

HARPPA Mini Baby Crib

HARPPA Portable Mini Baby Crib 6-in-1 Convertible Instruction Manual

Model: Mini Baby Crib

1. INTRODUCTION AND OVERVIEW

Thank you for choosing the HARPPA Portable Mini Baby Crib. This 6-in-1 convertible crib is designed to adapt to your child's growth, serving as a crib, bedside sleeper, toddler bed, daybed, mini playpen, and even a desk. This manual provides essential information for safe assembly, operation, and maintenance of your product. The crib includes a dual-sided mattress and a mosquito net for your child's comfort and protection.

2. SAFETY INFORMATION

WARNING: Failure to follow these warnings and the instructions could result in serious injury or death.

- Always ensure all parts are correctly assembled and securely fastened before use.
- Do not use this crib if any parts are missing, damaged, or broken. Contact customer support for replacement parts.
- The maximum weight recommendation for this crib is 30 pounds.
- The maximum mattress height recommendation is 10 inches.
- Ensure the mattress used with this crib is a snug fit to prevent gaps that could entrap a child.
- Keep all cords, strings, and window blind cords away from the crib to prevent strangulation hazards.
- Do not place the crib near windows where cords from blinds or drapes could strangle a child.
- This product meets ASTM F1169-19 Standard and CPSIA physical and chemical testing, ensuring no lead content.
- The crib is crafted from high-quality New Zealand pine wood with natural, non-toxic, and odorless paint.

3. PACKAGE CONTENTS

Verify that all components are present before beginning assembly. If any parts are missing or damaged, do not proceed with assembly and contact customer support.

- Crib Frame Components (Pine Wood)
- Mattress (Dual-sided: Ice Silk and Pure Cotton Fabric)
- Mosquito Net
- Assembly Hardware
- Assembly Instruction Manual

4. SETUP AND ASSEMBLY

Assembly is required for this product. Please refer to the separate detailed Assembly Instruction booklet included in your package for step-by-step guidance. Ensure you have adequate space and the necessary tools (usually a screwdriver, not always included) before starting.

5. OPERATING MODES AND CONVERSIONS

The HARPPA Mini Baby Crib offers 6 versatile modes to accommodate your child's developmental stages.

5.1. Standard Crib Mode

Use as a traditional crib with all four sides up and the mattress at an appropriate height for your child's age and mobility. The mattress base is adjustable to 3 convenient positions.

Let's Grow Together

Your baby will graduate to big kid sleeping arrangements. Help your little one transition into a toddler bed.

5.2. Bedside Sleeper Mode

To convert to a bedside sleeper, lower one side of the crib. This allows the crib to be placed next to an adult bed, facilitating co-sleeping while maintaining a separate sleep space for the baby. Ensure the crib is securely fastened to the adult bed according to the assembly instructions.

Sleep Next to You

Retractable side turns this mini crib into a bedside sleeper, perfect for sharing the room as a cosleeper.

5.3. Cradle Mode

For cradle mode, engage the rocking mechanism by adjusting the wheels as per the assembly instructions. This allows for gentle side-to-side rocking to soothe your baby. The included mosquito net can be attached in this mode for added protection.

Fall Asleep Faster

Put the wheels up for cradle mode, the side-to-side rocking will help soothe your baby to a sound sleep.

5.4. Mini Playpen Mode

Convert the crib into a secure playpen by adjusting the mattress base to its lowest position. This provides a safe enclosed space for your child to play under supervision.

Safe Place to Play

Turn this crib into a playpen, it'll be a safe place to play while you work on your hefty to-do list.

Image: The HARPPA Mini Baby Crib configured as a playpen, with the mattress base at a lower setting and showing the adjustable mattress support base with 3 height options.

5.5. Toddler Bed/Daybed Mode

As your child grows, the crib can transition into a toddler bed or daybed by removing one of the side rails. This allows for easier access for an older child while still providing a secure sleeping environment.

Dual-sided Comfort

This crib mattress is made from sustainably sourced coconut fiber, breathable and hypoallergenic.

Pure Cotton Fabric

Ice Silk Fabric

5.6. Desk Mode

The crib can be converted into a functional desk for an older child. Follow the specific instructions in the assembly manual for this conversion.

6. MAINTENANCE

6.1. Cleaning the Crib

Wipe the crib frame with a damp cloth. Avoid using abrasive cleaners or strong chemicals that could damage the wood finish or pose a risk to your child.

6.2. Mattress Care

The included mattress features Ice Silk on one side for cooler temperatures and pure cotton fabric on the other side for warmth, making it suitable for various seasons. Follow the care instructions on the mattress label for cleaning.

6.3. General Inspection

Regularly check all screws, bolts, and fasteners to ensure they are tight and secure. Periodically inspect the crib for any signs of wear, damage, or loose parts. Do not use the crib if any part is compromised.

7. TROUBLESHOOTING

If you encounter any issues with your HARPPA Mini Baby Crib, please refer to the following common solutions:

- **Crib feels unstable:** Ensure all assembly hardware is tightened securely. Check that the crib is placed on a flat, even surface.
- **Difficulty converting modes:** Review the assembly instruction manual for specific steps on converting between modes. Ensure all locking mechanisms are disengaged before attempting conversion.
- **Parts are missing or damaged:** Do not attempt to use the crib. Contact HARPPA customer support immediately for assistance and replacement parts.

For issues not covered here, please contact customer support.
