Glitzhome 7.5ft Prelit Flocked Chicago Frostwood Spruce Artificial Christmas Tree Instruction Manual

Brand: Glitzhome | Model: 2014600093-3

INTRODUCTION

Thank you for choosing the Glitzhome 7.5ft Prelit Flocked Chicago Frostwood Spruce Artificial Christmas Tree. This tree is designed to bring a festive and realistic winter ambiance to your home. It features a combination of 1211 individually crafted PE and PVC branch tips, providing a natural and full appearance. The tree is pre-lit with 350 warm white LED lights, ensuring a beautiful glow without the hassle of stringing lights.

The flocked design mimics freshly fallen snow, adding a unique charm. Its slender "pencil" profile makes it suitable for various spaces, including smaller rooms or as an accent piece. The sturdy metal stand ensures stability throughout the holiday season.

SETUP AND ASSEMBLY

Assembly of your Glitzhome Christmas tree is designed to be straightforward. Please follow these steps carefully:

- 1. Prepare the Stand:** Unfold the metal tree stand and ensure it is placed on a stable, level surface. Tighten the screws on the stand to secure it.
- 2. Assemble the Tree Sections:** The tree comes in three main sections. Identify the bottom section (typically the longest stem). Insert the bottom section into the secured tree stand.
- 3. Connect Electrical Wires:** Each tree section contains pre-wired lights. Carefully connect the electrical wires between the sections. Red ribbon labels on the cords indicate connection points for easy matching. Ensure all connections are secure.
- 4. Insert Middle and Top Sections:** Place the middle section onto the bottom section, aligning the pole. Repeat for the top section.
- 5. Shape the Branches (Fluffing):** Gently unfold and spread out each branch, starting from the bottom section and working your way up. Adjust the tips to fill any gaps and achieve a full, natural appearance. This process is crucial for the tree's final look.

6. **Power On:** Once all sections are assembled and branches are shaped, plug the tree into a power outlet.

OPERATION

Your Glitzhome Christmas tree comes pre-lit with 350 warm white LED lights. Once assembled and plugged into a standard electrical outlet, the lights will illuminate. Some models may include a remote control for light functions (e.g., on/off, timer, different light shows). Refer to any included remote control instructions for specific features.

MAINTENANCE

- Cleaning:** To clean the tree, gently dust the branches with a soft cloth or use a vacuum cleaner with a brush attachment on a low setting. Avoid using harsh chemicals or abrasive cleaners.

- **Flocking:** The tree features a flocked finish. Some glitter or flocking material may shed during initial setup or handling. This is normal and does not affect the tree's overall appearance or durability.
- **Storage:** When disassembling for storage, carefully compress the branches and store the tree in its original box or a dedicated tree storage bag in a cool, dry place. Ensure all electrical connections are disconnected before storage.
- **Durability:** The tree's needles are fire-resistant and non-allergenic, designed for lasting durability over many holiday seasons.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Lights are not working.	Loose electrical connection between sections or power outlet issue.	Ensure all red-ribbon labeled connections between tree sections are securely fastened. Check if the power cord is firmly plugged into a working electrical outlet.
Tree appears sparse or not full.	Branches are not fully shaped (fluffed).	Spend adequate time shaping each individual branch and tip, spreading them outwards and upwards to fill any gaps. Refer to the assembly section for guidance on fluffing.
Tree is wobbly or unstable.	Stand not properly secured or placed on an uneven surface.	Ensure the tree stand screws are fully tightened and the stand is on a flat, stable surface.

SPECIFICATIONS

Brand: Glitzhome

Model Number: 2014600093-3

Height: 7.5 feet (90 inches)

Base Diameter: 2.5 feet (31.5 inches)

Color: Chicago Frostwood Spruce (Flocked)
