Imou 4K Outdoor Spotlight Camera (Knight) - Instruction Manual

Model: Knight

Brand: Imou

1. INTRODUCTION AND OVERVIEW

The Imou 4K Outdoor Spotlight Camera is an advanced security solution designed to provide comprehensive surveillance for your outdoor spaces. Featuring 8MP resolution for crystal-clear 4K video, smart color night vision, two-way audio communication, and AI-powered detection capabilities, this camera offers robust protection and peace of mind. Its IP66 weatherproof rating ensures reliable performance in various environmental conditions.

Figure 1: Front view of the Imou 4K Outdoor Spotlight Camera.

Key Features:

- **4K Ultra HD Resolution:** 8MP sensor captures detailed 4K video, allowing for clear identification of objects and individuals.
- **Smart Color Night Vision:** Built-in 600-Lumen LED floodlights enable full-color video recording even in low-light conditions, enhancing visibility and detail at night.
- **Active Deterrence:** Features a 110dB security siren and integrated floodlights that activate upon motion detection to deter intruders.
- **AI-Powered Detection:** Advanced AI distinguishes between persons, vehicles, and pets, reducing false alarms and providing accurate notifications.
- **Two-Way Talk:** Built-in microphone and speaker allow for real-time communication with visitors or to warn off unwanted guests.
- **Dual-Band Wi-Fi 6:** Supports both 2.4GHz and 5GHz Wi-Fi bands for faster, more stable connections and smoother live streaming.
- **IP66 Weatherproof:** Designed to withstand harsh weather conditions, ensuring year-round outdoor reliability.
- **Flexible Storage Options:** Supports Micro SD card (up to 256GB), NVR, and Imou Cloud Service for secure video storage.

2. SETUP AND INSTALLATION

Follow these steps to set up your Imou 4K Outdoor Spotlight Camera and connect it to the Imou Life app.

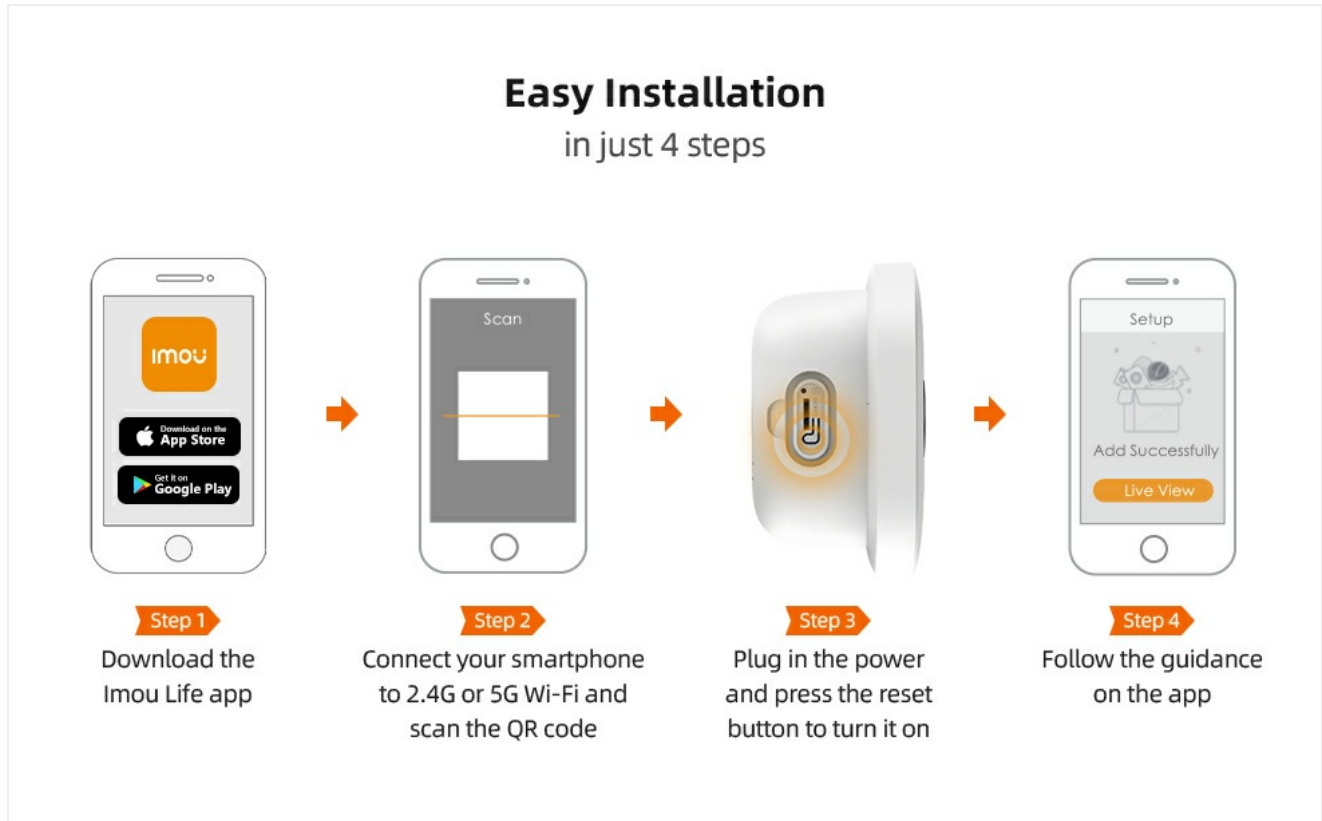

Figure 2: Easy installation steps for the Imou camera.

Initial Setup:

1. **Download the Imou Life App:** Search for "Imou Life" on the App Store (iOS) or Google Play Store (Android) and download the application.
2. **Connect to Wi-Fi:** Ensure your smartphone is connected to a 2.4G or 5G Wi-Fi network.
3. **Power On the Camera:** Plug in the camera to a power source. The camera will power on and initiate its startup sequence.
4. **Scan QR Code:** Open the Imou Life app, tap the '+' icon to add a new device, and scan the QR code located on your camera. Follow the on-screen instructions within the app to complete the connection process.

The camera can be used as a standalone device with local storage (Micro SD card up to 256GB, providing approximately 16 days of recordings before overwriting), or it can be connected to a Network Video Recorder (NVR) for extended storage and system integration. The camera also supports ONVIF for compatibility with various NVRs and software.

3. OPERATING THE CAMERA

Once set up, the Imou Life app provides full control and access to your camera's features.

Live View and Playback:

- Access live video feed from your smartphone or tablet.
- Pause live view, view multiple cameras simultaneously, and adjust image quality (High Definition/Standard Definition).
- Toggle audio on/off and switch to full-screen mode.

- Access recorded playbacks from both cloud storage and the Micro SD card via the app's timeline feature.

Advanced Features:

Your Privacy is Our Top Priority

How to ensure data security?

We have deployed local servers in Europe and adopted advanced TLS encryption technology to protect your personal data. 100% compliance with GDPR.

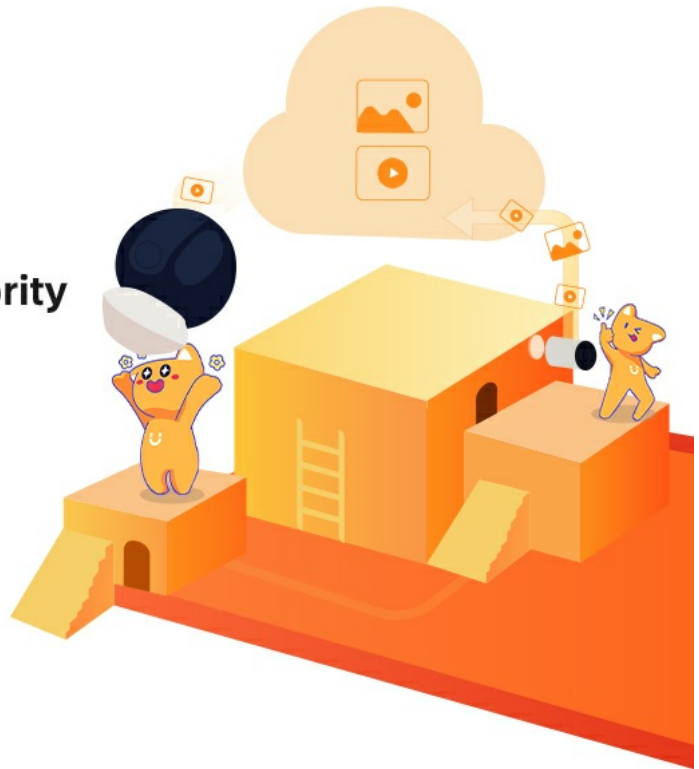

Figure 4: Visual comparison demonstrating the superior detail of 4K UHD over lower resolutions.

- **AI Detection:** Configure the camera to differentiate between human, vehicle, and pet movements, minimizing irrelevant alerts.
- **Cross Line Detection:** Set virtual lines in the app; receive alerts when an object crosses the defined line in a specified direction.
- **Activity Zones:** Define specific areas within the camera's view for motion detection, focusing on critical zones and ignoring others.

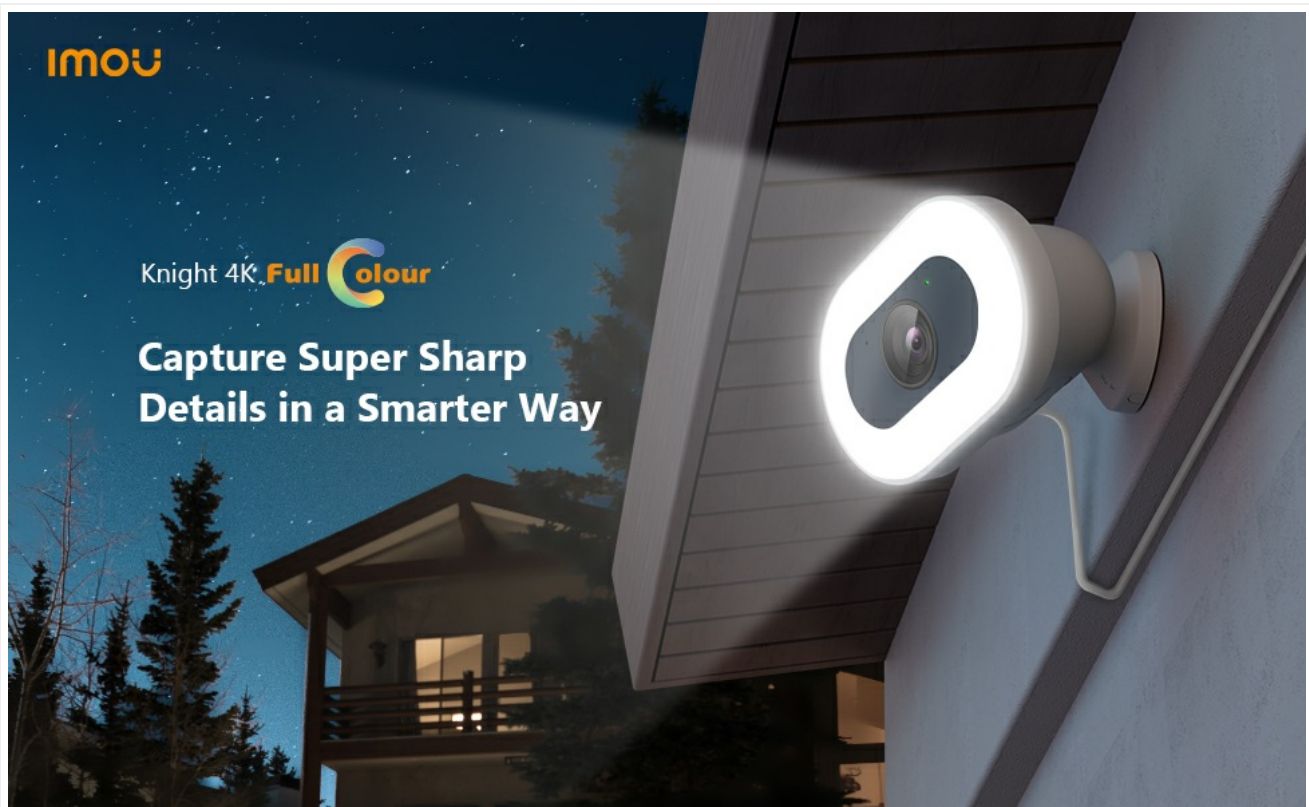

Figure 5: The camera's AI accurately identifies different types of subjects, reducing false alarms.

Smart AI-based Detection

Know the difference between a person, vehicle or pet, less false alerts

Figure 11: Enjoy seamless live streaming and stable connections throughout your property.

4. MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your Imou 4K Outdoor Spotlight Camera.

- **Lens Cleaning:** Gently wipe the camera lens with a soft, clean cloth to remove dust or smudges. Avoid abrasive materials that could scratch the lens.
- **Housing Cleaning:** Clean the camera's exterior housing with a damp cloth. Do not use harsh chemicals or solvents.
- **Firmware Updates:** Regularly check for and install firmware updates via the Imou Life app to ensure your camera has the latest features and security enhancements.
- **Power Connection:** Periodically inspect the power cable and connections for any signs of wear or damage.
- **Wi-Fi Signal Strength:** Monitor the Wi-Fi signal strength in the app to ensure a stable connection. Relocate the camera or router if the signal is consistently weak.

5. TROUBLESHOOTING

If you encounter issues with your Imou 4K Outdoor Spotlight Camera, refer to the following common troubleshooting tips:

- **No Live View/Offline:**
 - Check the camera's power connection.
 - Verify your Wi-Fi network is active and the camera is within range.
 - Restart the camera by unplugging and re-plugging it.
 - Ensure the Imou Life app is updated to the latest version.
- **Poor Image Quality:**
 - Clean the camera lens.

- Check the Wi-Fi signal strength; a weak signal can affect video quality.
 - Ensure the camera's resolution setting in the app is set to 4K or High Definition.
- **False Alarms:**
 - Adjust the motion sensitivity settings in the Imou Life app.
 - Configure activity zones to exclude areas with frequent irrelevant motion (e.g., busy roads, swaying trees).
 - Ensure AI detection (person, vehicle, pet) is enabled and functioning correctly.
 - **Two-Way Talk Issues:**
 - Check the volume settings on your phone and in the app.
 - Ensure there is no obstruction blocking the camera's microphone or speaker.
 - Verify network stability for clear audio transmission.
 - **SD Card Not Recording:**
 - Ensure the Micro SD card is correctly inserted.
 - Format the SD card through the Imou Life app.
 - Check if the SD card has reached its capacity; older recordings will be overwritten.

For further assistance, please refer to the Imou Life app's help section or visit the official Imou support website.
