Torkase SQPA6007-A

Torkase Smart Light Bulbs User Manual

Model: SQPA6007-A | Brand: Torkase

1. INTRODUCTION

Thank you for choosing Torkase Smart Light Bulbs. These A19 E26 2.4Ghz RGBCW WiFi & Bluetooth compatible bulbs offer advanced lighting solutions for your home. Enjoy features like voice control with Alexa and Google Home, remote app control, customizable timing, group control, and 16 million dimmable colors. This manual provides essential information for setup, operation, and maintenance to ensure optimal performance.

2. SETUP AND INSTALLATION

2.1 Before You Begin

- Ensure your Wi-Fi network is 2.4GHz. These bulbs do not support 5GHz Wi-Fi.
- Download the "Smart Life" app from your smartphone's app store (iOS or Android).
- Install the Torkase Smart Light Bulb into a standard E26 base light fixture.

2.2 Pairing the Bulbs (Bluetooth Mode)

The Torkase Smart Light Bulbs support Bluetooth pairing for an easier initial setup. Follow these steps:

1. Turn on the light bulb.
2. Open the "Smart Life" app on your smartphone. Ensure Bluetooth is enabled on your phone.
3. The app should automatically discover the new device. If not, tap "Add Device" and select "Auto Scan" or manually select "Lighting" > "Socket (Bluetooth)".
4. Follow the on-screen prompts to connect the bulb to your 2.4GHz Wi-Fi network by entering your Wi-Fi password.
5. Once connected, the bulb will be added to your device list in the app.

Your browser does not support the video tag.

Video: This video demonstrates the Bluetooth pairing process for the Torkase Smart Light Bulbs, showing how to add the device via the Smart Life app and connect it to your Wi-Fi network.

3. OPERATING INSTRUCTIONS

3.1 Voice Control

Control your Torkase Smart Light Bulbs hands-free using voice commands with Amazon Alexa or Google Assistant. No additional hub is required.

- **Turn On/Off:** "Alexa, turn on the living room light."
- **Adjust Brightness:** "Hey Google, dim the bedroom light to 50%."
- **Change Color/Temperature:** "Alexa, set the kitchen light to warm white." or "Hey Google, change the light to blue."

3.2 App Control (Smart Life App)

The "Smart Life" app provides comprehensive control over your bulbs from anywhere with an internet connection.

- **Remote Control:** Turn lights on/off, adjust brightness, and change colors even when you're away from home.
- **RGBCW Multi-Color & Dimmable Brightness:** Choose from 16 million colors and adjust brightness from 1% to 100%. The bulbs offer both cool white and warm white options.
- **Scene Modes:** Select pre-set scenes (e.g., Good Night, Reading, Working, Leisure) or create custom scenes to match your mood or activity.

16 Millions of Colors & Tunable White

16 millones de colores y blanco ajustable

Image: Demonstrates the 16 million colors and tunable white features, showing how to create a vibrant atmosphere using the app's color wheel.

3.3 Timing and Group Control

- **Timing Function:** Set schedules for your lights to turn on or off automatically. For example, schedule lights to turn on at sunset or off at sunrise.
- **Group Control:** Control multiple bulbs simultaneously by grouping them in the app. This is ideal for setting scenes across an entire room or home.
- **Memory Function:** The bulbs retain their last setting (color, brightness) when turned off and on again.

■ Timer & Customized Schedule Convenient Life

APAGADO 22:30 PM / ENCENDIDO 7:30 AM

Countdown: 30min/OFF
Cuenta regresiva: 30min/APAGADO

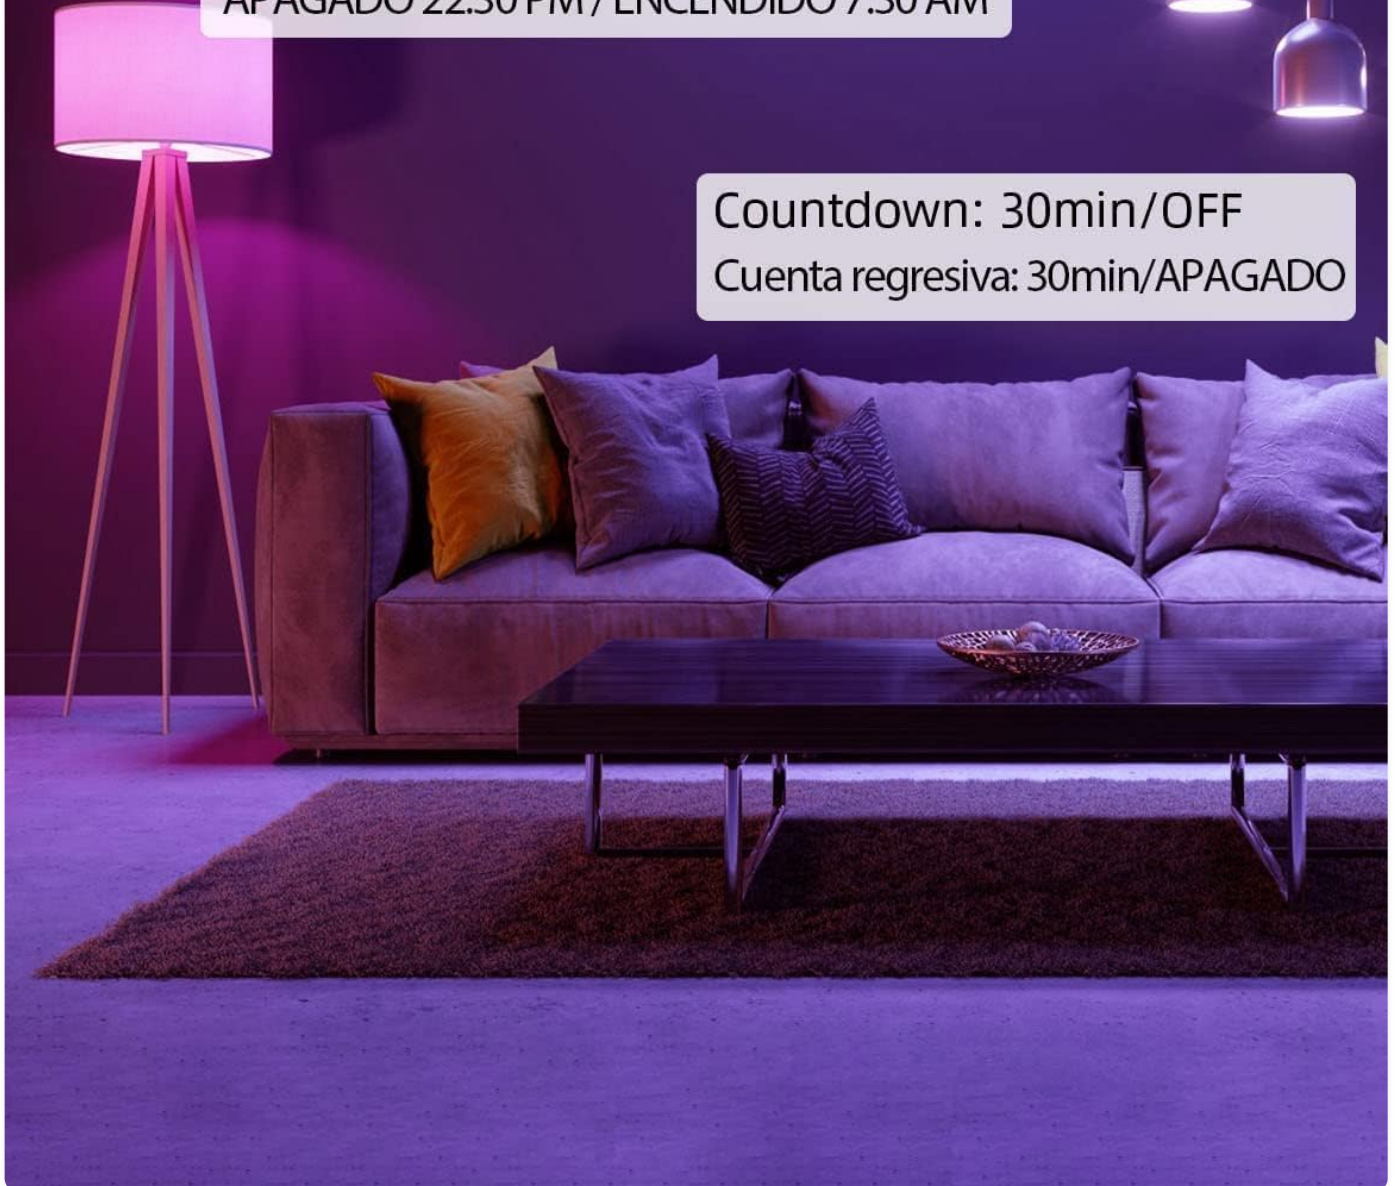

Image: Shows a living room setting with smart bulbs, detailing the timer schedule and memory function for automated lighting.

4. MAINTENANCE

To ensure the longevity and optimal performance of your Torkase Smart Light Bulbs, follow these simple maintenance guidelines:

- **Cleaning:** Before cleaning, ensure the bulb is turned off and cool. Wipe the bulb with a soft, dry cloth. Do not use liquid cleaners or abrasive materials.
- **Handling:** Handle the bulbs by their base, not the glass or plastic dome, to avoid damage.
- **Storage:** If storing bulbs for an extended period, keep them in their original packaging in a cool, dry place.
- **Environment:** Avoid installing bulbs in enclosed fixtures that may trap heat, as this can shorten their lifespan. Ensure proper ventilation.

5. TROUBLESHOOTING

If you encounter issues with your Torkase Smart Light Bulbs, please refer to the following common solutions:

Problem	Possible Cause & Solution
Bulb not connecting to Wi-Fi.	Ensure your Wi-Fi is 2.4GHz. 5GHz networks are not supported. Check Wi-Fi signal strength. Move the bulb closer to the router if necessary. Restart your router and the bulb. Confirm correct Wi-Fi password entry in the app.
Voice control not working.	Ensure your smart assistant (Alexa/Google Home) is properly linked to the "Smart Life" app. Check your internet connection. Verify the device name in the Smart Life app matches the name used in voice commands.
Bulb is unresponsive or offline in the app.	Check if the bulb is powered on. Verify your home Wi-Fi network is active and stable. Try power cycling the bulb (turn off for 10 seconds, then turn on). If issues persist, try re-pairing the bulb.

6. SPECIFICATIONS

Feature	Detail
Brand	Torkase
Model Name	SQPA6007-A
Light Type	LED
Special Feature	Color Changing
Wattage	7 Watts (equivalent to 60-80W incandescent)
