2. SETUP AND INITIAL USE

The PowerBlow is designed for quick and easy setup, allowing you to begin your immersive experience without delay. Ensure your device is sufficiently charged before use.

Connecting to the FeelConnect App

The FeelConnect app is essential for controlling your PowerBlow and connecting to interactive content. Follow these steps to connect your device:

1. Turn on your KIIRRO PowerBlow device.
2. Download and open the FeelConnect app on your smartphone.
3. Create an account or log in if you already have one.
4. Ensure your smartphone's Bluetooth is enabled.
5. Within the app, select "Connect device". Your PowerBlow should appear in the list of supported devices.

6. Select your PowerBlow and follow any on-screen prompts to complete the connection.

Interactive Content and Intensity Control

Connect your PowerBlow to interactive adult content via FeelMe AI. The device responds to the content, providing an immersive experience. You can also tailor your pleasure with adjustable intensity control features directly through the FeelConnect app.

- **Connect to interactive videos, VR & interactive games:** Experience synchronized sensations with digital content.
- **Interact with webcam performers:** Enhance live sessions with responsive feedback.
- **Connect to your partner's device:** Share synchronized experiences with another KIIROO device user.

Enhance your experience

Transform blowjobs with our customizable app.

4. MAINTENANCE AND CARE

Proper maintenance ensures the longevity and hygiene of your KIIROO PowerBlow.

- **Cleaning:** The PowerBlow unit should be hand washed. Ensure no fluids enter the vacuum section that attaches to the stroker, as it is not waterproof.
- **Storage:** Store the device in a clean, dry place away from direct sunlight and extreme temperatures.

5. TROUBLESHOOTING

If you encounter any issues with your KIIROO PowerBlow, please refer to the following common solutions:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Device not turning on/off	Low battery; button malfunction.	Ensure device is fully charged. Press and hold the power button for 4 seconds. If issue persists, contact support.
Cannot connect to FeelConnect app	Bluetooth off; device out of range; app issue.	Ensure Bluetooth is on and device is close to your phone. Restart the app and device. Check app permissions.
Weak or no sensation	Improper stroker attachment; air leak; low intensity setting.	Ensure stroker is correctly attached and sealed. Check for any air leaks. Adjust intensity settings in the FeelConnect app.
Loud noise during operation	High suction; air leak.	Reduce intensity setting. Check for and seal any air leaks around the stroker connection.

If you are unable to resolve the issue using these steps, please contact KIIROO customer support for further assistance.
