## Della 192928054231

# DELLA Smart WiFi Portable AC

Model: 192928054231

8000 BTU, Heats & Cools Up To 150 Sq. Ft.

### INTRODUCTION

This manual provides detailed instructions for the safe and efficient operation of your DELLA 8,000 BTU Portable Air Conditioner. This versatile unit offers year-round climate control with cooling, heating, dehumidification, and ventilation modes. It features a self-evaporating system, a powerful dehumidifier, a 24-hour timer, and convenient control via the Della app or remote.

Please read this manual thoroughly before installation and use, and retain it for future reference.

### SETUP AND INSTALLATION

The DELLA Portable AC is designed for easy, tool-less setup. Ensure the unit is placed on a flat, stable surface near a window and a power outlet.

#### Window Kit Installation

The adjustable window kit is compatible with both horizontal and vertical windows, simplifying the exhaust hose installation without requiring drilling.

# Easy to Install No More Drilling

Extended window installation kit compatible larger window

*Image: Illustration of the adjustable window kit for both horizontal and vertical window installations.*

## Exhaust Hose Connection

Connect the exhaust hose to the unit and then to the window kit. Ensure a secure fit to prevent air leakage, which can reduce efficiency.

Your browser does not support the video tag.

*Video: Demonstrates the quick and tool-less setup, including connecting the exhaust hose to the unit and the window kit.*

## Placement

Position the unit to allow for adequate airflow around it. The built-in caster wheels and side handles facilitate easy movement and placement within your space.

## OPERATING INSTRUCTIONS

Your DELLA Portable AC offers multiple operating modes and convenient control options.

### Control Panel and Modes

The unit features an intuitive LED display with soft-touch controls on the top panel. Available modes include Cooling, Heating, Dehumidification, Ventilation, and Sleep mode. You can adjust the temperature, fan speed (3 speeds available), and set the 24-hour timer directly from the control panel.

## Remote and App Control

For added convenience, the unit can be controlled using the included remote control or the free Della+ app on your smartphone. The app allows for control anytime, anywhere, and supports smart features like Geo Location to automatically adjust settings based on your proximity.

# Smart App/Device Controlled

With the free DELLA+ app, your device can be easily controlled anytime, anywhere

Alexa, open the conditioner

## Smart Geo Location

Della+ drive home as your unit cools your home all hands-free while you drive!

*Image: Illustrates the Smart Geo Location feature, showing a smartphone with a map and a notification indicating the AC unit can turn on automatically as the user approaches home.*

### Adjustable Vents

The unit features adjustable vents to direct airflow as needed for optimal comfort.

## MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your portable AC unit.

### Filter Cleaning

The unit is equipped with a washable filter for clean air. It is recommended to clean the filter regularly to maintain air quality and unit efficiency. Simply remove the filter, wash it with water, and ensure it is completely dry before reinserting.

Your browser does not support the video tag.

*Video: Demonstrates the easy removal and cleaning of the reusable air filter, highlighting effortless maintenance.*

## Water Drainage

The unit features a self-evaporating system, which typically handles most condensate. However, during periods of high humidity or in dehumidification mode, the water-full indicator may illuminate. In such cases, drain the accumulated water from the drainage port at the back of the unit.

Your browser does not support the video tag.

*Video: Shows the process of draining water from the unit, an important step for maintenance when the water-full indicator is active.*

## TROUBLESHOOTING

Before contacting customer support, please refer to the following common issues and solutions:

Problem	Possible Cause	Solution
Unit does not turn on.	No power, power cord unplugged, circuit breaker tripped.	Ensure unit is plugged into a working outlet. Check circuit breaker.
Unit not cooling/heating effectively.	Dirty air filter, blocked air intake/exhaust, room size too large, windows/doors open.	Clean air filter. Ensure no obstructions. Close windows/doors. Verify room size is within specified range (up to 350 sq. ft.).
Water-full indicator is on.	Water tank is full.	Drain the water from the drainage port.
Unit is noisy.	Unit not on a level surface, internal components vibrating.	Ensure unit is on a flat, stable surface. Noise from GMCC compressor is normal.

## SPECIFICATIONS

Feature	Detail
Brand	Della
Model Number	192928054231
Cooling Power	8000 British Thermal Units (BTU)
Capacity	0.6 Tons
Floor Area Coverage	Up to 350 Square Feet
Modes	Cooling, Heating, Dehumidification, Ventilation, Sleep mode
Compressor	GMCC compressor (for lower noise levels)
Control Method	App, Remote, LED display with soft-touch controls

Feature	Detail
Fan Speeds	3
Timer	24-hour
Dehumidification Capacity	Up to 68 pints daily
Material Type	ABS Frosted plastic
Refrigerant	R 410A
Special Features	Portable, Remote Controlled, Built-in Handles, Water-full indicator, Child lock function, WiFi function
Dimensions (approx.)	12.2" (W) x 12.2" (D) x 27.6" (H)
