Belkin MagSafe 3-in-1 Wireless Charging Pad Instruction Manual

MODEL: WIZ016TTWH-RM

Introduction

The Belkin MagSafe 3-in-1 Wireless Charging Pad is designed to efficiently charge your Apple iPhone, Apple Watch, and AirPods simultaneously. This compact charging solution utilizes MagSafe technology for secure device placement and offers fast charging capabilities for compatible devices. Its slim design and adjustable features make it suitable for various environments.

What's Included

- 1 x Belkin Charging Pad
- 1 x 40W AC Adapter

Setup Instructions

1. **Connect Power:** Plug the 40W AC Adapter into a power outlet and connect the other end to the charging pad.
2. **Position Charger:** Place the charging pad on a flat, stable surface such as a nightstand, desk, or countertop.

Operating Instructions

Charging Your iPhone:

Place your MagSafe-compatible iPhone (iPhone 12 series or newer) onto the left circular charging area. The MagSafe technology ensures a secure and aligned connection for optimal charging. The charging pad supports fast charging for iPhones at speeds up to 15 watts.

Charging Your AirPods:

Place your AirPods (with wireless charging case) onto the central charging area. Ensure the AirPods case is properly centered on the pad for charging to begin.

Adjustable Charging Pucks:

The iPhone and Apple Watch charging pucks are adjustable. They can be laid flat for a compact profile or popped up to allow for different viewing angles or Nightstand mode functionality on your Apple Watch.

Maintenance

- Keep the charging pad clean and free from dust and debris. Use a soft, dry cloth for cleaning.
- Avoid exposing the device to liquids or extreme temperatures.
- Do not attempt to disassemble or repair the charging pad yourself. Contact customer support for assistance.

Troubleshooting

- **Device not charging:** Ensure the charging pad is securely plugged into a working power outlet. Verify that your device is correctly aligned on the charging area. Remove any thick cases that might interfere with wireless charging.
- **Slow charging:** Confirm that your device supports fast wireless charging. Ensure the charging pad is receiving adequate power from the adapter.
- **AirPods charger stops working:** If the AirPods charging area stops working, try unplugging and replugging the power adapter.
