SETUP AND ASSEMBLY INSTRUCTIONS

Careful assembly is required. It is recommended that two adults perform the assembly. Ensure all components are present before starting.

Safety Information:

- Always follow assembly instructions carefully to prevent instability.
- Be cautious of sharp edges during assembly and use.
- Do not overtighten screws, as this may damage the wood.
- Keep small parts away from children during assembly.

Components Overview:

The Linique Twin Size Wooden House Bed includes a sturdy pinewood frame, 10 wooden slats for mattress support, two

storage drawers, and an integrated storage shelf. All necessary hardware and tools are provided.

Sturdy Construction

Support by 10 Wooden Slats

Assembly Steps:

- Unpack and Identify Parts:** Carefully unpack all components and hardware. Refer to the included parts list to ensure all pieces are present and undamaged.
- Assemble Bed Frame:** Begin by connecting the main frame pieces according to the diagrams in your separate assembly guide. Ensure all bolts are securely tightened, but do not overtighten.
- Install Wooden Slats:** Place the wooden slats across the bed frame. These slats provide direct support for your mattress, eliminating the need for a box spring. Ensure they are evenly spaced and secured.
- Attach Pitched Roof Structure:** Assemble and attach the pitched roof components to the top of the bed frame. This forms the house-shaped design.
- Install Storage Shelf:** Secure the integrated storage shelf to the designated area on the bed frame.
- Assemble and Insert Drawers:** Assemble the two storage drawers. Once assembled, slide them into their designated compartments beneath the bed frame.

7. Final Inspection:

Verify that all connections are secure and the bed is stable.

Note: A detailed step-by-step assembly guide with diagrams is included in your product packaging. Please refer to that guide for specific visual instructions.

OPERATING INSTRUCTIONS

The Linique House Bed is designed for comfortable sleeping and efficient storage.

Using the Sleeping Area:

- Place a standard twin-size mattress directly onto the wooden slats. No box spring is required.
- The semi-enclosed design provides a comforting atmosphere while maintaining air circulation.

A Better Sleeping Environment

Thanks to the semi-enclosed space, your kids will have their own sleeping space that affords a comforting atmosphere for better sleep while not sacrificing air circulation

Utilizing Storage Features:

- **Storage Drawers:** The two pull-out drawers located beneath the bed are ideal for storing clothes, toys, pillows, or other items. Pull them out gently using the integrated handles.
- **Storage Shelf:** The shelf compartment on the back of the bed can be used to store decorations, clocks, books, or small personal items. A rope is provided to help prevent items from falling off the shelf.
- **Small Storage Box:** A small, integrated storage box is located on the side panel, suitable for smaller items like a book or a small toy.

Maintenance

Proper care will ensure the longevity and appearance of your Linique House Bed.

Cleaning:

- Wipe surfaces with a soft, damp cloth.
- Avoid using harsh chemicals or abrasive cleaners, as these can damage the painted finish.
- Dry immediately with a clean, soft cloth to prevent water spots.

General Care:

- Periodically check all bolts and screws to ensure they remain tight. Retighten if necessary.
- Avoid dragging the bed when moving it; lift it to prevent damage to the frame and floor.
- Use the provided rope to secure items on the shelf to prevent them from falling.

TROUBLESHOOTING

If you encounter any issues with your Linique House Bed, refer to the following common solutions.

Common Issues and Solutions:

- **Bed feels wobbly:**
 - Ensure all bolts and screws are fully tightened. Do not overtighten.
 - Verify that all components are correctly aligned according to the assembly instructions.
- **Drawers do not slide smoothly:**
 - Check for any obstructions in the drawer tracks.
 - Ensure the drawers were assembled correctly and are not overloaded.
- **Missing or damaged parts:**
 - Contact customer service immediately with your product model number and a description of the missing or damaged part.
