## Safety Information

- Ensure proper assembly following the instructions provided.
- Do not exceed the maximum weight limit of **100 lbs** on the desk surface.
- Place the desk on a level surface to prevent instability.
- Keep small parts away from children during assembly.
- Avoid placing hot items directly on the glass surface without protection.

## Package Contents

Before beginning assembly, verify that all components are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Tempered Glass Top
- Steel Frame Components (Legs, Support Bars)
- Assembly Hardware (Screws, Washers, etc.)

- Assembly Tools (e.g., Allen wrench)
- Instruction Manual

## Assembly Instructions

Assembly of the Eli Home Office Desk is designed to be straightforward and can typically be completed by one person using the included tools.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a soft, clean surface to prevent scratches.
2. **Assemble Frame:** Attach the support bars to the leg frames using the provided hardware. Ensure all connections are secure but do not overtighten screws initially.
3. **Attach Adjustable Glides:** Screw the adjustable glides into the bottom of the leg frames. These help level the desk and protect your flooring.
4. **Place Glass Top:** Carefully place the tempered glass top onto the assembled frame. Ensure it is centered and rests securely on the frame's supports.
5. **Final Tightening:** Once the glass top is in place and aligned, gently tighten all screws on the frame to ensure stability. Do not overtighten the screws holding the glass top to avoid damage.

## Operating Instructions

---

- Use the desk for its intended purpose as a home office or study desk.
- Distribute weight evenly across the glass top to prevent stress on any single point.
- Utilize the adjustable glides on the feet to ensure the desk is stable and level on uneven floors.

## Maintenance and Care

---

- **Cleaning the Glass Top:** Wipe the tempered glass surface with a damp cloth and a mild glass cleaner. Avoid abrasive cleaners or harsh chemicals that could scratch or damage the glass.
- **Cleaning the Frame:** The powder-coated steel frame can be wiped clean with a damp cloth. Dry immediately to prevent water spots or corrosion.
- **Regular Inspection:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- **Protection:** Use coasters or placemats under beverages and hot items to protect the glass surface.

## Troubleshooting

Problem	Possible Cause	Solution
Desk is wobbly or unstable.	Uneven floor surface; loose connections.	Adjust the glides on the bottom of the legs until stable. Check and tighten all assembly screws.
Scratches on glass top.	Contact with sharp objects; abrasive cleaning.	Use protective mats for items. Avoid abrasive cleaners. Minor scratches may be polished with specialized glass scratch remover kits (consult a professional).
Frame finish appears dull.	Dust accumulation; residue from cleaning agents.	Wipe with a clean, dry microfiber cloth. For stubborn residue, use a slightly damp cloth and dry thoroughly.
