## CIARRA AWPHL01

# CIARRA Portable Range Hood User Manual

Model: AWPHL01

Brand: CIARRA

## INTRODUCTION

---

This manual provides essential information for the safe and efficient operation, maintenance, and troubleshooting of your CIARRA Portable Range Hood. Designed for convenience and effective smoke and odor removal, this appliance is ideal for small kitchens, countertops, RVs, and indoor cooking activities like BBQ and hot pot.

## PRODUCT FEATURES

---

- **Triple-Layer Filtration System:** Equipped with a polymer filter, aluminum alloy condensation net, and activated carbon filter (CBCF008) for comprehensive capture of oil fumes, grease, and cooking odors.
- **Two-Speed Settings:** Offers adjustable low and high-speed levels to suit various cooking needs, from light odors to heavy smoke.
- **Ultra-Quiet Operation:** Maintains noise levels below 65dB even at maximum power, ensuring a quiet cooking environment.
- **Compact & Portable Design:** Space-saving and lightweight, making it easy to move and store, perfect for limited spaces.
- **Hassle-Free Cleaning:** Detachable filter and oil cup can be rinsed with water, and the main unit requires only a simple wipe.
- **No Installation Needed:** Ready to use instantly with a one-click start, requiring no drilling or complex setup.

## WHAT'S IN THE BOX

---

- CIARRA Portable Range Hood Unit
- Polymer Filter

- Carbon Filters (CBCF008)
- Grease Filter (Aluminum Alloy Condensation Net)
- Large Oil Collection Cup
- Power Adapter

## SETUP

The CIARRA Portable Range Hood is designed for immediate use without complex installation.

1. **Unpack:** Carefully remove all components from the packaging.
2. **Placement:** Place the range hood on a stable, flat surface near your cooking area. Ensure it is within 4 inches (10 cm) of the cooking surface for optimal performance.
3. **Power Connection:** Connect the power adapter to the range hood and then plug it into a suitable power outlet.
4. **Initial Check:** Ensure the oil collection cup is properly inserted and the filters are securely in place.

# Enjoy Ciarra Hood To Go !

Please follow these instructions for better use of your portable range hood and prevent damage it.

**Gas Stovetop  
Forbidden**

**Electric Ceramic  
Stovetop Forbidden**

**Close to the  
cooking surface(≤4in)**

**Smoke don't  
disappear but filter**

Image: Important usage guidelines, including maintaining a distance of less than 4 inches from the cooking surface and warnings against use with gas or electric ceramic stovetops.

## OPERATING INSTRUCTIONS

Operating your CIARRA Portable Range Hood is straightforward with its one-button control.

1. **Power On/Off:** Press the power button located on the unit to turn the range hood on or off. The button will illuminate to indicate power status.
2. **Adjust Fan Speed:** The range hood features two speed settings. Press the power button once for low speed, and press it again for high speed. A third press will turn the unit off.
3. **Optimal Use:** For best results, position the range hood directly over the cooking area to effectively capture smoke and odors.

# ONE-BUTTON OPERATION

OPERATE WITH QUICK RESPONSE

Video: This video demonstrates the CIARRA Portable Range Hood in action, highlighting its easy touch control, low noise level, strong suction power, and portability for cooking anytime, anywhere. It also shows the triple filter system and easy cleaning process.

## MAINTENANCE AND CLEANING

---

Regular cleaning and maintenance ensure optimal performance and longevity of your range hood.

1. **Oil Collection Cup:** The large oil collection cup should be emptied and rinsed with water after each use or when visibly full.
2. **Filter Cleaning/Replacement:** The polymer filter and aluminum alloy condensation net can be rinsed with water. The activated carbon filter (CBCF008) should be replaced periodically depending on usage. The magnetic filter holder makes changing filters easy.
3. **Main Unit:** Wipe the exterior of the main unit with a soft, damp cloth. Do not immerse the main unit in water.

# MULTI FILTRATION

REDUCING LINGERING ODORS

## IMPORTANT SAFETY INFORMATION

- Do not use the range hood with gas stovetops.
- Do not use the range hood with electric ceramic stovetops.
- Ensure the range hood is placed close to the cooking surface (within 4 inches or 10 cm) for effective smoke capture.
- Do not operate the unit if the filters are missing or improperly installed.
- Keep out of reach of children.
- Unplug the appliance before cleaning or performing any maintenance.

## TROUBLESHOOTING

If you encounter issues with your CIARRA Portable Range Hood, please refer to the following common solutions:

Problem	Possible Cause	Solution
Unit does not turn on.	Not plugged in; Power outlet malfunction; Power button issue.	Check power connection; Try a different outlet; Ensure power button is pressed firmly.
Poor smoke/odor capture.	Unit too far from cooking surface; Clogged filters; Incorrect fan speed.	Reposition unit closer to cooking surface (within 4 inches); Clean or replace filters; Increase fan speed.
Excessive noise.	Obstruction in fan; Unit not stable.	Check for foreign objects; Ensure unit is on a flat, stable surface.
Oil cup overflowing.	Oil cup not emptied regularly.	Empty and clean the oil collection cup more frequently.
