## GoolRC B0CF8Q97YN

# GoolRC Crazy Jumping RC Stunt Car Instruction Manual

Brand: GoolRC | Model: B0CF8Q97YN

## 1. INTRODUCTION

Thank you for purchasing the GoolRC Crazy Jumping RC Stunt Car. This manual provides essential information for the safe and optimal operation of your new remote-controlled vehicle. Please read it thoroughly before use and retain it for future reference.

### Product Features:

- **Durable Construction:** Made from robust ABS material to withstand active play.
- **Dynamic Stunts:** Capable of bouncing, standing upright, jumping forward, and performing rocking motions. The hood opens and closes, and the hat swings during stunts.
- **Interactive Experience:** Features stunning lighting effects and integrated music for an engaging play experience.
- **Long-lasting Power:** Equipped with a 3.7V 500mAh rechargeable lithium battery for extended playtime.
- **Multi-Terrain Capability:** Designed to operate on various surfaces including grass, sidewalks, and is pool-friendly.

## 2. SETUP

### 2.1 Battery Installation

Ensure all batteries are installed correctly before operating the vehicle.

#### 1. Vehicle Battery:

- Locate the car buckle on the underside of the vehicle. Rotate it to open the battery compartment.
- Connect the provided 3.7V 500mAh lithium battery to the car's internal connector.
- Carefully place the battery inside the compartment and close the car buckle securely.

#### 2. Remote Control Batteries:

- Open the battery cover on the back of the remote control.

- Insert 2 x 1.5V 'AA' batteries (not included) according to the polarity markings.
- Close the battery cover.

Figure 2: Step-by-step guide for battery installation in the vehicle.

## 2.2 Charging the Vehicle Battery

The vehicle's 3.7V 500mAh lithium battery is rechargeable. Use the provided USB charging cable.

1. Connect the USB charging cable to the charging port on the vehicle (usually located under a protective cover).
2. Plug the other end of the USB cable into a compatible USB power source (e.g., computer, USB wall adapter).
3. The charging indicator light will show the charging status. Once fully charged, disconnect the cable.

## 3. OPERATING INSTRUCTIONS

### 3.1 Power On/Off

- **Vehicle:** Locate the power switch on the vehicle's underside and slide it to the 'ON' position.
- **Remote Control:** Press the power button on the remote control to turn it on.

### 3.2 Basic Controls

The remote control features intuitive buttons for easy maneuverability:

- **Forward/Backward:** Use the designated buttons to move the car forward or backward.
- **Left/Right:** Use the designated buttons to steer the car left or right.
- **Stunt Keys:** The remote includes specific 'stunt keys' to activate unique actions:
  - Push Up (Stunt Key): Rear wheels move forward.
  - Push Down (Stunt Key): Rear wheels move backward.
  - Push Left (Stunt Key): Front wheels move backward.
  - Push Right (Stunt Key): Front wheels move forward.
  - Press two stunt keys simultaneously to make the car walk upright.

## 4. MAINTENANCE

### 4.1 Cleaning

To maintain the longevity and performance of your stunt car:

- Wipe the car with a soft, dry cloth after each use.
- If the car has been used in water, ensure all parts are thoroughly dried before storage.
- Avoid using harsh chemicals or abrasive materials for cleaning.

### 4.2 Storage

When not in use, store the car and remote control in a cool, dry place away from direct sunlight and extreme temperatures. Remove batteries from the remote control if storing for extended periods.

## 5. TROUBLESHOOTING

If you encounter any issues with your GoolRC Crazy Jumping RC Stunt Car, please refer to the following common solutions:

- **Car not responding:**

- Ensure both the car and remote control are powered on.
- Check if the car's rechargeable battery is fully charged.
- Replace the batteries in the remote control if they are low or depleted.
- Ensure the car and remote are within operating range.

- **Reduced performance/short battery life:**

- Fully charge the vehicle's battery before each use.
- Ensure the remote control batteries are fresh.
- Performance may vary based on terrain and continuous stunt usage.

- **Car not performing stunts correctly:**

- Ensure the car is on a flat, smooth surface for optimal stunt performance.
- Refer to the 'Operating Instructions' section for correct button combinations for stunts.

## 6. SPECIFICATIONS

Feature	Detail
Brand	GoolRC
Model Number	B0CF8Q97YN
Product Dimensions	9.84 x 7.87 x 9.84 inches
Item Weight	15.9 ounces
Manufacturer Recommended Age	16 years and up
Vehicle Battery	3.7V 500mAh Lithium Battery (Rechargeable)
