VECELO KHD-TB08-BGE

VECELO Twin Bed Frame Instruction Manual

Model: KHD-TB08-BGE | Brand: VECELO

1. INTRODUCTION

The VECELO Upholstered Platform Bed Frame is designed to provide a comfortable and quiet sleeping environment. Crafted with carefully selected materials, this bed frame features a height-adjustable headboard and robust wood slats for stability. It is designed for easy assembly and does not require a box spring.

2. KEY FEATURES

- **Soft Breathable Teddy Fabric:** Upholstered with teddy fabric for a plush backrest and luxurious feel. Ideal for families with children and pets.
- **Height-Adjustable Headboard:** The headboard can be adjusted from 40.6 inches to 48.4 inches high to accommodate various mattress thicknesses and user preferences for reading or watching TV.
- **Quiet and Quality Sleep:** Features non-slip strips on slats, a unique buckle structure, and an extra layer of EVA foam on the metal frame to prevent noise and ensure a peaceful rest.
- **Sturdy and Durable Construction:** Made with high-quality materials, supporting up to 600 lbs without deformation. Eco-friendly materials prioritize health.
- **No Box Spring Needed:** Designed for direct mattress placement on the wood slats, eliminating the need for a box spring.

- **7.9" Under Bed Storage Space:** Provides ample clearance for convenient under-bed storage.

3. SETUP AND ASSEMBLY

The VECELO Twin Bed Frame is designed for quick and hassle-free assembly. All necessary tools and clear instructions are included in the package. Many bolts are pre-installed to simplify the process.

For detailed step-by-step instructions, please refer to the official Installation Manual (PDF) provided with your product or available online: [Installation Manual \(PDF\)](#).

Strong Connection

The reinforced joints ensure a secure and long-lasting bond, providing extra stability for everyday use.

Sturdy Structure

The metal frame enhances the bed's durability and stability.

4. OPERATING INSTRUCTIONS

Once assembled, the VECELO bed frame is ready for immediate use. Simply place your twin-sized mattress directly onto the wood slats. No box spring is required.

To adjust the headboard height, loosen the bolts on the headboard legs, slide the headboard to your desired height (between 40.6 and 48.4 inches), and securely tighten the bolts. This allows you to customize the headboard's position to best suit your mattress thickness and comfort needs.

Comfortable and Sleep-Friendly

Sleep peacefully every night

5. MAINTENANCE

To maintain the quality and appearance of your VECELO bed frame, wipe it with a damp cloth as needed. Avoid using harsh chemicals or abrasive cleaners that could damage the fabric or frame finish.

Periodically check all bolts and connections to ensure they remain tight. Re-tighten any loose fasteners to maintain the bed frame's stability and prevent noise.

6. TROUBLESHOOTING

Noise Issues:

If you experience any creaking or squeaking noises, ensure all assembly bolts are securely tightened. The bed frame is designed with non-slip strips on the slats and EVA foam on the metal frame to minimize noise. Verify these components are correctly in place.

Stability Concerns:

Ensure the bed frame is placed on a flat, level surface. Confirm that all legs are making full contact with the floor and that all connections are firm. Do not exceed the maximum weight capacity of 600 lbs.

Headboard Adjustment:

If the headboard is difficult to adjust, ensure the bolts are sufficiently loosened before attempting to slide it. Re-tighten firmly once the desired height is achieved.

7. SPECIFICATIONS

Size	Twin
Product Dimensions	77.4"L x 42.5"W x 48.4"H
Adjustable Headboard Height	40.6" - 48.4"
