3. SETUP AND ASSEMBLY

The Real Flame Morris 13058E Electric Fireplace TV Stand requires assembly. Detailed assembly instructions are included in the product packaging. Please ensure all components are present and undamaged before beginning assembly.

Before You Begin:

- Read all instructions carefully.
- Identify and count all parts against the parts list in the manual.
- Gather necessary tools (e.g., screwdrivers).
- Assemble on a soft, clean surface to prevent scratches.

Important Assembly Steps:

1. Follow the step-by-step instructions provided in the included assembly manual.
2. Ensure the electric firebox is securely installed into the mantel.
3. Install the anti-topple safety device as directed to secure the unit to a wall, preventing accidental tipping.
4. Connect the 6-foot power cord with the lay-flat plug to a standard three-prong outlet.

4. OPERATING INSTRUCTIONS

The electric fireplace can be operated using the integrated touch controls or the included remote control.

Powering On/Off:

- Ensure the unit is plugged into a standard 120V AC, 60Hz, 15 Amp grounded outlet.
- Press the power button on the control panel or remote to turn the unit on or off.

Adjusting Flame Settings:

- Use the flame color button to cycle through six different flame colors.
- Use the flame brightness button to select from five brightness levels.

Using the Heater:

- Press the heater button to activate the supplemental heat function.

- Adjust the thermostat to your desired temperature. The heater will cycle on and off to maintain the set temperature.
- To enjoy the flames without heat, ensure the heater function is turned off.

Timer Function:

- Activate the timer function to set the fireplace to automatically shut off after a specified duration. Refer to the detailed manual for specific timer intervals.

5. MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your electric fireplace TV stand.

- **Cleaning:** Dust the unit regularly with a soft, dry cloth. For stubborn marks, use a slightly damp cloth and mild cleaner, then dry immediately. Do not use abrasive cleaners.
- **Firebox Maintenance:** Keep the air intake and exhaust vents clear of dust and debris to ensure proper airflow and prevent overheating.
- **Electrical Components:** Periodically check the power cord for any damage. If damaged, discontinue use and contact customer support.

6. TROUBLESHOOTING

If you encounter any issues with your Real Flame Morris 13058E Electric Fireplace TV Stand, please refer to the following common solutions. For problems not listed here, contact customer support.

- **No Power:** Ensure the power cord is securely plugged into a grounded outlet. Check the circuit breaker.
- **Heater Not Working:** Verify the heater function is activated and the thermostat is set above the current room temperature. Check for any obstructions in the air vents. The automatic safety shut-off may have been activated due to overheating; unplug the unit, wait 10-15 minutes, and plug it back in.
- **Flames Not Visible:** Ensure the flame effect is turned on and brightness is adjusted.
- **Remote Control Not Working:** Check and replace batteries if necessary. Ensure there are no obstructions between the remote and the unit's sensor.
