**Bellemave TH-00032-F-EV**

# Bellemave Full Size House Bed (Model TH-00032-F-EV) Instruction Manual

Your guide to assembly, use, and care.

## Important Safety Information

**Please read all instructions carefully before assembly and use. Keep this manual for future reference.**

- Always assemble the bed frame according to the instructions provided.
- Do not allow children to climb on the pitched roof structure.
- Secure the bed frame to the wall to prevent tipping, if wall anchors are provided.
- Inspect the bed frame regularly for any signs of damage or wear and tear.
- Keep the storage drawers and shelf properly weighted to prevent tipping.
- Do not place heavy objects on the shelf that could cause it to tip over.
- Adult supervision is recommended when children are using the bed, especially the storage features.

## Product Overview

The Bellemave Full Size House Bed is designed for children's rooms, featuring a house-shaped frame, integrated storage shelves, and two under-bed storage drawers. This bed frame accommodates a full-size mattress and is constructed from durable wood materials.

### Key Features

- **House Bed Design:** Features a pitched roof structure, providing a unique and engaging aesthetic for a child's room.
- **Two Storage Drawers:** Includes two spacious drawers located beneath the bed for storing clothes, toys, or other items. Each drawer measures approximately 37.2"L x 18.9"W x 11.2"H.
- **Integrated Storage Shelves:** A compartmented shelf unit is built into the back of the bed, suitable for displaying decorations, books, or small personal items. The shelf includes a rope to help prevent items from falling.
- **Durable Construction:** The bed frame is made from pine wood, plywood, and MDF, equipped with 10 wooden slats for mattress support and stability.
- **No Box Spring Needed:** The slat system eliminates the need for a box spring.

## Package Contents

The Bellemave Full Size House Bed is typically shipped in two separate boxes. Please ensure all components are present before beginning assembly.

### Expected Components:

- Headboard and Footboard panels
- Side Rails
- Roof Frame components
- Bed Slats (10 pieces)
- Guardrails
- Two Storage Drawers (unassembled)
- Storage Shelf unit
- Hardware pack (screws, bolts, nuts, Allen wrench)

- Assembly Instructions manual

## Setup Instructions

Assembly is required for this product. It is recommended that two adults assemble the bed. The package is divided into 2 boxes, which may arrive at different times.

### Tools Required (Not Included):

- Phillips Head Screwdriver
- Hammer (optional, for dowels)
- Power Drill (optional, for pre-drilling slat holes if not present)

### Assembly Steps:

1. **Unpack and Verify:** Carefully unpack all components and hardware. Compare them against the parts list in the included assembly manual to ensure nothing is missing or damaged.
2. **Prepare Workspace:** Clear a spacious area for assembly. Lay down a blanket or cardboard to protect flooring and furniture parts.
3. **Follow Included Manual:** Refer to the detailed step-by-step instructions and diagrams provided in the separate assembly manual. Each step will guide you through connecting the various parts.
4. **Assemble Frame:** Begin by assembling the main bed frame, including the headboard, footboard, and side rails.
5. **Install Slats:** Securely attach the wooden slats to the bed frame. Ensure they are evenly spaced and firmly fastened to support the mattress. Note: Some users have reported that slat holes may not be pre-drilled; a drill may be needed in such cases.
6. **Construct Roof and Shelves:** Assemble and attach the pitched roof structure and the integrated storage shelf unit.
7. **Assemble Drawers:** Follow the instructions to assemble the two under-bed storage drawers.
8. **Final Checks:** Once assembled, ensure all connections are tight and the bed is stable.

## Operating Instructions

### Using the Bed

- Place a full-size mattress directly onto the wooden slats. A box spring is not required.
- Ensure the mattress fits snugly within the frame to prevent gaps.

### Using the Storage Drawers

- The two drawers are designed to slide smoothly on the floor beneath the bed.
- Use the cut-out handles to pull the drawers out for access and push them back in when not in use.
- Store lightweight items such as clothing, linens, or toys in the drawers. Avoid overloading to ensure smooth operation and prevent damage.

### Using the Storage Shelves

- The integrated shelves can hold books, small decorative items, or lightweight toys.
- Utilize the rope on the shelf to help secure items and prevent them from falling.
- Do not place heavy or fragile items on the shelves that could pose a safety risk if they fall.

## Maintenance

Proper care and maintenance will extend the life of your Bellemave House Bed.

- **Cleaning:** Wipe the bed frame with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the finish.
- **Regular Inspection:** Periodically check all bolts, screws, and connections to ensure they remain tight. Re-tighten as necessary to maintain stability.
- **Avoid Moisture:** Keep the bed away from excessive moisture or direct sunlight to prevent warping or fading of the wood.
- **Weight Limits:** Adhere to the recommended weight limits for the bed and storage components to prevent structural damage.

## Troubleshooting

If you encounter issues during assembly or use, refer to the following common solutions.

- **Missing Parts:** If any parts are missing from your package, first double-check all packaging materials. If still missing, contact customer support with your purchase details and the specific part numbers needed.
- **Assembly Difficulties:**
  - Ensure you are following the included assembly manual step-by-step.
  - Verify that you are using the correct hardware for each step.
  - If holes for slats do not align, a power drill may be needed to create pilot holes.
  - Two-person assembly is highly recommended for easier handling of larger components.
- **Bed Feels Unstable:**
  - Check that all bolts and screws are fully tightened.
  - Ensure the bed is placed on a flat, level surface.
  - If applicable, ensure wall anchors are properly installed and secured.
- **Strong Odor:** A new furniture item may have a slight odor from manufacturing. This typically dissipates within a few days. Ensure the room is well-ventilated.
