MAINTENANCE

Regular maintenance ensures the optimal performance and longevity of your diffuser.

- **Cleaning the Essential Oil Bottle:** Periodically clean the essential oil bottle and atomization head with rubbing alcohol to prevent clogging and ensure efficient diffusion.
- **Exterior Cleaning:** Wipe the exterior of the machine with a soft, dry cloth. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** If not in use for an extended period, empty the essential oil bottle, clean it, and store the diffuser in a cool, dry place.

TROUBLESHOOTING

Problem	Possible Cause	Solution
No mist/aroma output	Empty essential oil bottle, clogged atomization head, incorrect settings.	Refill essential oil, clean atomization head, check app/device settings for correct working times and intensity.

Problem	Possible Cause	Solution
Device not powering on	Power adapter not connected, power outlet issue.	Ensure power adapter is securely connected and plugged into a working outlet.
Difficulty connecting to app	Bluetooth not enabled, incorrect pairing code, device too far from phone.	Enable Bluetooth, ensure correct pairing code (9999), bring phone closer to the device. Restart both devices if necessary.
Weak aroma output	Low aroma concentration setting, large room size.	Increase aroma intensity in app/device settings. Consider optimal placement for room size.
