HOSTACK B0CFY344PS

HOSTACK Queen Size Velvet Upholstered Platform Bed Frame

Instruction Manual

Model: B0CFY344PS

Product Overview

The HOSTACK Queen Size Velvet Upholstered Platform Bed Frame combines classic design with modern functionality. It features a velvet upholstered finish, an adjustable headboard, and a robust structure designed for durability and comfort. This bed frame is engineered to provide reliable support for your mattress without the need for a box spring.

- **Classic & Modern Charm:** Fully upholstered and padded with high-quality velvet, featuring a graceful arched profile, bronze nailhead trim, diamond stitches, and tufted buttons.
- **Adjustable Headboard:** The headboard height can be adjusted to accommodate mattresses between 8 to 12 inches thick.
- **Built to Last:** Constructed from manufactured wood and soft velvet, supporting up to 900 lbs. Offers 7.08 inches of under-bed clearance for storage.
- **Noise-Free Structure:** Reinforced wood slats with a Velcro strip for quick installation and a mute bar to reduce friction and eliminate squeaks.
- **Smart Package & Easy Assembly:** All components, tools, and instructions are conveniently packed within the headboard for straightforward assembly.

Setup and Assembly

Your HOSTACK bed frame is designed for easy assembly. All necessary parts, tools, and the instruction manual are efficiently packed within the back compartment of the headboard. Please ensure all components are present before beginning assembly.

1. **Unpack:** Carefully open the package and remove all contents. Locate the instruction manual and hardware kit, typically stored in a zippered compartment on the back of the headboard.
2. **Identify Parts:** Refer to the parts list in the manual to identify each component. Lay them out on a clean, soft surface to prevent scratches.
3. **Assemble Frame:** Follow the step-by-step visual instructions provided in the manual to connect the side rails, footboard, and headboard. Ensure all bolts are securely tightened.

4. **Install Slats:** The reinforced wood slats feature a Velcro strip for quick and secure installation onto the frame. Ensure they are evenly spaced and firmly attached to provide optimal mattress support.
5. **Adjust Headboard:** Once the frame is assembled, adjust the headboard to your desired height, ensuring it is compatible with your mattress thickness (8-12 inches).

Operating Instructions

The HOSTACK bed frame is designed for straightforward use, providing a stable and comfortable foundation for your mattress.

- **Mattress Placement:** Place your mattress directly onto the reinforced wood slats. A box spring is not required for this platform bed frame.
- **Headboard Adjustment:** The headboard can be adjusted to heights between 43.3 and 45.3 inches. This allows for optimal positioning with mattresses ranging from 8 to 12 inches in height. Adjustments are typically made during assembly or by loosening and re-tightening specific bolts on the headboard supports.
- **Under-Bed Storage:** Utilize the 7.08-inch clearance space beneath the bed for storing items such as slippers, storage containers, or seasonal bedding.
- **Noise Reduction:** The integrated mute bar within the frame is designed to minimize friction and prevent common squeaks, ensuring a quiet sleeping environment.

Maintenance and Care

Proper care will help maintain the appearance and longevity of your HOSTACK bed frame.

- **Velvet Upholstery Care:** The high-quality velvet fabric is designed to be skin-friendly, smooth to the touch, and wear-resistant. For general cleaning, gently vacuum the upholstered areas using a soft brush attachment to remove dust and debris. For spills, blot immediately with a clean, dry cloth. Avoid harsh chemicals or abrasive cleaners.
- **Frame Cleaning:** Wipe down the non-upholstered parts of the frame with a damp cloth. Ensure all surfaces are dried thoroughly.
- **Under-Bed Cleaning:** The 7.08-inch clearance allows for easy cleaning underneath the bed. Regularly sweep or vacuum this area to prevent dust accumulation.
- **Hardware Check:** Periodically check all bolts and connections to ensure they remain tight. Re-tighten if necessary to maintain stability.

Troubleshooting

Problem	Possible Cause	Solution
Bed frame makes squeaking noises.	Loose connections or friction between metal parts.	Ensure all bolts are securely tightened. The frame includes a mute bar designed to reduce friction; verify it is correctly positioned.
Mattress slides on the frame.	Lack of a retaining lip on the frame or smooth mattress bottom.	Consider placing a non-slip mattress pad between the mattress and the slats. Ensure the mattress is centered on the frame.

Problem	Possible Cause	Solution
Headboard height is not optimal.	Headboard not adjusted correctly for mattress thickness.	Re-adjust the headboard height according to the instructions to match your mattress (8-12 inches recommended).
