Earbuds not pairing/connecting	Out of range, low battery, pairing mode not active.	Ensure earbuds are charged. Place earbuds back in case, close, then open to re-enter pairing mode. Move closer to the device. Forget "J90 Pro" in device's Bluetooth settings and re-pair.

Low volume or poor sound quality	Incorrect ear tip size, ear tips/speaker mesh blocked, low battery.	Try different ear tip sizes for a better seal. Clean ear tips and speaker mesh. Charge earbuds fully.
