Hwagol G25

Hwagol Smartwatch G25 User Manual

Model: G25

INTRODUCTION

Thank you for choosing the Hwagol Smartwatch G25. This manual provides essential information for setting up, operating, and maintaining your device. Please read it carefully to ensure optimal performance and longevity of your smartwatch.

SETUP

1. Package Contents

- Hwagol Smartwatch G25
- Charging Cable
- User Manual

2. Initial Charging

Before first use, fully charge your smartwatch. Connect the charging cable to the charging contacts on the back of the watch and to a USB power source. The watch display will indicate charging status.

3. App Installation and Pairing

1. Scan the QR code in the manual or on the watch screen (if available) to download the companion app, or search for the app name (usually mentioned in the quick start guide) in your smartphone's app store.
2. Install the app on your smartphone (compatible with iOS 8.2+ and Android 5.1+).
3. Open the app and follow the on-screen instructions to create an account and pair your smartwatch via Bluetooth. Ensure Bluetooth is enabled on your phone.
4. Grant necessary permissions to the app for full functionality, including notifications and health data synchronization.

OPERATING INSTRUCTIONS

1. Basic Navigation

The Hwagol G25 features a 1.39-inch HD full-touch color display. Swipe left, right, up, or down to navigate through menus and functions. Tap to select items.

4. Health Monitoring

The Hwagol G25 is equipped with advanced sensors for 24/7 health monitoring:

- **Heart Rate Monitoring:** Real-time dynamic heart rate tracking.
- **Sleep Monitoring:** Automatically monitors and records sleep duration and stages.
- **Blood Oxygen Monitoring:** Measures blood oxygen levels.
- **Women's Health Tracking:** Features dedicated modes for tracking the female cycle with safety reminders.

All health data can be synchronized and analyzed through the companion app on your phone.

5. Customization and Additional Features

Personalize your smartwatch with over 100 watch faces available through the app, or create custom watch faces. Other functions include:

- Music Control
- Camera Remote Control
- Weather Forecasts
- Alarm Clock
- Flashlight
- Voice Assistant
- Calculator
- Sedentary Reminder
- Adjustable Brightness

MAINTENANCE

1. Water Resistance (IP67)

The Hwagol G25 smartwatch has an IP67 water resistance rating. This means it is resistant to daily water exposure such as rain, splashes, and hand washing. It is **not** suitable for swimming, showering, or diving. Avoid exposing the watch to hot water or steam.

2. Cleaning

Regularly clean your smartwatch and strap to prevent skin irritation and maintain functionality. Use a soft, damp cloth to wipe the screen and body. For the strap, follow the manufacturer's recommendations for the specific material. Ensure the watch is dry before charging.

3. Battery Care

- Avoid fully discharging the battery frequently.
- Charge the watch using the provided cable and a compatible USB power source.
- Do not expose the watch to extreme temperatures (hot or cold) as this can affect battery life and performance.

TROUBLESHOOTING

Issue	Possible Cause	Solution
Watch does not turn on	Battery is depleted	Charge the watch for at least 30 minutes.

Issue	Possible Cause	Solution
Cannot pair with phone	Bluetooth is off; App not running; Watch not in pairing mode	Ensure Bluetooth is on, restart the app, restart the watch, and try pairing again.
Notifications not received	App permissions not granted; Notifications disabled in app/phone settings	Check app permissions for notifications on your phone. Ensure notifications are enabled in the smartwatch app.
Inaccurate health data	Watch is loose; Sensor is dirty; Incorrect wearing position	Ensure the watch is worn snugly on your wrist. Clean the sensor on the back of the watch.
Short battery life	Frequent use of power-intensive features (e.g., calls, GPS); High screen brightness	Reduce screen brightness, limit continuous GPS use, and disable unnecessary features.
Charging issues	Charging cable/port dirty or damaged; Watch contacts dirty	Clean charging contacts on both the watch and cable. Try a different USB power source. Ensure the cable is securely connected.
