Assembly and Setup

The VASAGLE EKHO Collection Storage Ottoman Bench requires minimal assembly. Follow these steps to set up your new ottoman:

1. Unpack all components from the packaging. Ensure all parts listed in the 'Included Components' section are present.

2. Carefully place the ottoman body upside down on a soft, clean surface to prevent scratching.
3. Attach the steel legs to the designated mounting points on the underside of the ottoman. Align the holes and secure them using the provided screws and Allen key. Ensure all screws are tightened firmly for stability.
4. Once all legs are securely attached, carefully turn the ottoman upright.
5. Verify that the lid opens and closes smoothly and that the safety hinges function correctly.

Operating Instructions

The VASAGLE EKHO Collection Storage Ottoman Bench is designed for dual functionality: comfortable seating and convenient storage.

Using as a Bench:

The padded top provides a comfortable surface for sitting. It is ideal for use in an entryway for putting on or taking off shoes, as a bedroom bench at the foot of a bed, or as extra seating in a living area. The bench is designed to support a maximum static load of 660 lb (300 kg).

Using for Storage:

To access the storage compartment, gently lift the lid. The dual safety hinges will hold the lid open, preventing it from slamming shut. Place items such as blankets, pillows, books, or other household accessories into the 15-gallon (57L) compartment. Ensure the maximum static load of 132 lb (60 kg) for the storage compartment is not exceeded. Close the lid gently when finished.

Maintenance and Care

To ensure the longevity and appearance of your VASAGLE EKHO Collection Storage Ottoman Bench, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the synthetic leather surface with a dry cloth to remove dust and light spills. For more stubborn marks, a

slightly damp cloth with mild soap can be used, followed by drying with a clean, dry cloth. Avoid harsh chemicals or abrasive cleaners.

- **General Care:** Avoid prolonged exposure to direct sunlight or extreme temperatures, as this may cause the material to fade or crack.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary to maintain stability.

Safety Information

Please adhere to the following safety guidelines to prevent injury or damage to the product:

- Ensure the lid is fully secured before sitting on the ottoman.
- Avoid standing on the storage bench or using it as a ladder or climbing aid.
- Do not use the ottoman chair outdoors. It is designed for indoor use only.
- Do not exceed the maximum weight recommendations for the seat (660 lb / 300 kg) or the storage compartment (132 lb / 60 kg).
- Keep fingers clear of the lid and hinges when opening or closing to avoid pinching.

Troubleshooting

If you encounter any issues with your ottoman bench, please refer to the following common solutions:

- **Wobbly Bench:** Check that all leg screws are securely tightened. If the floor is uneven, adjust the swivel leveling feet on the legs to achieve stability.
- **Lid Not Closing Properly:** Ensure that no items in the storage compartment are obstructing the lid's path. Check the safety hinges for any damage or misalignment.
- **Difficulty Opening/Closing Lid:** The safety hinges are designed for smooth operation. If the lid feels stiff, ensure the hinges are clean and free from debris. Do not force the lid.
