Newbealer NB310A-120V

Newbealer 2-in-1 Steamer and Dry Iron User Manual

Model: NB310A-120V

1. INTRODUCTION

Thank you for choosing the Newbealer 2-in-1 Steamer and Dry Iron. This versatile appliance is designed to provide efficient wrinkle removal and garment care, functioning as both a powerful steam iron and a dry iron. Its compact design and user-friendly features make it ideal for both home use and travel.

Please read this manual thoroughly before first use to ensure safe and optimal operation. Keep this manual for future reference.

Important Safety Information

- This appliance is designed for **110V-125V outlets only**. Using it with a different voltage may cause damage or safety hazards.
- The unit features an **automatic shut-off** after 30 minutes of continuous use for safety and energy efficiency.
- Always unplug the appliance when not in use, before filling or emptying the water tank, and before cleaning.
- Do not immerse the appliance in water or other liquids.
- Keep out of reach of children.

2. PRODUCT OVERVIEW

Key Features

- **2-in-1 Functionality:** Easily switch between steaming and dry ironing modes.

- **Fast Heat-up:** Ready to use in approximately 25 seconds.
- **360° Leak-Proof Technology:** Designed to prevent water spills and leaks, allowing for steaming in any direction.
- **Diamond Ceramic Soleplate:** Ensures smooth gliding and efficient heat distribution.
- **Compact and Portable:** Lightweight design (1.2 lbs) for easy handling and travel.
- **170ml Water Tank:** Provides sufficient capacity for multiple garments.

One-click Button

Long press to turn on/off, quick tap to switch between dry and steam for a simple and intuitive experience!

Transparent Water Level

170ml Water Tank

Easy to refill, works for 12 Minutes, enough to iron 5+ shirts with full water.

3. SETUP

1. **Fill the Water Tank:** Open the water tank cover located at the bottom of the unit. Fill the 170ml tank with distilled water. Close the cover securely.
2. **Plug In:** Insert the power plug into a standard 110V-125V electrical outlet.

360° Anti-Spill

The 360° no-spill design enables both vertical and horizontal usage without any concerns about water leakage.

4. OPERATING INSTRUCTIONS

1. **Power On:** Long press the power button to turn on the appliance. The light will flash red for approximately 25 seconds, indicating preheating.
2. **Select Mode:** Once the light turns solid red, preheating is complete, and the unit is in dry ironing mode. Short press the button to switch to steam mode; the light will turn solid green.
3. **Steaming:** For vertical steaming, hold the garment taut and move the steamer slowly downwards. For horizontal steaming, place the garment on a flat surface and glide the steamer over the fabric. The 360° leak-proof design allows for steaming at any angle without water leakage.
4. **Dry Ironing:** In dry ironing mode (solid red light), the soleplate maintains a temperature of 257°F. Use it like a traditional dry iron for crisp finishes.
5. **Power Off:** Long press the power button to turn off the appliance and unplug it from the outlet.

Beginner-Friendly

2-in-1 Dry & Steam Made Simple

Fabric Compatibility

This steamer is gentle on various fabrics, including:

- Silk
- Cotton
- Linen
- Chiffon
- Polyester
- Wool

Diamond Ceramic Panel

Fast heating up to 257°F,
more scratch-resistant
than stainless steel plates.

Gentle on Thin Fabrics

Effortlessly smooths light fabrics
such as silk, cotton, linen, and chiffon.

5. MAINTENANCE

- Always unplug the steamer and allow it to cool completely before cleaning.
- Empty any remaining water from the tank after each use to prevent mineral buildup.
- Wipe the exterior with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- Store the steamer in a cool, dry place, away from direct sunlight and moisture.

6. TROUBLESHOOTING

This section addresses common operational questions. For issues not listed here, please contact customer support.

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
No steam or weak steam output.	Water tank is empty or low. Unit not fully preheated. Mineral buildup.	Refill water tank. Wait for the light to turn solid green. Descale the unit if necessary (refer to general descaling instructions for small appliances).
Water leakage.	Water tank not properly sealed. Overfilling.	Ensure water tank cover is securely closed. Do not overfill the tank.
Unit does not turn on.	Not plugged in correctly. Power outlet issue.	Check power connection. Try a different outlet.
