### 3. PACKAGE CONTENTS

---

Before assembly, verify that all components and hardware are present. All parts, instructions, and tools are conveniently packed in one box.

#### Included Components:

- Headboard (with tufted wing-back design)
- Footboard
- Side Rails (Left and Right)
- Center Support Beam
- Wooden Slats
- Support Legs (for frame and center beam)
- Hardware Pack (bolts, washers, nuts, Allen wrench)
- Assembly Instructions

## 4. SETUP AND ASSEMBLY INSTRUCTIONS

---

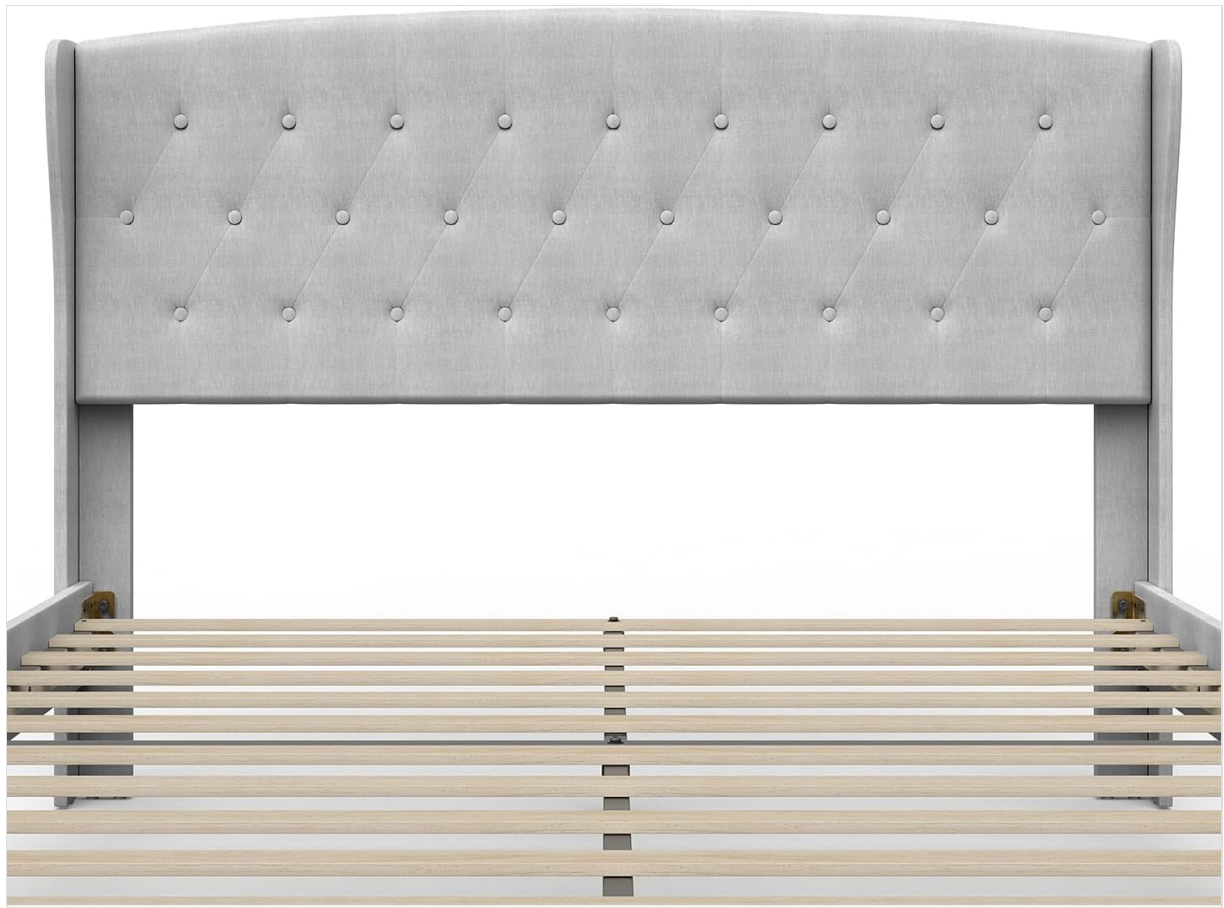

Assembly is designed to be straightforward and typically takes approximately 30 minutes with two people. Follow these steps carefully:

### Step-by-Step Assembly:

1. **Unpack and Identify Parts:** Lay out all components on a clean, soft surface (like a rug or blanket) to prevent scratches. Refer to the parts list to identify each piece.
2. **Attach Side Rails to Headboard:** Connect the left and right side rails to the headboard using the provided bolts and Allen wrench. Do not fully tighten bolts yet.
3. **Attach Side Rails to Footboard:** Connect the other ends of the side rails to the footboard. Ensure the footboard is correctly oriented. Again, do not fully tighten bolts.
4. **Install Center Support Beam:** Place the center support beam along the length of the bed frame. Attach any required support legs to the center beam and the frame.
5. **Place Wooden Slats:** Evenly space and secure the wooden slats across the bed frame. Many slats will have pre-drilled holes or Velcro strips for attachment. Ensure all slats are firmly in place.
6. **Tighten All Connections:** Once all components are in place and aligned, systematically tighten all bolts and fasteners. Ensure the frame is stable and level.
7. **Final Check:** Verify that all parts are securely connected and the bed frame is stable before placing a mattress on it.

## 5. OPERATING INSTRUCTIONS (USAGE)

Your BONSOIR Full Size Bed Frame is designed for optimal comfort and support.

- **Mattress Compatibility:** This platform bed frame is compatible with all types of mattresses, including spring, memory foam, latex, or hybrid mattresses.
- **No Box Spring Required:** The robust slat system provides ample support, eliminating the need for a box spring.
- **Weight Capacity:** The bed frame is designed to support a maximum weight of 1000 lbs.
- **Under-bed Clearance:** The ground to item distance is approximately 6 inches, providing space for under-bed storage if desired.

## 6. MAINTENANCE

---

To ensure the longevity and appearance of your bed frame, follow these maintenance guidelines:

- **Cleaning Upholstery:** The linen fabric upholstery can be cleaned with a vacuum cleaner or by light brushing to remove dust and debris. For spills, gently blot with a clean, damp cloth. Avoid harsh chemicals.
- **Hardware Check:** Periodically (every 3-6 months) inspect all bolts and fasteners to ensure they remain tight. Re-tighten as necessary to maintain stability and prevent squeaking.
- **Avoid Excessive Moisture:** Keep the bed frame in a dry environment to prevent damage to the wood and upholstery.

## 7. TROUBLESHOOTING

---

If you encounter any issues with your bed frame, refer to the following common solutions:

### Common Issues and Solutions:

- **Squeaking Noises:**

- Ensure all bolts and screws are fully tightened. Loose connections are a common cause of squeaking.
- Check that all slats are properly seated and not rubbing against the frame.

- **Instability/Wobbling:**

- Verify that all support legs are firmly touching the floor and are not bent or damaged.
- Re-check all frame connections for tightness.

- **Missing Parts:**

- Carefully check all packaging materials, including inside the headboard or footboard compartments, as small parts may be stored there.
- If parts are genuinely missing, contact BONSOIR customer support.
