- 3.Tap on [Model Number](#) to display it

Image 3.1: Visual guide to compatible iPad models and how to find your iPad's model number.

To verify your iPad model number, check the back of your tablet or navigate to Settings > General > About > Model Number on your iPad.

4. Product Overview

The doqo Keyboard Case transforms your iPad into a laptop-like device, enhancing productivity and versatility. Key features include:

- **Multi-Touch Trackpad:** Supports iPadOS gestures for precise navigation.
- **Colorful Backlit Keys:** 7 colors with 3 adjustable brightness levels for comfortable typing in various lighting conditions.
- **Scissor Keys:** Designed for a responsive and comfortable typing experience.
- **Magnetic Levitation Arm Design:** Provides a stable and adjustable viewing angle.
- **Durable Construction:** Made with PU leather for protection and features rubber screen bumpers.
- **Long Battery Life:** Up to 90 days standby time.
- **Smart Wake-to-Sleep Function:** Conserves battery life for both the keyboard and iPad.

5. Setup

5.1. Charging the Keyboard

Before initial use, fully charge the keyboard. Connect the provided USB-C cable to the charging port on the side of the keyboard and to a power source. The charging indicator will show the charging status.

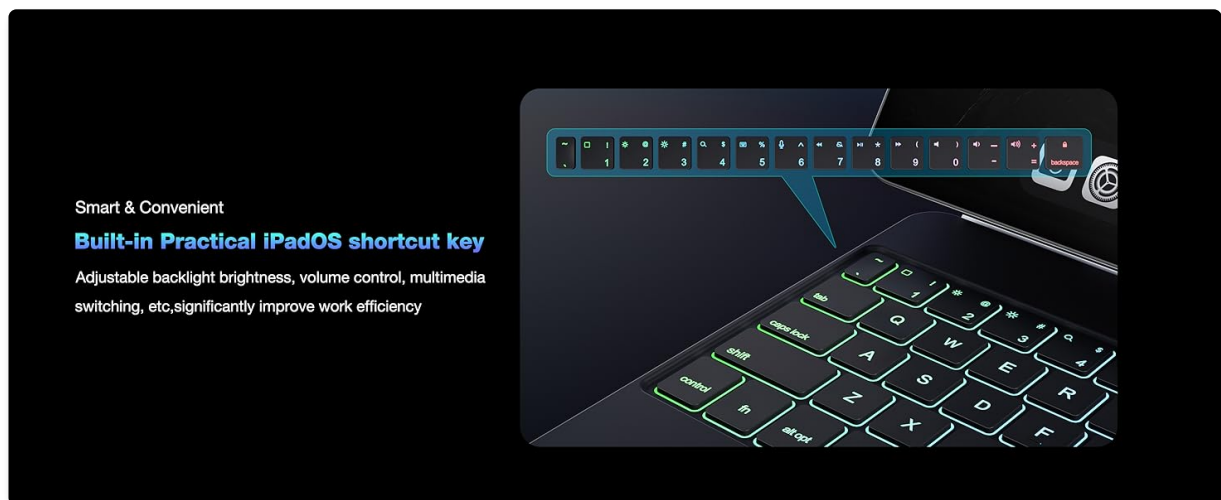

Image 5.1: The Type-C charging port located on the side of the keyboard for convenient charging.

5.2. Bluetooth Pairing

1. Ensure the keyboard is charged.
2. Place your iPad onto the magnetic cover of the keyboard case.
3. Turn on the keyboard by pressing the power button (if available) or opening the case.
4. On your iPad, go to **Settings > Bluetooth** and turn Bluetooth on.
5. The keyboard will appear as a discoverable device (e.g., 'doqo Keyboard'). Tap on it to pair.
6. Once paired, the keyboard will automatically connect when used again, thanks to the smart wake-to-sleep function.

6. Operating Instructions

6.1. Keyboard Functions

- **Backlight Control:** The keyboard features 7 colors of backlight and 3 adjustable brightness levels. Use the dedicated shortcut keys to cycle through colors and adjust brightness.
- **iPadOS Shortcut Keys:** A row of practical shortcut keys is integrated for quick access to functions like backlight adjustment, volume control, and multimedia switching.

6.2. Trackpad Gestures

The integrated multi-touch trackpad supports various iPadOS gestures, allowing for laptop-like navigation:

- **Cursor Control:** Move the cursor precisely across the screen.
- **Multi-Touch Gestures:** Use gestures for managing files, browsing the web, and switching between applications. Refer to iPadOS settings for a full list of supported gestures.

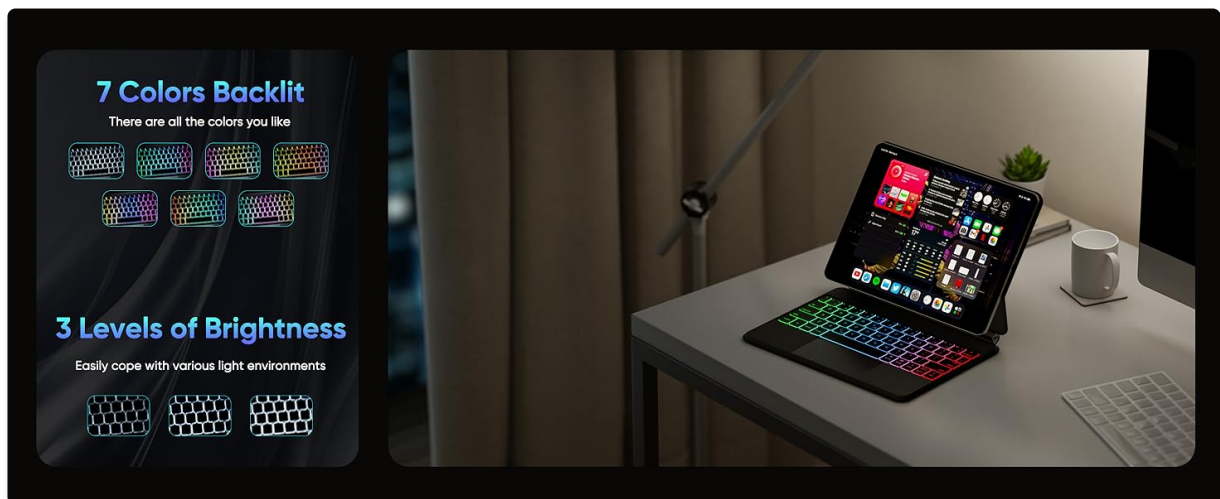

Image 6.4: Visual guide to common multi-touch trackpad gestures for iPadOS, including managing files, browsing, and switching apps.

7. Maintenance

To ensure the longevity and optimal performance of your doqo Keyboard Case, follow these maintenance guidelines:

- **Cleaning:** Use a soft, damp cloth to wipe the exterior of the case. Avoid harsh chemicals or abrasive materials.
- **Keyboard Cleaning:** Use compressed air to remove debris from between the keys. A soft brush can also be used.
- **Storage:** When not in use for extended periods, store the keyboard case in a cool, dry place.
- **Avoid Liquids:** Keep the keyboard case away from liquids to prevent damage to electronic components.

8. Troubleshooting

If you encounter issues with your doqo Keyboard Case, refer to the following common solutions:

- **Keyboard Not Connecting:**
 - Ensure the keyboard is charged.
 - Verify Bluetooth is enabled on your iPad.
 - Forget the device in iPad Bluetooth settings and attempt to re-pair.
 - Restart both your iPad and the keyboard.
- **Keys Not Responding:**
 - Check if the keyboard is properly connected via Bluetooth.
 - Ensure the keyboard battery is not depleted.
 - Clean around the affected keys to remove any obstructions.
- **Trackpad Not Working:**
 - Confirm Bluetooth connection.
 - Check iPadOS settings to ensure trackpad support is enabled.
 - Restart the iPad and keyboard.
- **Backlight Not Functioning:**
 - Ensure the keyboard is powered on and connected.
 - Use the backlight shortcut keys to adjust brightness and color.
 - Charge the keyboard, as low battery can affect backlight performance.
