

## VIBOX VI-63

# VIBOX VI-63 PC Gamer User Manual

Model: VI-63

## 1. INTRODUCTION

---

This manual provides essential instructions for setting up, operating, maintaining, and troubleshooting your VIBOX VI-63 PC Gamer. Please read this guide thoroughly before using your new computer to ensure optimal performance and longevity.

## 2. SAFETY INFORMATION

---

- Ensure the PC is placed on a stable, flat surface with adequate ventilation.
- Do not block any ventilation openings on the PC case.
- Keep the PC away from direct sunlight, heat sources, and liquids.
- Use only the power adapter supplied with your PC.
- Disconnect the power cable before cleaning or performing any maintenance.
- Avoid opening the PC case unless instructed by VIBOX support, as this may void your warranty.

## 3. PACKAGE CONTENTS

---

Verify that all items listed below are included in your package:

- VIBOX VI-63 PC Gamer Tower
- 22-inch Monitor
- RGB Gaming Keyboard
- RGB Gaming Mouse
- Black Mouse Pad
- Gaming Headset with Microphone
- Wireless WiFi Network Adapter (600 Mbps)
- Power Cable(s)
- Display Cable (HDMI or VGA, depending on monitor)

- Documentation (this manual)

## 4. SETUP INSTRUCTIONS

---

### 4.1. Unpacking and Placement

1. Carefully remove all components from their packaging.
2. Place the PC tower on a flat, stable surface. Ensure there is sufficient space around the tower for proper airflow.
3. Place the monitor on a stable surface at a comfortable viewing height.

### 4.2. Connecting Peripherals

1. **Monitor:** Connect one end of the display cable (HDMI or VGA) to the corresponding port on the back of the PC and the other end to the monitor.
2. **Keyboard and Mouse:** Connect the USB cables of the keyboard and mouse to any available USB ports on

the PC.

3. **Headset:** Connect the headset to the audio jacks (headphone and microphone) on the front or rear of the PC.
4. **WiFi Adapter:** Insert the wireless WiFi network adapter into an available USB port.

Image 4.1: Front panel connections including USB 2.0, USB 3.0, headset jack, reset button, and RGB change button.

### 4.3. Power Connection

1. Connect the power cable to the power supply unit (PSU) at the back of the PC.
2. Connect the other end of the power cable to a wall outlet.
3. Connect the monitor's power cable to a wall outlet.

### 4.4. Initial Boot and Windows 11 Setup

1. Press the power button on the front of the PC tower.
2. Turn on the monitor.
3. Follow the on-screen instructions to complete the Windows 11 Home setup. This typically involves selecting your region, language, creating a user account, and connecting to a Wi-Fi network.

## 5. OPERATING INSTRUCTIONS

---

### 5.1. Basic Operation

- **Power On/Off:** Press the power button to turn on the PC. To shut down, click the Start button in Windows, then Power > Shut down.
- **Restart:** From the Start menu, select Power > Restart.
- **Sleep Mode:** From the Start menu, select Power > Sleep.

### 5.2. Windows 11 Features

Your VIBOX VI-63 PC Gamer comes with Windows 11 Home pre-installed, offering features designed to enhance your computing and gaming experience:

- **DirectStorage:** Enables faster loading times for compatible games.
- **AutoHDR:** Automatically enhances visuals for a wider range of games.
- **Xbox Game Pass Integration:** Seamless access to a library of games (subscription may be required).
- **Optimized CPU Performance:** Windows 11 is designed to optimize CPU usage for gaming and multitasking.

## 5.3. Gaming Performance

The VIBOX VI-63 is equipped with an AMD Ryzen 3 3200GE processor and integrated Radeon Vega 8 graphics, providing solid performance for everyday computing and gaming at 720p to 1080p resolutions.

Image 5.1: Overview of internal components including CPU, GPU, RAM, and storage.

## 5.4. RGB Lighting Control

Your PC features RGB lighting. Use the dedicated RGB change button on the front panel (refer to Image 4.1) to cycle through different lighting modes and colors.

## 6. MAINTENANCE

---

### 6.1. Cleaning the PC

- **Exterior:** Use a soft, damp cloth to wipe down the exterior of the PC case and monitor. Avoid abrasive cleaners.
- **Dust:** Periodically use compressed air to clear dust from the ventilation openings and fan grilles. Ensure the PC is powered off and unplugged before doing so.
- **Peripherals:** Clean your keyboard and mouse regularly to prevent dust and debris buildup.

### 6.2. Software Updates

- Regularly check for and install Windows updates to ensure system stability and security. Go to Settings > Windows Update.
- Keep your graphics drivers updated for optimal gaming performance. You can usually download the latest drivers from the AMD website.

### 6.3. System Care

- Avoid installing unnecessary software to keep your system lean and fast.
- Run regular antivirus scans to protect against malware. Windows Defender is pre-installed.
- Ensure proper airflow around the PC to prevent overheating. The inverted airflow design helps with cooling.

Image 6.1: Inverted airflow design for efficient cooling.

## 7. TROUBLESHOOTING

- **No Power:** Check all power cable connections. Ensure the wall outlet is functional.
- **No Display:** Ensure the monitor is powered on and the display cable is securely connected to both the PC and the monitor. Try a different display cable or port if available.
- **No Internet Connection:** Verify the WiFi adapter is properly installed. Check your router and internet service. In Windows, go to Settings > Network & internet to troubleshoot.
- **PC Freezes/Crashes:** Restart the PC. Ensure all drivers are updated. Check for overheating (ensure good airflow).
- **Peripherals Not Working:** Try connecting the keyboard, mouse, or headset to different USB/audio ports. Ensure drivers are installed if required.
