## SETUP GUIDE

1. **Unpack Components:** Carefully remove all items from the packaging.

2. **Assemble Feeder:** Place the stainless steel bowl into the designated slot on the feeder base.
3. **Install Desiccant Bag:** Open the lid of the food reservoir and insert the desiccant bag into its holder to maintain food freshness.
4. **Connect Power:** Plug the USB cable into the feeder and connect it to a 5V/1A USB adapter (not included). For backup power, insert three 3A batteries (not included) into the battery compartment.
5. **Download PETKIT App:** Scan the QR code on the feeder or search for "PETKIT" in your device's app store (iOS/Android) to download the official application.
6. **Connect to Wi-Fi:** Follow the in-app instructions to connect your feeder to your 2.4GHz Wi-Fi network. Ensure your Wi-Fi password is not excessively long or complex.
7. **Fill Food Reservoir:** Open the top lid and pour dry pet food into the reservoir. Ensure kibble size is less than 12mm to prevent blockages.
