

RLSOCO RLE-2331

RLSOCO Hard Case for CCTV Tester (Model RLE-2331) Instruction Manual

Comprehensive guide for the use and care of your RLSOCO protective case.

1. PRODUCT OVERVIEW

The RLSOCO Hard Case, model RLE-2331, is specifically designed to provide robust protection and convenient portability for various CCTV camera testers and their accessories. Constructed from high-quality, environmentally friendly EVA material, this case offers superior resistance against water, scratches, and vibrations, ensuring the safety of your valuable equipment.

Its functional design includes dedicated compartments for organized storage, making it an ideal solution for professionals requiring secure transport of their testing devices.

2. KEY FEATURES

- **Functional Design:** Specifically tailored for CCTV camera testers, with an internal compartment size of 27 x 16 x 4.5 cm, accommodating various models.
- **Superior Quality Materials:** Made from high-quality, environmentally friendly EVA material, providing water resistance, scratch resistance, and vibration protection.
- **Delicate Interior:** Features separate compartments for accessories. A large section holds the camera tester, while smaller pockets can store items like tracer cables and chargers.
- **YKK Zippers:** Equipped with YKK zippers for smooth operation and enhanced durability.
- **Quality Assurance:** Constructed with qualified, Rohs certified materials, offering a rigid shell and backed by a two-year warranty.

3. COMPATIBILITY

This hard case is designed to fit a range of CCTV camera testers. The main compartment dimensions are 27 x 16 x 4.5 cm. Compatible models include, but are not limited to:

- POMIACAM HD Coaxial IPC5200 Tester
- POMIACAM IPC5100 Plus Tester
- POMIACAM IPC-5200C Plus Tester
- POMIACAM IPC-1910 Plus Tester
- Hozee IPC-9800 Plus Video Monitor Tester

4. SETUP AND USAGE

4.1. Initial Setup

1. **Unpack:** Carefully remove the hard case from its packaging.
2. **Inspect:** Check the case for any signs of damage from shipping.
3. **Open:** Unzip the YKK zippers completely to open the case.

4.2. Storing Your Equipment

1. **Main Tester:** Place your CCTV tester into the main, larger compartment. Ensure it fits snugly within the designated area (27 x 16 x 4.5 cm).
2. **Accessories:** Utilize the smaller pockets and the mesh compartment in the lid for storing cables, chargers, and other small accessories. This helps prevent items from shifting and causing damage.
3. **Secure:** Once all items are placed, ensure they are properly secured and not loose. Close the case by zipping up both YKK zippers.

Case Only

5. MAINTENANCE AND CARE

To ensure the longevity and continued protective qualities of your RLSOCO hard case, follow these maintenance guidelines:

- **Cleaning:** Wipe the exterior with a damp cloth and mild soap if necessary. Avoid harsh chemicals or abrasive cleaners.
- **Drying:** If the case gets wet, especially the interior, open it fully and allow it to air dry completely before storing equipment to prevent moisture damage.
- **Storage:** Store the case in a cool, dry place away from direct sunlight when not in use.
- **Zipper Care:** Periodically check the YKK zippers for smooth operation. If they become stiff, a small amount of zipper lubricant can be applied.

6. TROUBLESHOOTING

This section addresses common concerns regarding the hard case:

- **Case does not close properly:** Ensure all items inside are correctly positioned within their compartments and not overfilling the case. Check for any obstructions along the zipper path.
- **Zipper is stiff or stuck:** Apply a small amount of zipper lubricant (e.g., beeswax or silicone spray) to the zipper teeth and gently work the slider back and forth. Avoid forcing the zipper.
- **Odor from new case:** A new EVA case may have a slight odor upon unpacking. This is normal and will dissipate quickly by airing out the case in a well-ventilated area for a few hours.

7. SPECIFICATIONS

Feature	Detail
Model Number	RLE-2331
Manufacturer	RLSOCO
Product Dimensions	34 x 26.9 x 9.4 cm (13.4 x 10.6 x 3.7 inches)
