Marrone 658437

Marrone Digital Quartz Flip Desk Clock User Manual

Model: 658437

1. INTRODUCTION

Thank you for choosing the Marrone Digital Quartz Flip Desk Clock. This manual provides essential information for the proper setup, operation, and maintenance of your new clock. Please read these instructions carefully before use and retain them for future reference.

The Marrone Flip Desk Clock combines a vintage aesthetic with modern quartz accuracy. Its unique design features flipping digital cards for time display, housed within a durable stainless steel frame. It is designed for indoor use and serves as both a functional timepiece and a decorative item.

2. PACKAGE CONTENTS

Upon unpacking, please ensure all items listed below are present and in good condition:

- 1 x Marrone Digital Quartz Flip Desk Clock
- 1 x User Manual (this document)

Note: 1 x D Battery is required for operation and is not included in the package.

3. SAFETY INFORMATION

- Keep the clock away from direct sunlight, high temperatures, and high humidity.
- Avoid dropping the clock or subjecting it to strong impacts.
- Do not attempt to disassemble or modify the clock. This may void the warranty and cause damage.
- Dispose of used batteries responsibly according to local regulations.
- Keep batteries out of reach of children.

4. SETUP

4.1 Battery Installation

1. Locate the battery compartment on the back of the clock.

2. Open the battery compartment cover.

3. Insert one (1) D-size battery, ensuring the polarity (+ and -) matches the indicators inside the compartment.

4. Close the battery compartment cover securely.

Figure 2: Diagram illustrating the back view of the clock, including the battery compartment.

4.2 Setting the Time

1. Locate the rotary knob on the right side of the clock, adjacent to the minute display.

2. Gently turn the knob counter-clockwise (forward) to advance the minute and hour displays.

3. Continue turning until the desired time is displayed. The clock operates in a 12-hour AM/PM format.

4. Ensure you set the correct AM or PM period.

Figure 3: Close-up view of the rotary knob used for time adjustment.

5. OPERATING THE CLOCK

Once the battery is installed and the time is set, the clock will operate automatically. The digital cards will flip to display the current time in a 12-hour AM/PM format.
To adjust the time at any point, simply follow the steps outlined in Section 4.2 "Setting the Time".

Easily adjust the time, the numbers on the card are very large, and you can see clearly from a distance

6. MAINTENANCE

6.1 Cleaning

To clean the clock, wipe it gently with a soft, dry cloth. Do not use abrasive cleaners, solvents, or chemical sprays, as these can damage the finish and internal components.

6.2 Battery Replacement

The clock is powered by a single D-size battery. The average lifespan of a D-type battery in this clock is approximately 5-6 months. Replace the battery when the clock stops flipping or the time becomes inaccurate. Refer to Section 4.1 for battery installation instructions.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Clock is not operating / Time is not advancing.	Battery is dead or incorrectly installed.	Check battery polarity. Replace with a new D-size battery.
Time is inaccurate.	Low battery power or initial setting error.	Replace the battery. Re-set the time carefully following Section 4.2.
Flipping mechanism is stuck.	Obstruction or internal issue.	Ensure no foreign objects are obstructing the cards. If the issue persists, contact customer support. Do not force the mechanism.

8. SPECIFICATIONS

Feature	Detail
Brand	Marrone
Model Number	658437
Colour	Black & Silver
Display Type	Digital (Flip Card)
Time Mode	12 Hour AM/PM
Accuracy	±90 Second / Month
Operating Temperature	-10°C to +50°C (14°F to 122°F)
