## BOVZA Triple Bunk Bed L Shaped

# BOVZA Triple L-Shaped Bunk Bed Instruction Manual

Model: Triple Bunk Bed L Shaped

## PRODUCT OVERVIEW

This manual provides essential information for the safe assembly, operation, and maintenance of your BOVZA Triple L-Shaped Bunk Bed. This versatile bed system features a twin-over-full bunk bed combined with a twin-size loft bed, designed to accommodate up to three sleepers. It includes four built-in shelves for convenient storage.

Constructed from durable metal and MDF, this L-shaped design optimizes space while providing a secure sleeping environment with full-length guardrails and integrated ladders.

## SETUP AND ASSEMBLY

The BOVZA Triple L-Shaped Bunk Bed requires assembly. A detailed assembly instruction guide and all necessary tools are included with your purchase. Please follow the step-by-step instructions provided in the separate assembly manual carefully to ensure correct and safe construction.

### Pre-Assembly Checklist:

- **Unpack all components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface (e.g., a carpet or blanket) to prevent scratches.
- **Verify all parts:** Compare the contents with the parts list in your assembly guide to ensure all components are present and undamaged. Do not proceed with assembly if any parts are missing or damaged. Contact customer support immediately.

- **Gather tools:** Ensure you have the included tools and any additional tools specified in the assembly guide (e.g., a Phillips head screwdriver, if not included).
- **Read instructions thoroughly:** Before beginning, read the entire assembly manual to understand the process.

## Assembly Safety Warnings:

- **Two-person assembly:** It is highly recommended that two or more adults assemble this bunk bed for safety and ease.
- **Keep children away:** Keep children and pets away from the assembly area to prevent accidents.
- **Tighten all fasteners:** Ensure all bolts, screws, and connectors are securely tightened. Periodically check and re-tighten as needed.
- **Do not over-tighten:** Avoid over-tightening fasteners, as this can strip threads or damage components.
- **Use only manufacturer-supplied parts:** Do not substitute parts. Using non-original parts may compromise the bed's structural integrity and safety.

## OPERATING AND USAGE GUIDELINES

To ensure safe and proper use of your BOVZA Triple L-Shaped Bunk Bed, please adhere to the following guidelines:

- **Weight Capacity:**
  - Each Upper Bed (Twin Loft and Twin Bunk): Maximum 250 lbs (113 kg).
  - Down Bed (Full Bunk): Maximum 350 lbs (159 kg).
  - Do not exceed these weight limits.
- **Mattress Requirements:**
  - Each Upper Bed (Twin Loft and Twin Bunk): Recommended mattress thickness up to 6 inches (15 cm).
  - Down Bed (Full Bunk): Recommended mattress thickness 8-10 inches (20-25 cm).

- Ensure the mattress on the upper beds does not exceed the height of the guardrails.
- **Guardrails:** The upper beds are equipped with full-length guardrails for safety. Always ensure guardrails are properly installed and secure. Do not remove or modify guardrails.
- **Ladder Use:** Use the built-in ladder for accessing the upper beds. Always face the ladder when climbing up or down. Ensure the ladder is stable before use.
- **General Safety:**
  - Do not allow more than one person on an upper bunk at a time.
  - Prohibit horseplay on or under the bed.
  - Do not attach or hang items from any part of the bunk bed that are not designed for use with the bed; for example, but not limited to, hooks, belts, or jump ropes.
  - Periodically check and ensure that the guardrail, ladder, and other components are in their proper position and free from damage.
- **Integrated Shelves:** The four built-in shelves are designed for lightweight items such as books, small decorations, or personal belongings. Do not overload shelves or use them as steps.

## MAINTENANCE

---

Regular maintenance will help prolong the life and ensure the safety of your BOVZA Triple L-Shaped Bunk Bed.

- **Cleaning:**
  - Wipe metal surfaces with a soft, damp cloth.
  - For MDF shelves, use a soft, dry cloth or a slightly damp cloth with mild soap. Avoid excessive moisture.
  - Do not use harsh chemicals, abrasive cleaners, or polishes, as these can damage the finish.
- **Hardware Check:** Periodically (e.g., every 3-6 months) check all bolts, screws, and fasteners to ensure they are tight. Re-tighten if necessary, but do not over-tighten.
- **Structural Integrity:** Inspect the bed frame for any signs of damage, cracks, or loose joints. If any damage is found, discontinue use and contact customer support for assistance.
- **Environmental Conditions:** Avoid placing the bed in direct sunlight or near heat sources, as this can cause material degradation over time. Maintain a stable room temperature and humidity.

## TROUBLESHOOTING

This section addresses common issues you might encounter with your BOVZA Triple L-Shaped Bunk Bed.

| Problem                       | Possible Cause                         | Solution                                                                                                                                |
|-------------------------------|----------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------|
| Bed feels wobbly or unstable. | Loose fasteners or incorrect assembly. | Check all bolts and screws. Re-tighten any loose connections. Refer to the assembly manual to ensure all steps were followed correctly. |

| Problem                                | Possible Cause                                   | Solution                                                                                                                                                                          |
|----------------------------------------|--------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Squeaking noises.                      | Loose connections between metal parts or slats.  | Identify the source of the squeak. Tighten all bolts in the affected area. Applying a small amount of silicone lubricant (not oil-based) to connection points can sometimes help. |
| Missing or damaged parts upon arrival. | Shipping damage or packaging error.              | Do not proceed with assembly. Contact BOVZA customer support immediately with your purchase details and a description of the missing/damaged parts.                               |
| Ladder feels unstable.                 | Ladder not securely attached or loose fasteners. | Ensure the ladder is correctly hooked or bolted into place according to the assembly instructions. Tighten all ladder fasteners.                                                  |
