ocioc 52-inch Ceiling Fan with Lights

MODEL: 9014 - INSTRUCTION MANUAL

1. Introduction

Thank you for choosing the ocioc 52-inch Ceiling Fan with Lights. This manual provides detailed instructions for the safe installation, operation, and maintenance of your new ceiling fan. Please read this manual thoroughly before installation and retain it for future reference.

This ceiling fan features a quiet DC motor, reversible airflow, integrated LED lighting with adjustable color temperature, and convenient remote control operation. It is designed for both indoor and covered outdoor use.

2. Safety Information

- Always disconnect power at the circuit breaker before installation or servicing.
- All wiring must be in accordance with national and local electrical codes.
- Ensure the installation site can support the fan's weight (approximately 10 pounds).
- Do not bend the blade holders during installation or cleaning.
- Keep a minimum clearance of 7 feet from the floor to the bottom of the fan blades.
- Do not operate the fan if any part is damaged.
- This fan is suitable for indoor and covered outdoor locations.

3. Package Contents

Verify that all components are present before beginning installation. If any parts are missing or damaged, contact customer support.

- Ceiling Fan Motor Assembly
- Fan Blades (5x)
- Integrated LED Light Kit
- Remote Control with Wall Mount
- Mounting Hardware (screws, wire nuts, etc.)
- Instruction Manual

5. Installation Instructions

Most complex installation procedures are pre-completed. Follow these steps carefully for a safe and successful installation.

1. **Turn Off Power:** Before starting, ensure the power supply to the fan location is turned off at the circuit breaker.
2. **Mounting Bracket Installation:** Securely attach the mounting bracket to the ceiling junction box. Ensure the junction box is rated for ceiling fan support.
3. **Wiring Connections:** Connect the fan's electrical wires to the household wiring according to local electrical codes. Use appropriate wire nuts.
4. **Fan Assembly:** Attach the fan motor assembly to the mounting bracket.
5. **Blade Attachment:** Securely attach the five fan blades to the motor housing. Ensure all screws are tightened.
6. **Light Kit Installation:** Connect and install the integrated LED light kit to the fan assembly.
7. **Final Checks:** Double-check all connections and ensure no wires are pinched.
8. **Restore Power:** Turn the power back on at the circuit breaker.

6. Operating Instructions

Your ocioc ceiling fan is operated using the included remote control.

6.1 Remote Control Functions

- **Power On/Off:** Turns the fan and light on or off.
- **Fan Speed:** Select from 6 fan speeds (1-2: Soft Wind, 3-4: Comfortable Wind, 5-6: Cool Wind).
- **Timer Function:** Set the fan to turn off after 1, 2, or 4 hours.
- **Light On/Off:** Controls the integrated LED light.
- **Color Temperature Adjustment:** Cycle through 3 color temperatures (3000K Warm Light, 4000K Natural Light, 6500K Cool White).
- **Brightness Dimming:** Adjust light brightness from 10% to 100%.
- **Reverse Function:** Changes the direction of blade rotation for summer or winter mode.

6.2 Reversible DC Motor

The fan's reversible motor allows for year-round use:

- **Summer Mode (Counter-clockwise):** Creates a downward airflow, producing a cooling effect.
- **Winter Mode (Clockwise):** Creates an upward airflow, circulating warm air near the ceiling for even heat distribution.

6.3 Memory Function

The fan's lighting system includes a memory function. To save your preferred light color temperature, set the desired color and leave it on for at least 7 seconds. Then, turn off the light for another 7 seconds. The fan will recall this setting when the light is turned on again.

7. Maintenance

Regular maintenance ensures optimal performance and extends the life of your fan.

- **Cleaning:** To clean the fan, wipe with a soft, damp cloth. Do not use abrasive cleaners or solvents. Ensure power is

off before cleaning.

- **Blade Cleaning:** The ABS fan blades are designed for effortless cleaning. Gently wipe them to remove dust.
- **Tightness Check:** Periodically check all screws and connections for tightness.

8. Troubleshooting

If you experience issues with your fan, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Fan does not start	No power; Loose wiring; Remote control battery low.	Check circuit breaker; Verify all wire connections; Replace remote battery.
Fan makes noise	Loose screws; Blades unbalanced; Motor issue.	Tighten all screws; Ensure blades are properly installed and balanced; Contact support if motor noise persists.
Light does not work	Loose wiring; LED driver issue; Remote control battery low.	Check light kit wiring; Replace remote battery; Contact support if LED light remains unresponsive.
Remote control not working	Battery low/dead; Remote not paired (if applicable); Obstruction.	Replace battery; Refer to remote pairing instructions (if provided separately); Ensure clear line of sight to receiver.
