SETUP

1. Charging the Headphones

Before first use, fully charge your headphones. Connect the USB-C charging cable to the headphone's charging port and the other end to a USB power source (e.g., wall adapter, computer USB port). The LED indicator will show charging status and turn off when fully charged. A full charge takes approximately 2.5 hours.

2. Powering On/Off

- **Power On:** Press and hold the Power button for 3 seconds until the LED indicator flashes blue.
- **Power Off:** Press and hold the Power button for 3 seconds until the LED indicator turns red and then off.

3. Bluetooth Pairing

1. Ensure the headphones are powered off.
2. Press and hold the Power button for 5 seconds until the LED indicator flashes red and blue alternately, indicating pairing mode.
3. On your device (smartphone, tablet, computer), enable Bluetooth and search for available devices.
4. Select 'KVIDIO WH304A' from the list of devices.
5. Once connected, the LED indicator will slowly flash blue.

The headphones support Bluetooth 5.3 for stable and efficient connection.

OPERATING INSTRUCTIONS

Active Noise Cancellation (ANC) & Transparency Mode

Your KVIDIO headphones feature advanced noise-cancelling technology to reduce ambient sound and a transparency mode to stay aware of your surroundings.

- **ANC On/Off:** Press the ANC button once to toggle Active Noise Cancellation on or off. When ANC is active, the LED will illuminate green.
- **Transparency Mode:** Press the ANC button twice quickly to activate Transparency Mode. This allows ambient sounds to pass through, enabling you to hear your surroundings without removing the headphones.
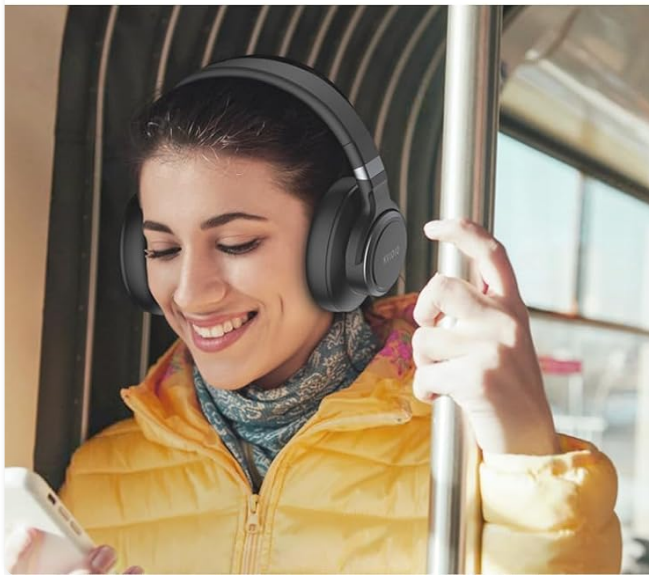

Hybrid Active Noise Cancelling Technology

Image: Illustration of KVIDIO headphones utilizing Hybrid Active Noise Cancelling Technology in various environments, demonstrating its effectiveness in reducing external noise.

Music Playback

- **Play/Pause:** Press the Multi-function button once.
- **Volume Up:** Press the Volume + button.
- **Volume Down:** Press the Volume - button.
- **Next Track:** Press and hold the Volume + button.
- **Previous Track:** Press and hold the Volume - button.

Deep Bass and Stereo Sound

■ Noise ■ Music ■ Ambient sound

Call Management

- **Answer/End Call:** Press the Multi-function button once.
- **Reject Call:** Press and hold the Multi-function button for 2 seconds.
- **Redial Last Number:** Double-press the Multi-function button.

Multi-Point Connection

The KVIDIO WH304A headphones support connecting to two Bluetooth devices simultaneously, allowing seamless switching between audio sources.

Video: Demonstration of the multi-point connection feature of the WH304 ANC headphones, showing how to connect to and switch between multiple devices.

Wired Mode

For extended use or when Bluetooth is not available, you can use the included 3.5mm audio cable to connect the headphones to your device. In wired mode, the headphones will function passively, and ANC features may not be available or may have reduced performance depending on battery level.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the headphones. Do not use abrasive cleaners or solvents.
- **Storage:** Store the headphones in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To preserve battery life, charge the headphones regularly, even if not in frequent use. Avoid fully discharging the battery for extended periods.
- **Water Resistance:** These headphones are not water-resistant. Avoid exposure to water or excessive moisture.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Headphones won't power on	Low battery	Charge the headphones fully.
Cannot pair via Bluetooth	Headphones not in pairing mode / Device Bluetooth off	Ensure headphones are in pairing mode (flashing red/blue). Turn on Bluetooth on your device. Forget previous pairings and try again.
No sound	Volume too low / Not connected / Wrong audio source	Increase volume on headphones and device. Confirm successful Bluetooth connection. Check audio output settings on your device.
ANC not working effectively	ANC not activated / Improper fit	Press the ANC button to activate. Adjust headphones for a snug fit over your ears.
Short battery life	Battery not fully charged / Old battery	Ensure full charge. Battery life naturally degrades over time.
