PRODUCT OVERVIEW

Package Contents:

- NGOKPYD N10 Keychain Flashlight x 1
- USB-C Charging Cable x 1
- User Manual x 1

Key Features:

- **High Brightness:** Up to 900 lumens output.
- **Versatile Lighting:** 2 white main lights and 8 side multi-color COB lights, offering 8 distinct lighting modes.

- **Rechargeable:** Built-in 750mAh rechargeable battery with USB-C charging.
- **Durable Design:** Constructed from aluminum alloy and PC material, IPX4 water-resistant.
- **Magnetic Base & Clip:** Allows for hands-free operation and easy attachment.
- **Compact & Portable:** Lightweight (approx. 47g) and small size (5.7 x 3.7 x 1.7 cm).
- **Power Indicator:** 4-LED battery level indicator.

SETUP

Initial Charge:

1. Before first use, fully charge the flashlight.
2. Connect the provided USB-C cable to the flashlight's charging port.
3. Connect the other end of the cable to a USB power source (e.g., computer, wall adapter).
4. The blue LED indicators will flash during charging and remain solid when fully charged. A full charge takes approximately 1.5 to 2 hours.

OPERATING INSTRUCTIONS

The NGOKPYD N10 features two separate control buttons for the main light and the COB side light, allowing for independent operation and mode cycling.

Main Light Operation:

- **Turn On/Off:** Long press the main light button (power icon) to turn the main light ON or OFF.
- **Cycle Modes:** While the main light is ON, click the main light button to cycle through the following modes:
 - a. Medium (Single LED High)
 - b. Low (Single LED Low)
 - c. Turbo (Dual LED High)
 - d. High (Dual LED Low)

COB Side Light Operation:

- **Turn On/Off:** Long press the COB side light button (three lines icon) to turn the COB side light ON or OFF.
- **Cycle Modes:** While the COB side light is ON, click the COB side light button to cycle through the following modes:
 - a. White High
 - b. White Low
 - c. Red Light
 - d. Red and Blue Flashing (Emergency Light)

8 Versatile Modes

Main Light  Long press to open, click to circle 4 modes

COB Side Light  Long press to open, click to circle 4 modes

CHARGING

The NGOKPYD N10 is equipped with a USB-C charging port for convenient and fast recharging.

- **Charging Port:** USB Type-C
- **Battery Capacity:** 750mAh
- **Charging Time:** Approximately 1.5 to 2 hours for a full charge.
- **Battery Life:** Approximately 3 - 4 hours depending on the mode used.
- **Power Indicator:** Four blue LED lights indicate the battery level (25%, 50%, 75%, 100%). These LEDs flash during charging and stay solid when fully charged.

Ensure the flashlight is turned off during charging for optimal performance and safety.

MAINTENANCE

- **Cleaning:** Wipe the flashlight with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Storage:** Store the flashlight in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, charge the flashlight at least once every three months if not in regular use. Avoid fully discharging the battery frequently.
- **Water Resistance:** The flashlight has an IPX4 water resistance rating, meaning it is protected against splashing water from any direction. It is not designed for submersion.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Flashlight does not turn on.	Low battery or incorrect operation.	Charge the battery fully. Ensure you are long-pressing the power button to activate.
Light output is dim.	Low battery or selected low brightness mode.	Recharge the flashlight. Cycle through modes to select a brighter setting.
Flashlight not charging.	Faulty cable, power source, or charging port.	Try a different USB-C cable and power adapter. Ensure the cable is securely connected.
Magnetic base not holding securely.	Surface is not ferromagnetic or too thin/uneven.	Ensure the surface is made of a suitable magnetic material and is flat.
