

KPT 39inch

KPT 39 Inch Grill Cover Instruction Manual

Model: 39inch

Brand: KPT

1. INTRODUCTION

Thank you for choosing the KPT 39 Inch Grill Cover. This manual provides essential information for the proper use, installation, maintenance, and care of your new grill cover. Please read these instructions carefully before using the product to ensure optimal protection for your grill and extend the lifespan of the cover.

2. PRODUCT OVERVIEW

The KPT 39 Inch Grill Cover is designed to provide robust protection for various charcoal kettle grills and round smokers, including popular Weber 22-inch and 26-inch models. Constructed from durable 420D Oxford fabric with a thickened PU coating, it offers superior resistance against water, UV rays, dust, and harsh weather conditions. Its lightweight design and adjustable features ensure a secure fit and ease of use.

3. FEATURES

- **Optimized Dimensions:** Measures 39 inches (W) x 39 inches (D) x 41 inches (H), suitable for most 2-burner grills, Weber 22-inch kettle charcoal grills, 22-inch Jumbo Joe charcoal grills, most Weber 26-inch charcoal grill models, 70th Kettle Series, and Master-Touch Series.
- **Advanced Material:** Made from 420D light Oxford fabric with a PU coating, offering enhanced tear and UV

resistance while remaining breathable.

- **Weather Protection:** Effectively shields your grill from high winds, heavy rain, storms, sun, dust, and snow.
- **Secure Fit:** Equipped with adjustable hook & loop fasteners at the bottom to prevent the cover from being blown away by strong winds.
- **Easy Maintenance:** Simple to clean by rinsing with water and air-drying.

4. SETUP AND INSTALLATION

1. **Ensure Grill is Cool:** Before covering, ensure your grill has completely cooled down to prevent damage to the cover material.
2. **Position the Cover:** Carefully place the KPT grill cover over your charcoal kettle grill or round smoker, ensuring it drapes evenly over all sides.
3. **Secure with Fasteners:** Locate the adjustable hook & loop straps at the bottom of the cover. Fasten and tighten these straps to secure the cover firmly around the grill's base, preventing it from being dislodged by wind.

HIGH QUALITY VELCRO FIXATION

Image: A hand demonstrating the adjustment of the high-quality Velcro fixation strap at the bottom of the grill cover, ensuring a secure fit.

5. OPERATING INSTRUCTIONS

The KPT grill cover is designed for passive protection. Once installed, it requires no active operation. Its primary function is to shield your grill from environmental elements when not in use. Regularly check the cover for proper positioning, especially after strong winds, to ensure continuous protection.

6. MAINTENANCE & CARE

- **Cleaning:** To clean the grill cover, simply rinse off any dirt or debris with water. A soft brush or cloth can be used for stubborn spots. Avoid using harsh detergents or abrasive cleaners, as these may damage the material or coating.
- **Drying:** After cleaning, allow the cover to air dry completely in the sun before folding or storing. Ensure it is

thoroughly dry to prevent mold or mildew growth.

- **Storage:** When not in use, or during periods when the grill is frequently used, the cover can be folded compactly and stored in a dry place, such as a drawer or storage bin.

Image: The KPT round grill cover shown folded and stored compactly in a drawer, highlighting its portability and ease of storage.

7. TROUBLESHOOTING

- **Cover Blown Off by Wind:** Ensure the hook & loop fasteners are securely tightened around the base of the grill. If winds are exceptionally strong, consider adding additional weights or securing methods if safe to do so.
- **Water Pooling on Top:** While the cover is waterproof, prolonged water pooling can occur if the grill's shape creates depressions. Periodically check and remove any standing water to prevent stretching or stress on the fabric.
- **Fading Over Time:** Although UV-resistant, prolonged exposure to intense sunlight over many years may cause some minor fading. This is normal wear and tear and does not typically affect the protective qualities of the cover.

8. SPECIFICATIONS

Attribute	Detail
Brand	KPT
Material	420D Waterproof Oxford fabric with a PU coating
Color	Black
Product Dimensions (L x W x H)	39" x 39" x 41"
Closure Type	Hook and Loop
Item Weight	1.52 pounds
Model Number	39inch

9. IMPORTANT SAFETY INFORMATION

- **Allow grill to cool completely before covering.** Covering a hot grill can damage the cover material and pose a fire hazard.
- Keep the cover away from open flames or extreme heat sources.
- Ensure the cover is not obstructing any ventilation openings on the grill when in use.

10. WARRANTY AND SUPPORT

KPT is committed to customer satisfaction and product quality. If you have any questions, concerns, or require assistance with your KPT Grill Cover, please do not hesitate to contact our customer service team. We aim to respond to all inquiries within 24 hours.

For support, please refer to the contact information provided at the point of purchase or visit the official KPT website.
