› Linique Wooden Twin Size House Bed with 2 Drawers and Storage Shelf Instruction Manual (Model B0CFQMBXRQ)

## Linique B0CFQMBXRQ

# Linique Wooden Twin Size House Bed with 2 Drawers and Storage Shelf Instruction Manual

Model: B0CFQMBXRQ

## 1. SAFETY INFORMATION

### Important Safety Warnings:

- Always follow assembly instructions carefully to prevent instability.
- Be cautious of sharp edges to avoid injury during assembly and use.
- Ensure all screws and fasteners are securely tightened before use and periodically check for looseness.
- Do not exceed the maximum weight recommendation of 250 pounds.
- Keep small parts away from children during assembly to prevent choking hazards.

## 2. PACKAGE CONTENTS

Before beginning assembly, verify that all components are present and undamaged. Refer to the included parts list in your physical manual for detailed identification.

### Included Components:

- Bed Frame Components (Pitched Roof, Side Rails, Headboard, Footboard)
- 2 Storage Drawers
- Storage Shelf with Rope
- Slats
- Assembly Hardware (screws, bolts, nuts, etc.)
- Assembly Tools (e.g., Allen wrench)

### 3. ASSEMBLY INSTRUCTIONS

---

Detailed assembly instructions and necessary tools are provided to assist with the setup of this product. Please follow the step-by-step guide included in your package for proper assembly.

1. **Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a clean, soft surface to prevent scratches.
2. **Identify Parts:** Match each component with the parts list provided in your manual.
3. **Assemble Main Frame:** Begin by connecting the main bed frame components (headboard, footboard, side rails) using the provided hardware. Ensure all connections are snug but do not overtighten until the frame is fully assembled.
4. **Install Pitched Roof:** Attach the pitched roof structure to the main bed frame as indicated in the instructions.
5. **Insert Slats:** Place the bed slats onto the designated supports. Secure them if required by the instructions.
6. **Assemble Drawers:** Follow the specific instructions for assembling the two storage drawers.
7. **Install Storage Shelf:** Attach the storage shelf to the back of the bed, ensuring the rope is securely in place to prevent items from falling.
8. **Final Tightening:** Once all components are in place, go back and securely tighten all screws and bolts. Do not overtighten.

For visual guidance, please refer to the official assembly video:

## 4. USAGE AND OPERATION

The Linique Wooden Twin Size House Bed is designed to provide a comfortable sleeping area and integrated storage solutions.

- **Sleeping Area:** Place a standard twin-size mattress directly onto the bed slats. No box spring is required.
- **Storage Drawers:** The two under-bed drawers are designed for storing clothes, toys, pillows, or other items. Pull them out gently using the handles.
- **Storage Shelf:** The shelf compartment at the back of the bed can be used for decorative items, clocks, books, or small personal belongings. The integrated rope helps prevent items from falling.

# Sturdy Construction

Support by 10 Wooden Slats

Weight Capacity: 250LBS

No Box Spring Needed

Recommended Mattress Thickness:6"

Image: Linique House Bed with one of the under-bed storage drawers partially pulled out, demonstrating its functionality for storing items. The pitched roof design is also visible.

# A Better Sleeping Environment

Thanks to the semi-enclosed space, your kids will have their own sleeping space that affords a comforting atmosphere for better sleep while not sacrificing air circulation

Image: Close-up view of the storage shelf at the back of the Linique House Bed, showing items placed on it and the protective rope. This highlights the space-saving feature.

## 5. CARE AND MAINTENANCE

- **Cleaning:** Wipe the bed frame with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the finish.
- **Dusting:** Regularly dust the bed frame to prevent buildup.
- **Hardware Check:** Periodically check all screws, bolts, and fasteners to ensure they remain tight. Retighten if necessary to maintain stability.
- **Avoid Excessive Moisture:** Do not expose the bed to excessive moisture or humidity, which can cause warping or damage to the wood.
- **Sunlight Exposure:** Avoid prolonged direct sunlight exposure to prevent fading or discoloration of the wood finish.

## 6. TROUBLESHOOTING

| Problem                        | Possible Cause                                    | Solution                                                                                                                                          |
|--------------------------------|---------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------|
| Bed feels unstable or wobbly.  | Loose hardware connections.                       | Check and tighten all screws and bolts. Ensure all components are correctly aligned.                                                              |
| Squeaking noises.              | Loose connections or friction between wood parts. | Tighten all hardware. If squeaking persists, apply a small amount of furniture wax or silicone spray to contact points between wooden components. |
| Drawers do not slide smoothly. | Misalignment or debris in the drawer glides.      | Check drawer assembly for correct alignment. Clear any debris from the drawer glides. Apply a small amount of silicone lubricant if needed.       |
| Missing parts during assembly. | Packaging error or lost component.                | Review the parts list. Contact customer service with details of the missing part.                                                                 |
