## **SAFETY INFORMATION**

---

- Always handle the safety hinges with care to prevent pinched fingers.
- Do not exceed the maximum static load capacity of the seat (660 lb / 300 kg).
- Do not exceed the maximum static load capacity of the storage compartment (132 lb / 60 kg).
- Ensure all components are securely fastened before use.
- Keep small children away from the ottoman during assembly to avoid choking hazards from small parts.

## **PACKAGE CONTENTS**

---

Verify that all parts are present before beginning assembly:

- 1 x Storage Ottoman (main unit)
- 4 x Legs (typically pre-attached or easily screw-in)

- 1 x Instruction Manual

## SETUP AND ASSEMBLY

---

The VASAGLE EKHO Collection Storage Ottoman Bench requires minimal assembly. Typically, only the legs need to be attached.

1. Carefully remove the ottoman and all components from the packaging.
2. Locate the four legs.
3. Turn the ottoman upside down on a soft, clean surface to prevent scratching.
4. Align each leg with the pre-drilled holes or mounting points on the bottom corners of the ottoman.
5. Insert and twist each leg clockwise until it is fully tightened and secure. Do not overtighten.
6. Carefully turn the ottoman upright.

## **OPERATING INSTRUCTIONS**

---

### **Using as a Bench**

The ottoman provides comfortable seating. Ensure the lid is fully closed before sitting. The maximum static load capacity for the seat is 660 lb (300 kg).

### **Using the Storage Compartment**

To access the storage compartment:

1. Gently lift the lid of the ottoman. The safety hinges are designed for smooth operation and will hold the lid open.
2. Place or remove items from the 25-gallon (95L) storage space.
3. To close, gently push the lid down until it rests securely on the base.

The storage compartment is ideal for blankets, pillows, books, or other household items. Do not exceed the maximum static load capacity of 132 lb (60 kg) for the storage compartment.

## MAINTENANCE

---

To maintain the appearance and longevity of your storage ottoman:

- **Cleaning:** Wipe the synthetic leather surface with a dry cloth. For minor spills, use a slightly damp cloth and dry immediately. Avoid harsh chemicals or abrasive cleaners.
- **Protection:** Keep the ottoman away from direct sunlight and heat sources to prevent material degradation.
- **Inspection:** Periodically check the legs and hinges to ensure they remain tight and secure. Retighten if necessary.

## TROUBLESHOOTING

---

If you encounter any issues with your storage ottoman, consider the following:

- **Wobbly Legs:** Ensure all legs are fully and evenly tightened. If the floor is uneven, consider using furniture pads to stabilize.
- **Lid Not Closing Properly:** Check for any obstructions in the storage compartment or along the hinge mechanism. Ensure the ottoman is on a flat surface.
- **Squeaking Hinges:** Apply a small amount of silicone-based lubricant to the hinge points if they become noisy.

For issues not resolved by these steps, please contact customer support.
