Setup Guide

1. Unpacking and Placement

Carefully remove the printer from its packaging. Choose a stable, level surface for placement, ensuring adequate space around the printer for ventilation and access to paper trays and connections. Consider the printer's dimensions for optimal placement.

3. Ink Cartridge Installation

Open the ink cartridge access door. Install the HP 923 setup ink cartridges into their corresponding slots. Ensure each cartridge clicks into place. Close the access door.

4. Initial Setup and Connectivity

Follow the on-screen instructions on the 2.7-inch color touchscreen to complete the initial setup, including language selection and network configuration. The printer supports dual-band Wi-Fi, Ethernet, and USB connectivity. For wireless printing, connect the printer to your Wi-Fi network. Download the HP Smart App on your smartphone, PC, or tablet for guided setup and enhanced control.

Operating Instructions

1. Printing Documents

Load paper into the 225-sheet input tray. From your computer or mobile device, select the print option in your application. Choose the HP OfficeJet Pro 8139e from the list of available printers. Adjust print settings such as color, paper size, and duplex (2-sided) printing as needed. The printer offers speeds up to 20 pages per minute (ppm) for black and white and 10 ppm for color documents.

2. Scanning, Copying, and Faxing

Use the 2.7-inch touchscreen to select the desired function (Scan, Copy, or Fax). Place your document on the scanner glass or in the 35-sheet automatic document feeder (ADF) for multi-page documents. Follow the on-screen prompts to adjust settings and initiate the operation.

3. HP AI Features

The HP OfficeJet Pro 8139e utilizes HP AI to optimize printing. This feature helps remove unwanted content from web pages and emails, ensuring that your prints are formatted precisely as desired, reducing wasted pages and ink usage.

4. HP Smart App Usage

The HP Smart App provides a convenient way to manage your printer from your smartphone, PC, or tablet. You can print, scan, copy, and fax directly from the app, monitor ink levels, and access troubleshooting tools. The app also facilitates simple setup and allows scanning directly to cloud services.

Maintenance

1. Ink Cartridge Management

The HP OfficeJet Pro 8139e is eligible for HP Instant Ink, a subscription service that delivers ink to your door before you run out. To replace cartridges, open the ink access door, press the tab on the old cartridge to release it, and insert the new cartridge until it clicks into place. Ensure you use genuine HP cartridges for optimal performance.

2. Firmware Updates

Periodic firmware updates are released by HP to maintain printer functionality, enhance security, and improve performance. It is recommended to keep your printer's firmware up to date. You can typically check for and install

updates via the printer's touchscreen menu or through the HP Smart App.

3. Cleaning

Regular cleaning helps maintain print quality and extends the life of your printer. Use a soft, lint-free cloth to wipe the exterior of the printer. For the scanner glass, use a glass cleaner applied to the cloth (not directly to the glass) to avoid streaks. Refer to the HP support website for detailed cleaning instructions for specific components.

Troubleshooting

If you encounter issues with your HP OfficeJet Pro 8139e, consider the following common troubleshooting steps:

- **No Power:** Ensure the power cord is securely connected to both the printer and a working electrical outlet.
- **Connectivity Issues:** Check your Wi-Fi connection, router, and printer network settings. Restarting the printer and router can often resolve temporary network problems.
- **Print Quality Problems:** Perform a print head cleaning or alignment from the printer's maintenance menu. Check ink levels and replace any empty cartridges.
- **Paper Jams:** Follow the on-screen instructions or consult the HP support website for steps to clear paper jams from various areas of the printer.
- **Error Messages:** Note any error codes or messages displayed on the touchscreen and refer to the HP support website for specific solutions.
