X-PRO 150T-6

X-PRO 150 Moped User Manual

Model: 150T-6

INTRODUCTION

This manual provides essential information for the safe operation, assembly, maintenance, and troubleshooting of your X-PRO 150 Moped. Please read this manual thoroughly before operating the moped to ensure proper use and to prevent injury or damage.

The X-PRO 150 Moped is designed for commuting and casual city riding, featuring a 150cc air-cooled 4-stroke engine, electric start, and 10-inch aluminum wheels.

SAFETY INFORMATION

Always wear appropriate safety gear, including a helmet, eye protection, and protective clothing, when operating the moped. Familiarize yourself with all local traffic laws and regulations before riding.

- Do not operate the moped under the influence of alcohol or drugs.
- Perform pre-ride inspections as outlined in this manual.
- Ensure all lights and signals are functioning correctly.
- Maintain a safe distance from other vehicles.
- This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm (Proposition 65 warning).

SETUP AND ASSEMBLY

Your X-PRO 150 Moped requires some assembly upon arrival. The following components typically require installation:

- Handlebar
- Wheels
- Brakes
- Hub odometer counter
- Battery

- Mirrors

Assembly steps may vary slightly by model. Refer to the specific instructions included in your packaging for detailed guidance.

Important: The Manufacturer Statement of Origin (MSO) and Bill of Sale paperwork will be sent separately. Do not attempt to register or title the moped before receiving these documents and confirming the product is satisfactory.

OPERATING INSTRUCTIONS

Starting the Moped

1. Ensure the fuel tank contains sufficient octane gasoline.
2. Turn the ignition key to the "ON" position.

3. Engage the brake lever (typically the left lever for the rear brake).
4. Press the electric start button. If the engine does not start immediately, release the button and try again after a few seconds.
5. Allow the engine to warm up for a short period before riding.

Riding the Moped

- The moped features a twist-grip throttle for acceleration. Twist the grip gently to increase speed.
- Braking is controlled by front and rear brake levers. Apply both brakes smoothly and evenly for effective stopping.
- The 10-inch aluminum wheels contribute to better fuel economy and a smoother ride.
- The large headlight maximizes nighttime visibility.

Seat Storage Access

The seat storage compartment is opened using the ignition key switch located at the front of the moped.

MAINTENANCE

Regular maintenance is crucial for the longevity and safe operation of your X-PRO 150 Moped.

- **Fuel:** Always use high-octane gasoline.
- **Oil:** Regularly check and maintain engine oil levels. Refer to the engine manual for specific oil type and change intervals.
- **Tires:** Check tire pressure before each ride. Ensure tires are free from damage and have adequate tread depth.
- **Brakes:** Inspect brake fluid levels and brake pad wear periodically. Adjust or replace as necessary.
- **Lights and Signals:** Verify all lights (headlight, taillights, turn signals) and the horn are functional.
- **Fasteners:** Periodically check all nuts, bolts, and fasteners for tightness.
- **Cleaning:** Clean the moped regularly to prevent corrosion and maintain its appearance.

The muffler cover is designed to prevent accidental injury from hot components. Ensure it is always securely in place.

TROUBLESHOOTING

This section addresses common issues you might encounter with your X-PRO 150 Moped.

- **Engine Does Not Start:**
 - Check fuel level.
 - Ensure the ignition key is in the "ON" position.
 - Verify the battery is charged and connections are secure.
 - Confirm the brake lever is engaged when pressing the start button.
- **Engine Stalls at Stops:**
 - This could indicate an issue with the carburetor tuning or idle speed. Consult a qualified technician.
 - Ensure proper fuel flow and air filter cleanliness.
- **Brakes Vibrate:**
 - Vibrating brakes may indicate warped brake rotors or worn brake pads. Have the brake system inspected by a professional.
- **Loss of Power:**
 - Check for clogged fuel filters or air filters.
 - Inspect spark plug condition.
 - Ensure proper carburetor function.

For complex issues or repairs, it is recommended to seek assistance from a certified X-PRO service center or a qualified mechanic.

SPECIFICATIONS

Feature	Detail
Model Name	MC-NN30 (Part Number: 150T-6)

Bike Type	Moped
Engine	150cc, Air-cooled, 4-stroke, Internal Combustion Engine
Start System	Electric Start
Wheel Size	10 Inches
Wheel Material	Aluminum
Frame Material	Aluminum, Alloy Steel
Suspension Type	Front, Rear
Brake Style	Front Braking (Disc)
Drivetrain Type	Chain
Gear Shifter Type	Twist Grip
Special Feature	Odometer
Item Weight	216 Pounds
Maximum Weight Recommendation	330 Pounds
Item Dimensions (LxWxH)	72.8 x 27.96 x 44.4 inches
Color	White (variant)
Age Range	Adult
Suggested Users	Unisex-adult

Image: A visual comparison highlighting the aluminum wheels of the X-PRO Bali 150 against standard steel wheels. Aluminum wheels offer benefits such as better fuel economy, improved aesthetics, enhanced damage resistance, and a smoother ride due to their lighter weight and impact absorption properties.

WARRANTY INFORMATION

The X-PRO 150 Moped comes with a **Limited Warranty**. The warranty period is typically **1 month** from the date of purchase. Please refer to the warranty card included with your product for full terms and conditions, including coverage details and claim procedures.

Keep your purchase receipt and all related documentation as proof of purchase for any warranty claims.

CUSTOMER SUPPORT

For technical assistance, parts inquiries, or any other support needs, please contact X-PRO customer service. X-PRO provides dedicated aftermarket service with professional technical support and fast service response. You can often find support contact information on the official X-PRO website or through your purchase platform.

Note: Ensure you have your model number (150T-6) and purchase details ready when contacting support.
