BLU View 2 Smartphone User Manual

Model: B131DL

Brand: Total By Verizon

INTRODUCTION

This manual provides essential information for the proper use and maintenance of your BLU View 2 smartphone. Please read this guide thoroughly before operating your device to ensure optimal performance and longevity. The BLU View 2 is a smartphone designed for seamless communication and entertainment. It features a 5.5-inch HD+ incell display, a 64-Bit Quad processor, and a dual camera system for capturing photos and videos.

WHAT'S IN THE BOX

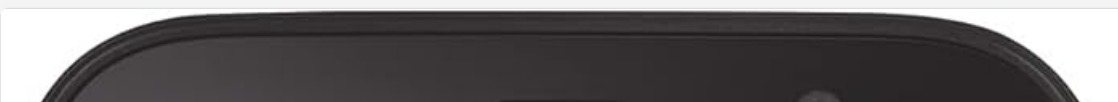

Upon unboxing your BLU View 2, please verify that all the following items are included:

- BLU View 2 Smartphone
- Service Guide
- Quick Start Guide
- Type-C USB Cable
- Wall Charger
- 30-day Plan (pre-activated or voucher)

SETUP

Figure 2: Back view of the BLU View 2 smartphone. The rear panel features the main camera lens with an LED flash, the BLU brand logo, and a speaker grille at the bottom.

2. SIM Card Insertion

Your BLU View 2 smartphone requires a SIM card to connect to the Total by Verizon network. Ensure the phone is powered off before inserting or removing the SIM card.

1. Locate the SIM card slot on the side of your device.
2. Use the provided SIM ejector tool (if applicable) or a small paperclip to open the SIM tray.
3. Place the SIM card into the tray with the gold contacts facing down, ensuring it is correctly oriented.
4. Gently push the SIM tray back into the slot until it is flush with the phone's body.

3. Initial Power On and Activation

After inserting the SIM card, you can power on your device and proceed with activation.

1. Press and hold the Power button (usually on the right side) until the screen lights up.
2. Follow the on-screen prompts to complete the initial setup, including language selection, Wi-Fi connection, and Google account sign-in.
3. To activate your service, visit totalbyverizon.com and select "activate" to follow the prompts. This process links your phone to your Total by Verizon plan.

How to activate

Step 1:

Choose a phone you love

Step 2:

Upon receipt visit totalbyverizon.com

Step 3:

Select "activate" & follow the prompts

OPERATING YOUR BLU VIEW 2

Basic Functions

- **Making Calls:** Tap the Phone icon, enter the number, and tap the call button.
- **Sending Messages:** Open the Messages app, tap "Start chat," enter the recipient and message, then send.
- **Internet Browsing:** Use the pre-installed web browser or download one from the Google Play Store.
- **Wi-Fi Connectivity:** Go to *Settings > Network & internet > Wi-Fi* to connect to available networks.
- **Bluetooth Pairing:** Navigate to *Settings > Connected devices > Bluetooth* to pair with other Bluetooth devices.

Camera Usage

The BLU View 2 features a 13MP main camera with LED flash and an 8MP front camera.

1. Open the Camera app from your home screen or app drawer.
2. Tap the camera switch icon to toggle between the front and rear cameras.
3. Tap the shutter button to capture a photo.
4. For video recording, switch to video mode within the camera app and tap the record button.

Battery Management

The device is equipped with a 3000 mAh battery. To optimize battery life:

- Reduce screen brightness.
- Turn off Wi-Fi, Bluetooth, and GPS when not in use.
- Close unused applications running in the background.
- Enable Battery Saver mode in *Settings > Battery*.

MAINTENANCE

Charging Your Device

Use only the provided Type-C USB cable and wall charger to charge your BLU View 2. Using incompatible chargers may damage your device or battery.

- Connect the Type-C USB cable to the charging port on your phone.
- Plug the other end of the cable into the wall charger, then plug the charger into a power outlet.
- The battery icon on the screen will indicate charging status.

Cleaning and Care

To keep your BLU View 2 in optimal condition:

- Wipe the screen and body with a soft, lint-free cloth.
- Avoid using harsh chemicals, abrasive cleaners, or aerosol sprays.
- Keep the device away from extreme temperatures, direct sunlight, and liquids.

Software Updates

Regularly check for and install software updates to ensure your device has the latest features, security patches, and performance improvements.

- Go to *Settings > System > System update*
- Tap "Check for update" and follow the on-screen instructions if an update is available.

TROUBLESHOOTING

This section addresses common issues you might encounter with your BLU View 2.

Problem	Possible Solution
Device won't turn on	Ensure the battery is charged. Connect the charger and wait a few minutes before attempting to power on. If unresponsive, perform a forced restart by holding the Power button for 10-15 seconds.
Cannot connect to Wi-Fi	Check if Wi-Fi is enabled in settings. Restart your phone and the Wi-Fi router. Ensure you are entering the correct password.
Poor call quality or no signal	Check your signal strength. Move to an area with better coverage. Ensure the SIM card is properly inserted. Restart the device.

Problem	Possible Solution
Apps are crashing or freezing	Close and reopen the app. Clear the app's cache (<i>Settings > Apps > [App Name] > Storage & cache > Clear cache</i>). Restart your phone. Ensure your software is up to date.
Battery drains quickly	Reduce screen brightness. Close background apps. Disable unnecessary features like GPS, Bluetooth, and Wi-Fi when not in use. Check battery usage in settings to identify power-hungry apps.
