

## VEVOR S13-001A

# VEVOR 25.6-inch Walk-Behind Hand Push Floor Sweeper Instruction Manual

Model: S13-001A | Brand: VEVOR

### 1. INTRODUCTION

This manual provides essential information for the safe and efficient operation, maintenance, and troubleshooting of your VEVOR 25.6-inch Walk-Behind Hand Push Floor Sweeper. This human-powered, non-electric sweeper is designed for effective cleaning of various surfaces, featuring a wide sweeping path and a large waste container. Please read this manual thoroughly before initial use and retain it for future reference.

## 2. SAFETY INSTRUCTIONS

- Read all instructions before operating the sweeper.
- Wear appropriate personal protective equipment (PPE), such as gloves and safety glasses, during assembly, operation, and maintenance.
- Keep children and pets away from the operating area.
- Use the sweeper only on appropriate surfaces as intended. Avoid uneven or excessively rough terrain that could damage the brushes or wheels.
- Do not use the sweeper to pick up hazardous materials, flammable liquids, or sharp objects that could cause injury or damage.
- Ensure the waste container is securely in place before operation.
- Store the sweeper in a dry, secure location when not in use.

### 3. PRODUCT COMPONENTS

Familiarize yourself with the various parts of your VEVOR Hand Push Floor Sweeper:

1. Wide Handle
2. Height Adjusting Pole
3. Large Waste Container
4. Handle Folding Knob
5. Rolling Wheel
6. Carrying Handle
7. Hidden Front Wheel
8. Side Brushes

## 4. SETUP AND ASSEMBLY

The VEVOR Hand Push Floor Sweeper features a straightforward 5-step assembly process. Follow these steps to prepare your sweeper for use:

*Figure 3: A visual guide illustrating the simple five-step assembly process for the sweeper.*

1. Place the main body on a flat surface.
2. Insert and secure the handle into the slot.
3. Install the brushes on the bottom and secure them.
4. Mount the dustbin at the front and close the lid.
5. Adjust the handle angle to set desired working height.

### Assembly Demonstration Video

*Video 1: This video illustrates the basic functionality and ease of operation of a hand push sweeper, including assembly steps, similar to the VEVOR model.*

## 5. OPERATING INSTRUCTIONS

The VEVOR Hand Push Floor Sweeper utilizes a human-powered sweeping mechanism, offering efficient cleaning without the need for electricity or fuel. Its large side brushes cover a 25.6-inch sweeping path, making cleaning faster than traditional brooms.

- **Adjust Handle:** The handle's angle and height are adjustable in two gears for comfortable operation by users of various heights. Adjust the handle to a comfortable position before starting.
- **Push Forward:** Simply push the sweeper forward. The rotating side brushes will gather debris into the 5-gallon waste container.
- **Surface Versatility:** The sweeper moves effortlessly on various surfaces, including sidewalks, patios, garages, workshops, driveways, and roads. It effectively collects leaves, debris, garbage, weeds, and waste from concrete, asphalt, tile, marble, and linoleum.
- **Low Noise Operation:** Designed with a hidden front wheel and two large rear rolling wheels, the sweeper operates with low noise.

*Video 3: A demonstration of the VEVOR Walk-Behind Hand Push Floor Sweeper's performance on different floor types, illustrating its ability to quickly clear debris with minimal effort.*

## 6. MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your sweeper.

- **Empty Waste Container:** Regularly empty the 5-gallon waste container to maintain optimal sweeping performance. The container is easily removable for disposal.
- **Clean Brushes:** After each use, inspect and clean the side brushes and main brush to remove any tangled debris or excessive dirt. This can be done by hand or with a damp cloth.
- **Check for Wear:** Periodically check the brushes and wheels for signs of wear or damage. Replace worn parts as necessary to ensure effective operation.
- **Storage:** The foldable handle allows for easy upright storage, taking up minimal space. Store the sweeper in a clean, dry environment away from extreme temperatures.

## LARGE CAPACITY & HIDDEN FRONT WHEEL

Low noise sweeping, use without any burden

## 7. TROUBLESHOOTING

If you encounter issues with your sweeper, refer to the following common troubleshooting tips:

- **Sweeper not picking up debris effectively:**
  - Check if the waste container is full and empty it if necessary.

- Ensure the brushes are clean and free of tangled debris.
- Adjust the brush height to ensure proper contact with the surface.
- Inspect brushes for wear and replace if bristles are significantly worn.

- **Difficulty pushing the sweeper:**

- Check the wheels for any obstructions or debris.
- Ensure the handle is adjusted to a comfortable height and angle.
- Verify that the sweeper is being used on a suitable surface.

- **Excessive dust during operation:**

- Ensure the waste container is properly sealed and not overfilled.
- The sweeper is designed to minimize dust, but some fine dust may be unavoidable in very dry conditions.

## 8. SPECIFICATIONS

Feature	Specification
Product Dimensions	43.7 x 25.6 x 41.7 inches (1110 x 650 x 1060 mm)
Item Weight	20 pounds (9.1 kg)
Manufacturer	VEVOR
Item Model Number	S13-001A (Walk-behind Hand Push Floor Sweeper)
Sweeping Width	25.6 inches / 650 mm
Waste Container Capacity	5 Gallon / 18.9 L
Main Material	Carbon Steel + PP
Batteries Required	No
