1. **Power On/Off:** Press and hold the power button (usually indicated by a circle with a vertical line) for 2 seconds to turn the device on or off.
2. **Adjust Intensity:** While the device is on, use the '+' button to increase vibration intensity and the '-' button to decrease it.
3. **Change Programs:** Press the program button (often indicated by waves or lines) to cycle through the 10 available vibration patterns.
4. **Application:** Apply a small amount of water-based lubricant to the device. The smooth surface and slightly pointed tip facilitate easy insertion. Position the curved shape to reach the G-spot, located approximately 5 cm (2 inches) from the vaginal entrance. The flattened shaft can also be used for clitoral stimulation.

MAINTENANCE AND CLEANING

Proper care ensures the longevity and hygiene of your Satisfyer G-Force:

- **Cleaning:** After each use, clean the device with a toy cleaner or warm water and mild soap. Rinse thoroughly to remove all soap residue.

- **Drying:** Pat dry with a lint-free cloth or allow to air dry completely before storage.
- **Storage:** Store the device in a clean, dry place, away from direct sunlight and extreme temperatures. Avoid storing with other toys made of different materials to prevent damage.
- **Lubricant Compatibility:** Only use water-based lubricants with this device. Oil-based lubricants can damage the silicone material.

CHARGING

The Satisfyer G-Force is equipped with a magnetic USB charging cable:

1. Connect the magnetic end of the USB cable to the charging contacts on the device.
2. Plug the USB end into a standard USB power adapter (not included) or a computer's USB port.
3. The charging indicator light on the device will illuminate during charging and typically turn off or change color when fully charged.
4. A full charge usually takes a few hours. Disconnect the charger once charging is complete.
