## SONGMICS GKR034W10

# SONGMICS Children's Toy Storage Shelf with 7 Fabric Bins

Model: GKR034W10 | Brand: SONGMICS

## 1. INTRODUCTION

This manual provides instructions for the assembly, use, and maintenance of your SONGMICS Children's Toy Storage Shelf, Model GKR034W10. This spacious organizer features 7 non-woven fabric bins, designed for children's rooms to store toys, books, and other items. Please read these instructions carefully before assembly and use, and retain them for future reference.

## 2. SAFETY INFORMATION

- **Anti-Tipping Device:** For enhanced stability and safety, always secure the shelf to the wall using the provided anti-tipping device. This prevents accidental overturning, especially in active children's environments.
- **Rounded Corners:** The shelf is designed with rounded corners to protect against bumps and create a safer environment for children.
- **Ventilation:** Upon unboxing, the shelf may have a 'new' odor. Allow it to air out in a cool, well-

ventilated area before use.

- **Water Exposure:** Do not wash the shelf with water. Refer to the maintenance section for cleaning instructions.
- **Weight Capacity:** Do not exceed the maximum weight capacity of 20 kg to ensure stability and prevent damage.

### 3. PACKAGE CONTENTS

---

Please verify that all components are present before beginning assembly:

- Shelf frame components (MDF panels)
- 7 Non-woven fabric storage bins (4 large, 3 small)
- Assembly hardware (screws, dowels, etc.)
- Anti-tipping protection kit
- Illustrated instruction manual

### 4. SETUP AND ASSEMBLY

---

The SONGMICS Children's Toy Storage Shelf is designed for quick and hassle-free assembly. Follow these steps:

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches.
2. **Identify Parts:** Refer to the included illustrated instructions to identify each component, as parts are clearly marked.
3. **Assemble Frame:** Attach the bars to the side frames using the provided hardware. Ensure all connections are secure.
4. **Insert Bins:** Place the non-woven fabric boxes onto the bars. The boxes can be positioned flat or tilted as preferred for different storage needs.
5. **Install Anti-Tipping Device:** Secure the assembled shelf to the wall using the anti-tipping protection kit. This is a critical safety step.

Opzione **A**  
Posizionamento piatto

Opzione **B**  
Posizionamento inclinato

Image: Demonstrates the two flexible positioning options for the fabric bins: flat (Option A) and tilted (Option B), allowing for versatile storage.

## 5. OPERATING AND USAGE

This storage shelf is designed to help children organize their belongings independently.

- **Accessible Design:** With a height of 60 cm, the shelf allows children to easily access their books and toys, promoting independence in tidying up.
- **Versatile Storage:** The 7 fabric bins (4 large, 3 small) accommodate items of various sizes, from plush toys and building blocks to books.
- **Flexible Bin Placement:** The non-woven fabric bins can be placed flat or tilted on the bars, adapting to different types of items and preferences.

## 6. MAINTENANCE

To ensure the longevity and appearance of your storage shelf:

- **Cleaning:** Wipe the MDF frame with a damp cloth. Avoid using abrasive cleaners or excessive water.
- **Fabric Bins:** The non-woven fabric bins should not be washed with water. Spot clean with a damp cloth and mild detergent if necessary, then air dry completely.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Re-tighten if necessary.

Image: Illustrates the recommended cleaning method: gently wiping the surface of the shelf with a damp cloth.

## 7. TROUBLESHOOTING

- **Shelf Wobbles:** Ensure all screws are tightened securely. Verify that the anti-tipping device is correctly installed and anchored to the wall. Place the shelf on a flat, even surface.
- **Missing Parts:** If any parts are missing upon unboxing, please contact SONGMICS customer support immediately.
- **Odor:** If a 'new' odor persists after initial airing, ensure the room is well-ventilated and allow more time for the odor to dissipate.

## 8. SPECIFICATIONS
