SETUP GUIDE

1. Charging the Headphones

Before first use, fully charge your headphones. The ZXQ Q2s features a USB-C charging port for convenience.

1. Connect the provided USB-C charging cable to the charging port on the in-line control unit.
2. Connect the other end of the cable to a compatible USB power source (e.g., computer USB port, wall adapter).
3. A full charge provides up to 15 hours of talk or music playtime.

Figure 3: The USB-C charging port and in-line controls on the ZXQ Neckband Bluetooth Headphones.

2. Bluetooth Pairing

The headphones utilize Bluetooth 5.2 for a stable and fast connection.

1. Ensure the headphones are charged and powered off.
2. Press and hold the multi-function button (usually the power button) until the indicator light flashes blue and red, indicating pairing mode.
3. On your device (smartphone, tablet, laptop), enable Bluetooth and search for "ZXQ Q2s" or similar in the list of available devices.
4. Select the headphones to connect. Once connected, the indicator light will typically turn solid blue or flash blue slowly.

3. Achieving a Comfortable Fit

The ZXQ Q2s headphones are designed for comfortable and secure wear.

1. Select the appropriate ear tip size from the included options. A good seal is crucial for optimal sound quality and bass response.
2. The earbuds are angled for a secure fit within the ear canal, preventing them from falling out during activity.
3. The neckband is made of soft, flexible silicone coated with skin-friendly oil for comfort and durability.

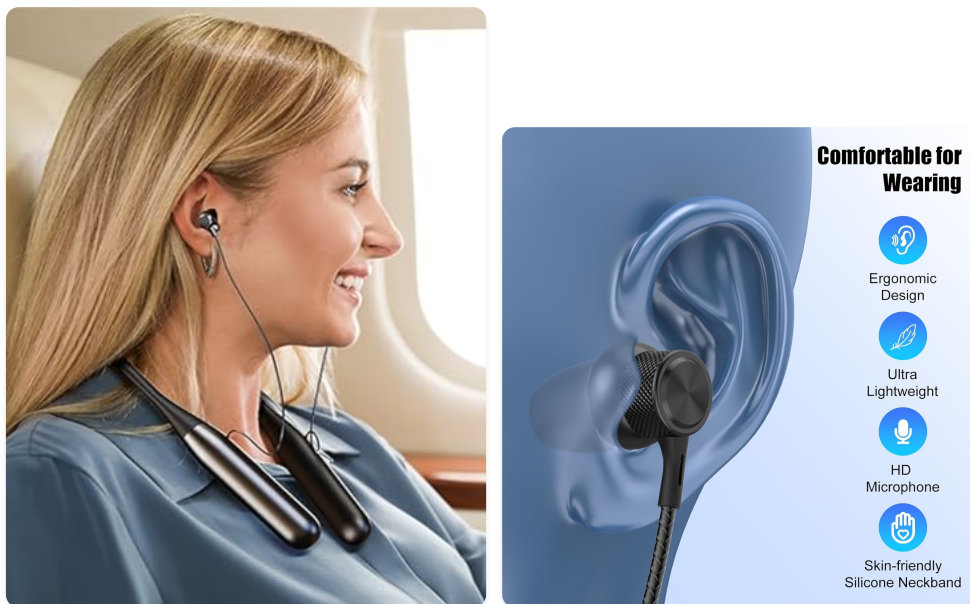

Figure 4: The ergonomic and angled design of the earbuds ensures a secure and comfortable fit for extended wear.

OPERATING INSTRUCTIONS

1. In-Line Controls

The in-line control unit allows for easy management of music playback and calls.

Button/Action	Function
Power Button (Long Press)	Power On/Off, Enter Pairing Mode
Power Button (Short Press)	Play/Pause Music, Answer/End Call
Volume + (Short Press)	Increase Volume
Volume + (Long Press)	Next Track
Volume - (Short Press)	Decrease Volume
Volume - (Long Press)	Previous Track

2. Magnetic Earbuds

The earbuds feature a magnetic design, allowing them to securely attach to each other when not in use. This prevents tangling and helps keep the headphones safely around your neck.

Magnetic Earbuds

No tangled

No falling down

**Music is amazing
but we still need a break for our ears**

Figure 5: The magnetic feature of the earbuds keeps them secure and tangle-free when not in your ears.

3. Audio Performance

The ZXQ Q2s headphones are equipped with 10mm dynamic drivers and an advanced Bluetooth 5.2 chipset, delivering premium sound with rich bass and clear vocals.

Hi Res Dynamic Driver Provide Premium sound

BALANCE
Bass + mid + treble

4. Usage Scenarios

These headphones are versatile and suitable for various daily activities:

- **Sport:** Waterproof and sweatproof design makes them ideal for workouts and outdoor activities.
- **Travel:** Long battery life and portable case are perfect for long trips.
- **Office/Home:** Clear call quality and immersive sound for work or relaxation.

MAINTENANCE

1. Cleaning and Care

To ensure the longevity of your headphones:

- The headphones are IPX5 waterproof and sweatproof, making them resistant to splashes and sweat. However, avoid submerging them in water.
- Wipe the neckband and earbuds with a soft, damp cloth after use, especially after intense workouts, to remove sweat and dirt.
- The silicone neckband is coated with skin-friendly touch oil, which also helps prevent weathering and extends its life.

Figure 8: The IPX5 waterproof rating ensures the headphones can withstand sweat and light splashes.

2. Storage

When not in use, store your headphones in the provided portable EVA travel case to protect them from dust, scratches, and tangling.

TROUBLESHOOTING

If you encounter issues with your ZXQ Neckband Bluetooth Headphones, refer to the following common solutions:

Problem	Possible Cause / Solution
Cannot power on	Battery is low. Charge the headphones fully.
Cannot pair with device	Ensure headphones are in pairing mode (flashing blue/red). Make sure Bluetooth is enabled on your device. Move headphones closer to the device. Forget the device on your phone's Bluetooth settings and try pairing again.
No sound or low volume	Adjust volume on both headphones and connected device. Ensure headphones are properly connected to the device. Check ear tip fit for proper seal.
Intermittent connection	Move closer to the connected device. Avoid obstacles between headphones and device. Reduce interference from other wireless devices.
