YEABRICKS LED Light Kit Instruction Manual for LEGO Technic Lamborghini Huracán Tecnica (42161)

Model: 42161
Brand: YEABRICKS

INTRODUCTION

This instruction manual provides detailed guidance for installing and operating your YEABRICKS LED Light Kit, specifically designed for the LEGO Technic Lamborghini Huracán Tecnica (Model 42161) building set. This kit enhances the visual appeal of your LEGO model by adding functional lighting. Please note that the LEGO building set is not included with this light kit.

For optimal results and to ensure proper functionality, please read all instructions carefully before beginning installation.

SAFETY INFORMATION

- This product contains small parts and is not suitable for children under 3 years old due to choking hazards.
- Handle LED wires and components with care to avoid damage.
- Ensure power is disconnected before making any adjustments or installations.
- Do not expose the light kit to excessive heat or moisture.
- Use only the recommended power source (e.g., USB power bank, USB hub, or battery box) to prevent damage to the lights.

PACKAGE CONTENTS

Verify that all components listed below are present in your package:

- LED Light Kit components (various lights and connecting wires)
- Battery Box (for power supply)
- USB Power Cable
- User Guide (this manual)

★ NOT INCLUDE THE LEGO MODEL

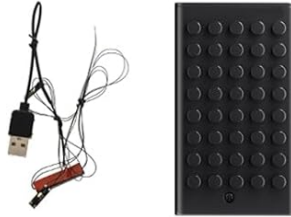

Image: The YEABRICKS LED Light Kit package contents, including the LED light components, a battery box, and the user guide. The image also clearly states "NOT INCLUDE THE LEGO MODEL".

SETUP AND INSTALLATION

Detailed step-by-step instructions are crucial for proper installation. You can access these instructions through the following methods:

1. **Scan the QR Code:** Locate the QR code provided in the product box or on the Amazon listing. Scanning this code will direct you to detailed PDF instructions and video guides.
2. **Online Instructions:** Visit the official YEABRICKS instruction page for digital guides: yeabricks.com/pages/instruction-pdf.

General Installation Tips:

- Work in a well-lit area with a clean surface.
- Carefully disassemble only the necessary sections of your LEGO model as indicated in the instructions.
- Route wires neatly to avoid pinching or damage. Use the provided adhesive squares or LEGO studs to secure wires if necessary.
- Test the lights periodically during installation to ensure connections are secure.

OPERATING INSTRUCTIONS

Once the LED light kit is fully installed, follow these steps to operate it:

1. **Connect Power:** Insert batteries into the battery box (if using) or connect the USB power cable to a compatible USB power source (e.g., power bank, computer USB port, or USB wall adapter).
2. **Activate Lights:** The lights should illuminate automatically upon connection to power. There is typically no separate on/off switch on the light kit itself, as power is controlled by the source.
3. **Display:** Position your illuminated LEGO model for display.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to gently wipe dust from the LED components and wires. Avoid using liquid cleaners directly on the lights.
- **Wire Management:** Periodically check that all wires are securely routed and not pinched or strained.
- **Storage:** If storing the model for an extended period, disconnect the power source (remove batteries or unplug USB) to conserve power and prevent potential issues.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Lights do not turn on.	No power, loose connection, faulty component.	Ensure power source is connected and functional. Check all wire connections. If problem persists, contact customer support.
Some lights are dim or flickering.	Loose connection, insufficient power, damaged wire.	Verify all connections are secure. Try a different power source. Inspect wires for damage.
Lights are too bright/dim.	Not applicable (fixed brightness).	The light kit typically has a fixed brightness. Ensure your power source is stable.

SPECIFICATIONS

- **Product Dimensions:** 6.3 x 4.3 x 1.18 inches
- **Item Weight:** 3.84 ounces
- **Manufacturer:** YEABRICKS
- **Recommended Age:** 6 years and up
- **Compatibility:** Designed for LEGO Technic Lamborghini Huracán Technic (Model 42161)
