps:** Press the quick-release button located on the side of the phone holder to open the side clamps.
2. **Place Phone:** Gently place your smartphone into the holder. The bottom support will cradle the phone.
3. **Secure Phone:** Squeeze the side clamps inward until they securely grip your phone. The anti-scratch PU leather panel and hollow silicone design ensure a firm, protective hold.

5.2 Removing Your Phone

Press the quick-release button on the side of the phone holder to instantly release the clamps and remove your phone.

5.3 Adjusting Viewing Angle

- **360° Rotation:** The phone holder features a 360° adjustable base, allowing you to rotate your phone for optimal horizontal or vertical viewing.
- **Extendable Arm:** The support arm can be extended from 4.7 inches to 6.8 inches to bring your phone closer or further away for the best viewing angle.

6. KEY FEATURES

- **Superior Adhesion:** Equipped with a 3-layer nano gel suction cup, providing a powerful adhesive force that withstands up to 32 kfg, ensuring stability during driving.
- **Temperature Resistance:** Maintains grip in extreme environments from -4°F to 194°F without warping or peeling.
- **Reusable Suction Cup:** Simply wash the suction cup with water to restore its adhesion.
- **Adjustable Angle:** Features a 360° adjustable base and an extendable support arm (4.7 to 6.8

inches) for optimal viewing.

- **Anti-Scratch Protection:** Soft PU leather panel and hollow silicone design on the clamp arm prevent scratches and provide a secure grip.
- **Quick Release Button:** Allows for easy and instant mounting and dismounting of your phone.

Video: A brief clip demonstrating the anti-slip and anti-scratch rubber pads of the Lamicall phone holder, ensuring a firm grip on the phone.

7. MAINTENANCE

- **Cleaning the Suction Cup:** If the suction cup loses its grip, simply wash it with warm water and let it air dry. This will restore its adhesive properties.
- **General Cleaning:** Wipe the phone holder and arm with a soft, damp cloth to remove dust and grime. Avoid using harsh chemicals.

Image: The Lamicall Car Phone Mount's nano-grade honeycomb adhesive, illustrating its temperature resistance, 3-layer gel construction, and washable nature for restoring adhesion.

8. TROUBLESHOOTING

- **Suction Cup Not Sticking:** Ensure the mounting surface is clean, dry, and smooth. Wash the suction cup with water and let it air dry to restore adhesion. Avoid porous or textured surfaces.
- **Phone Not Holding Securely:** Ensure the side clamps are fully closed and gripping the phone firmly. Check that the phone is properly seated on the bottom support.
- **Mount Feels Loose:** Tighten all adjustment knobs and ensure the suction cup lever is fully engaged.

9. SPECIFICATIONS

Feature	Detail
Model Number	STCD05-US-BL
Product Dimensions	3.19 x 2.8 x 7.2 inches
Item Weight	8.8 ounces
Color	Black
Special Features	Cold Resistant, Heat Resistant, Non-Slip, Quick Release Button, Rotatable
Compatible Devices	Designed for All Smartphones with Wallet Case, Ring Case and Thick Case (4.7-6.8 inches)
Mounting Type	Dashboard, Windshield (Suction Cup)
